It Was the Author's Wish To Educate His Countrymen in Their National Records if by Issuing a Cheap Edition the Present Publishers Carry Out to any Extent That Wish It Will Be to Them a Source of Satisfaction It Is Impossible To Conclude this Preface without an Expression of Regret at the Dark and Terrible Fate Which Overtook the High-Minded Patriotic and Distinguished Irishman Thomas Darcy Mcgee He Was a Man Who Loved His Country Well and When the Contemptible Squabbles and Paltry Dissensions of the Present Have Passed Away His Name Will Be a Hallowed Memory like that of Emmett or Fitzgerald To Inspire Men with High Ideals of Patriotism

For if a Prince Was Born Lame or a Hunchback or if He Lost a Limb by Accident He Was Declared Unfit To Govern Even after Secession any Serious Accident Entailed Deposition though We Find the Names of Several Prince's Who Managed To Evade or Escape the Singular Penalty It Will Be Observed besides of the Tannest that the Habit of Appointing Him Seems To Have Been Less a Law than a Cost that It Was Not Universal in All the Provinces That in some Tribes the Secession Alternated between a Double Line of Princes

It Will Be Observed besides of the Tannest that the Habit of Appointing Him Seems To Have Been Less a Law than a Cost that It Was Not Universal in All the Provinces That in some Tribes the Secession Alternated between a Double Line of Princes and that Sometimes When the Reigning Prince Obtained the Nomination of a Tannest To Please Himself the Choice Was Set Aside by the Public Voice of the Clansmen the Successor to the Are Dry or Monarch Instead of Being Simply Called Tannest Had the More Sounding Title of Roy Domina or King Successor the Chief Offices about the Kings in the First Ages Were all Filled by the Druids or Pagan Priests

The Successor to the Are Dry or Monarch Instead of Being Simply Called Tannest Had the More Sounding Title of Roy Domina or King Successor the Chief Offices about the Kings in the First Ages Were all Filled by the Druids or Pagan Priests the Bri Hans or Judges Were Usually Druids as Were Also the Bards the Historians of Their Patrons Then Came the Physicians the Chiefs Who Paid the Tribute or Received Annual Gifts from the Sovereigns or Princes the Royal Stewards and the Military Leaders or Champions Who Like the Knights of the Middle Ages Held Their Lands and Their Rank at Court by the Tenure of the Sword like the Feudal Dukes of France

The Royal Stewards and the Military Leaders or Champions Who Like the Knights of the Middle Ages Held Their Lands and Their Rank at Court by the Tenure of the Sword like the Feudal Dukes of France and Barons of England these Military Nobles Often Proved Too Powerful for Their Nominal Patrons and Made Them Experience All the Uncertainty of Reciprocal Dependence the Champions Play an Important Part in All the Early Legends Wherever There Is Trouble You Are Sure To Find Them Their Most Celebrated Divisions Were the Warriors of the Red Branch That Is To Say the Militia of Ulster Affion or Militia of Lynnster Sometimes the Royal Guard of Tara at Others in Exile and Disgrace the Clan Decayed of Munster

Their Most Celebrated Divisions Were the Warriors of the Red Branch That Is To Say the Militia of Ulster Affion or Militia of Lynnster Sometimes the Royal Guard of Tara at Others in Exile and Disgrace the Clan Decayed of Munster and the Fionna of CanNot the Last Force Was Largely Recruited from the Belgic Race Who Had Been Squeezed into that Western Province by Their Malaysian Conquerors Pretty Much as Cromwell Endeavoured To Force the Malaysian Irish into It Many Hundred Years Afterwards each of these Bands Had Its Special Heroes Its Godfrey's and Orlando's Celebrated in Song

And this Led to Constant Border Wars with Munster the Remainder of the South to the Mouth of the Shannon Muenster the Present County of Claire and all West of the Shannon North To Slow Go and Part of Kevin Going with CanNot the Chief Seats of Power in those Several Divisions Were Tara for Federal Purposes Amania near Our Mug for Ulster Llenan for Lynnster Cashel for Munster and Crucian Now Rath Croghan in Roscommon for Command How the Common People Lived within these External Divisions of Power It Is Not So Easy To Describe

There Were Also Particular Gods of Poets Champions Artificers and Mariners Just as among the Romans and Greeks Sacred Groves Were Dedicated to these Gods Priests and Priestesses Devoted Their Lives to Their Service the Arms of the Champion and the Person of the King Were Charmed by Them neither Peace nor War Was Made without Their Sanction Their Own Persons and Their Pupils Were Held as Sacred the High Place at the Kings Right Hand and the Best Fruits of the Earth and the Waters Were Theirs Old Age Revered Them Women Worshipped Them Warriors Paid Court to Them Youth Trembled before Them Princes and Chieftains Regarded

Though Possessing Central Legal Rights Were an Inferior Cast while of the Artisans the Smiths and Armorer's Only Seemed To Have Been of Much Consideration the Builders of those Mysterious Round Towers of Which a Hundred Ruins Yet Remain May Also Have Been a Privileged Order but the Mill and the Loom Were Servile Occupations Left Altogether to Slaves Taken in Battle or Purchased in the Marketplaces of Britain the Task of the Herdsmen like that of the Farm Labourer Seems To Have Devolved on the Bondsman while the Kern and the Shuttle Were Left Exclusively to the Hands of the Bonds Women

You Face all Trace of the Existing Belief in One God and Three Persons whether in Private or Public Worship in Contracts or in Courts of Law and Instead of these Reestablish All over the Country in

High Places and in every Place the Gloomy Groves of the Druids Making Gods of the Sun and Moon the Natural Elements and Man's Own Passions Restoring Human Sacrifices as a Sacred Duty and Practically Excluding from the Community of Their Fellows all Who Presume To Question the Divine Origin of Such a Religion the Preaching of Patrick Affected a Revolution to the Full As Complete as Such a Counter-Revolution in Favor of Paganism

He and His Companions Were Driven off the Coast of Wicklow by a Mob Who Assailed Them with Showers of Stones Running down the Coast to Antrim with Which He Was Personally Familiar He Made some Stay at Saw in Down Where He Made Few Converts and Celebrated Mass in a Barn Proceeding Northward He Found Himself Rejected with Scorn by His Old Master Milko of Schley Miche no Doubt It Appeared an Unpardonable Audacity in the Eyes of the Proud Pagan that His Former Slave Should Attempt To Teach Him How To Reform His Life

He Resolved To Proceed to Tara on that Occasion and To Confront the Druids in the Midst of All the Princes and Magnates of the Island with this View He Returned on His Former Course and Landed from His Frail Bark at the Mouth of the Boyne Taking Leave of the Boatman He Desired Them To Wait for Him a Certain Number of Days When if They Did Not Hear from Him They Might Conclude Him Dead and Provide for Their Own Safety So Saying He Set Out Accompanied by the Few Disciples He Had Made or Brought from Abroad To Traverse on Foot the Great Plain Which Stretches from the Mouth of the Boyne to Tara

So Saying He Set Out Accompanied by the Few Disciples He Had Made or Brought from Abroad To Traverse on Foot the Great Plain Which Stretches from the Mouth of the Boyne to Tara if those Sailors Were Christians as Is Most Likely We Can Conceive with What Anxiety They Must Have Awaited Tidings of an Attempt So Hazardous and So Eventful the Christian Proceeded on His Way and the First Night of His Journey Lodged with a Hospitable Chief Whose Family He Converted and Baptized Especially Marking Out a Fine Child Named Benin Called by Him Ben Ignis from His Sweet Disposition Who Was Destined To Be One of His Most Efficient Coadjutors and Finally His Successor in the Primacy of Our Ma

The Christian Proceeded on His Way and the First Night of His Journey Lodged with a Hospitable Chief Whose Family He Converted and Baptized Especially Marking Out a Fine Child Named Benin Called by Him Ben Ignis from His Sweet Disposition Who Was Destined To Be One of His Most Efficient Coadjutors and Finally His Successor in the Primacy of Our Ma It Was about the Second or Third Day When Travelling Probably by the Northern Road Poetically Called the Slope of the Chariots the Christian Adventurers Came in Sight of the Roofs of Terra Halting on a Neighboring Eminence They Surveyed the Citadel of Ancient Error like Soldiers about To Assault an Enemy's Stronghold the Aspect of the Royal Hill Must Have Been Highly Imposing

The Building towards the North Was the Banquet Hall Then Thronged with the Celebrants of the King's Birthday Measuring from North to South 360 Feet in Length by 40 Feet Wide South of this Hall Was the King's Wrath or Residence Enclosing an Area of 280 Yards in Diameter and Including Several Detached Buildings Such as the House of Cormac and the House of the Hostages South Would Still Stood the New Wrath of the Reigning King and Yet Farther South the Wrath of Queen Mab Probably Uninhabited Even Then the Intervals between the Buildings Were at some Points Planted for We Know that Magnificent Trees Shaded the Well of Fear

And Lit His Own Fire Where He Had Encamped in View of the Royal Residence a Flight of Fiery Arrows Shot into the Banqueting-Hall Would Not Have Excited More Horror and Tumult among the Company Their Assembled than Did the Sight of that Unlicensed Blaze in the Distance Orders Were Issued To Drag the Offender against the Laws and the Gods of the Island before Them and the Punishment in Store for Him Was Already Decreed in every Heart the Preacher Followed by His Trembling Disciples Ascended the Slope of the Chariots Surrounded by Menacing Minions of the Pagan Law and Regarded with Indignation by Astonished Spectators as He Came He Recited Latin Prayers to the Blessed Trinity Beseeching Their Protection and Direction in this Trying

Since the First Apostle of the Gentiles Had Confronted the Subtle Paganism of Athens on the Hill of Mars None of those Who Walked in His Steps Ever Stood Outed More Glorious Relief than Patrick Surrounded by Pagan Princes and a Pagan Priesthood on the Hill of Tara the Defense of the Fire He Had Kindled Unlicensed Soon Extended into Wider Issues Who Were the Gods against Whom He Had Offended Were They True Gods or False They Had Their Priests Could They Maintain the Divinity of Such Gods by Argument or by Miracle for His God He Though Unworthy Was Ready To Answer Yay Right Ready To Die His God Had Become a Man and Had Died for Man

The Missionaries Obtained Powerful Protectors and the King Assigned to Patrick the Pleasant Fault of Trim as a Present Residence from that Convenient Distance He Could Readily Return at any Moment To Converse with the Kings Guests and the Members of His Household the Druidical Superstition

Never Recovered the Blow It Received that Day at Tara the Conversion of the Arch Druid and the Princesses Walls of Itself Their Knell of Doom yet They Held Their Ground during the Remainder of this Rain 25 Years Longer Ad 458 the King Himself Never Became a Christian though He Tolerated the Missionaries and Deferred More and More every Year to the Christian Party He Sanctioned an Expedited Code of the Laws Prepared under the Direction of Patrick

They Tried Ridicule and Satire in this They Were for Sometimes Seconded by the Bards Men Warmly Attached to Their Goddess of Psalm and Their Lives of Self-Indulgence all in Vain the Day of the Idols Was Fast Verging into Everlasting Night in Aaron Patrick and His Disciples Were Advancing from Conquest to Conquest Amar and Cashel Came in the Wake of Terror and Kracken Was Soon To Follow Driven from the High Places the Obdurate Priests of Bel Took Refuge in the Depths of the Forests and in the Islands of the Sea Where in the Christian Anchorites of the Next Stage Were To Replace Them the Social Revolution Proceeded but all That Was Tolerable in the Old State of Things Patrick Carefully Engrafted with the New

Greetings

How can I become an artist

I completely lost my eyesight at the age of 14.

The biggest project I can give myself: building a house in Marvão, Portugal.

My process is that basically, if I feel like it, I'm doing it.

My temporary studio: An old mill.

I don't 'choose' colours.

Q: Do you find it difficult to explain the concept of 'abstraction'?

"Impulse is a request of the body to perform." - Cy Twombly

I don't have an artistic philosophy.

It's a matter of commitment.

Lovely Oscar =

The way to continue the work is purely 'Sheer will.'

Things that make my work special

Final question: Any questions for other fellow artists?

An Introduction to Book History

The Cultural History Reader is the first volume to collect together the distinctive contributions made by cultural historians across the spectrum of historiographical methods. It offers a unique view into the insights to be gained from examining how cultural factors have shaped people's experiences of the world and guided their actions. Featuring eleven thematic sections, covering everything from childhood to technology and war to popular culture, this book bridges disparate themes, periods, nationalities and religions to present detailed analyses of a variety of cultural responses and interpretations in diverse historical contexts. Peter McCaffery and Ben Marsden use their wealth of experience in teaching and researching cultural history to identify key topics and to provide the most telling extracts, illustrating how different social and cultural factors intersect and link together to give a richer picture of the past in all its surprising complexity. They also provide authoritative and clearly written introductions that contextualize each section and show the ways in which the themes have been handled by different

cultural historians. The book provides a detailed and accessible introduction to cultural history as a discipline, outlining how it has developed since the eighteenth century and where it differs from related disciplines such as sociology, anthropology and archaeology. The Cultural History Reader is a perfect resource for all students of cultural history and all those interested in how focusing on cultural factors has shaped our understanding of the past.

The Oral History Reader

The Rock History Reader is an eclectic compilation of readings that tells the history of rock as it has been received and explained as a social and musical practice throughout its six decade history. The readings range from the vivid autobiographical accounts of such rock icons as Ronnie Spector and David Lee Roth to the writings of noted rock critics like Lester Bangs and Chuck Klosterman. It also includes a variety of selections from media critics, musicologists, fanzine writers, legal experts, sociologists and prominent political figures. Many entries also deal specifically with distinctive styles such as Motown, punk, disco, grunge, rap and indie rock. Each entry includes headnotes, which place it in its historical context. This second edition includes new readings on the early years of rhythm & blues and rock 'n' roll, as well as entries on payola, mods, the rise of FM rock, progressive rock and the PMRC congressional hearings. In addition, there is a wealth of new material on the 2000s that explores such relatively recent developments as emo, mash ups, the explosion of internet culture and new media, and iconic figures like Radiohead and Lady Gaga. With numerous readings that delve into the often explosive issues surrounding censorship, copyright, race relations, feminism, youth subcultures, and the meaning of musical value, The Rock History Reader continues to appeal to scholars and students from a variety of disciplines.

The Cultural History Reader

In 1978 historian Joseph Wall wrote that Iowa was "still seeking to assert its own identity. . . . It has no real center where the elite of either power, wealth, or culture may congregate. Iowa, in short, is middle America." In this collection of well-written and accessible essays, originally published in 1996, seventeen of the Hawkeye State's most accomplished historians reflect upon the dramatic and not-so-dramatic shifts in the middle land's history in the nineteenth and twentieth centuries. Marvin Bergman has drawn upon his years of editing the Annals of Iowa to gather contributors who cross disciplines, model the craft of writing a historical essay, cover more than one significant topic, and above all interpret history rather than recite it. In his preface to this new printing, he calls attention to publications that begin to fill the gaps noted in the 1996 edition. Rather than survey the basic facts, the essayists engage readers in the actual making of Iowa's history by trying to understand the meaning of its past. By providing comprehensive accounts of topics in Iowa history that embrace the broader historiographical issues in American history, such as the nature of Progressivism and Populism, the debate over whether women's expanded roles in wartime carried over to postwar periods, and the place of quantification in history, the essayists contribute substantially to debates at the national level at the same time that they interpret Iowa's distinctive culture.

The Rock History Reader

The European Women's History Reader is a fascinating collection of seminal articles and extracts, exploring the social, economic, religious and political history of women across Europe since the late eighteenth century. This ambitious volume is arranged into four chronological sections all with their own introductions, which provide context for the chapters that follow. The collection also includes a useful general introduction, which makes the articles accessible to students and helps to define this increasingly important area of study.

House of Blackwood

The intellectual radicalism of the 1960s spawned a new set of questions about the role and nature of "the political" in social life, questions that have since revolutionized nearly every field of thought, from literary criticism through anthropology to the philosophy of science. Michel Foucault in particular made us aware that whatever our functionally defined "roles" in society, we are constantly negotiating questions of authority and the control of the definitions of reality. Such insights have led theorists to challenge concepts that have long formed the very underpinnings of their disciplines. By exploring some of the most debated of these concepts--"culture," "power," and "history"--this reader offers an enriching perspective on social theory in the contemporary moment. Organized around these three concepts, *Culture/ Power/History* brings together both classic and new essays that address Foucault's "new economy of power relations" in a number of different, contestatory directions. Representing innovative work from various disciplines and sites of study, from taxidermy to Madonna, the book seeks to affirm the creative possibilities available in a time marked by growing uncertainty about established disciplinary forms of knowledge and by the increasing fluidity of the boundaries between them. The book is introduced by a major synthetic essay by the editors, which calls attention to the most significant issues enlivening theoretical discourse today. The editors seek not only to encourage scholars to reflect anew on the course of social theory, but also to orient newcomers to this area of inquiry. The essays are contributed by Linda Alcoff ("Cultural Feminism versus Post-Structuralism"), Sally Alexander ("Women, Class, and Sexual Differences in the 1830s and 1840s"), Tony Bennett ("The Exhibitionary Complex"), Pierre Bourdieu ("Structures, Habitus, Power"), Nicholas B. Dirks ("Ritual and Resistance"), Geoff Eley ("Nations, Publics, and Political Cultures"), Michel Foucault (Two Lectures), Henry Louis Gates, Jr. ("Authority, [White] Power and the [Black] Critic"), Stephen Greenblatt ("The Circulation of Social Energy"), Ranajit Guha ("The Prose of Counter-Insurgency"), Stuart Hall ("Cultural Studies: Two Paradigms"), Susan Harding ("The Born-Again Telescandals"), Donna Haraway ("Teddy Bear Patriarchy"), Dick Hebdige ("After the Masses"), Susan McClary ("Living to Tell: Madonna's Resurrection of the Fleshly"), Sherry B. Ortner ("Theory in Anthropology since the Sixties"), Marshall Sahlins ("Cosmologies of Capitalism"), Elizabeth G. Traube ("Secrets of Success in Postmodern Society"), Raymond Williams (selections from *Marxism and Literature*), and Judith Williamson ("Family, Education, Photography").

The Oral History Reader

The Ottoman lands, which extended from modern Hungary to the Arabian peninsula, were home to a vast population with a rich variety of cultures. The Ottoman World is the first primary source reader to bring a wide and diverse set of voices across Ottoman society into the classroom. Written in many languages—not only Ottoman Turkish but also Arabic, Armenian, Greek, Hebrew, Italian, and Persian—these texts, here translated, span the extent of the early modern Ottoman empire, from the 1450s to 1700. Instructors are supplied with narratives conveying the lived experiences of individuals through texts that highlight human variety and accelerate a trend away from a state-centric approach to Ottoman history. In addition, samples from court registers, legends, biographical accounts, hagiographies, short stories, witty anecdotes, jokes, and lampoons provide exciting glimpses into popular mindsets in Ottoman society. By reflecting new directions in the scholarship with an innovative choice of texts, this collection provides a vital resource for teachers and students.

The Irish Women's History Reader

An exceptionally powerful novel exploring the themes of betrayal, guilt and memory against the background of the Holocaust. An international bestseller. For 15-year-old Michael Berg, a chance meeting with an older woman leads to far more than he ever imagined. The woman in question is Hanna, and before long they embark on a passionate, clandestine love affair which leaves Michael both euphoric and confused. For Hanna is not all she seems. Years later, as a law student observing a trial in Germany, Michael is shocked to realize that the person in the dock is Hanna. The woman he had loved is a criminal. Much about her behaviour during the trial does not make sense. But then suddenly, and terribly, it does - Hanna is not only obliged to answer for a horrible crime, she is also desperately concealing an even deeper secret. 'A tender, horrifying novel that shows blazingly well how the Holocaust should be dealt with in fiction. A thriller, a love story and a deeply moving examination of a German conscience' INDEPENDENT

The Reader

This new collection of essays surveys the history of dance in an innovative and wide-ranging fashion. Editors Dils and Albright address the current dearth of comprehensive teaching material in the dance history field through the creation of a multifaceted, non-linear, yet well-structured and comprehensive survey of select moments in the development of both American and World dance. This book is illustrated with over 50 photographs, and would make an ideal text for undergraduate classes in dance ethnography, criticism or appreciation, as well as dance history—particularly those with a cross-cultural, contemporary, or an American focus. The reader is organized into four thematic sections which allow for varied and individualized course use: Thinking about Dance History: Theories and Practices, World Dance Traditions, America Dancing, and Contemporary Dance: Global Contexts. The editors have structured the readings with the understanding that contemporary theory has thoroughly questioned the discursive construction of history and the resultant canonization of certain dances, texts and points of view. The historical readings are presented in a way that encourages thoughtful analysis and allows the opportunity for critical engagement with the text. Ebook Edition Note: Ebook edition note: Five essays have been redacted, including "The Belly Dance: Ancient Ritual to Cabaret Performance," by Shawna Helland; "Epitome of Korean Folk Dance", by Lee Kyong-Hee; "Juba and American Minstrelsy," by Marian Hannah Winter; "The Natural Body," by Ann Daly; and "Butoh: 'Twenty Years Ago We Were Crazy, Dirty, and Mad'," by Bonnie Sue Stein. Eleven of the 41 illustrations in the book have also been redacted.

In this influential work, socialist leader James Connolly examines the history of Ireland through a lens of class struggle. He argues that Irish workers must unite across religious and political divisions to overthrow their capitalist oppressors and gain true independence. Connolly's writing remains relevant today as Ireland continues to grapple with issues of inequality and social justice. Labour in Ireland

Excerpt from Labour in Irish History In other words, the Gaelic culture of the Irish chieftainry was mdely broken off in the seventeenth century, and the continental Schools of European despots implanted in its place in the minds of the Irish students, and sent them back to Ireland to preach a fanatical belief in royal and feudal prerogatives, as foreign to the genius of the Gael as was the English ruler to Irish soil. What a light this sheds upon Irish history of the seventeenth, eighteenth, and nineteenth centuries! And what a com mentary it is upon the real origin of that so-called Irish veneration for the aristocracy, of which the bourgeois Charlatans of Irish literature write so eloquently' That veneration is seen to be as much of an exotic, as much of an importation, as the aristocratic caste it venerated. LABOUR IN IRISH HIST

Excerpt from Labour in Ireland: Labour in Irish History; The Reconquest of Ireland James Connolly is Ireland's first Socialist martyr. To say so is not a rhetorical flourish. It is a simple historical fact that must be admitted even by those who dispute the wisdom of his actions and the excellence of his ideals. He died as a witness to his faith in the brotherhood of man as he wished to see it brought into being and shape in Ireland. Of all the leaders of the insurrection of Easter Monday, 1916, he was most in the tradition of Wolfe Tone and the United Irishmen. Wolfe Tone and the United Irishmen raised in Ireland the banner of the French Revolution. They were European as well as Nationalist in their ideas, and none the less Nationalist for being European. They believed in liberty, equality and fraternity, not as a piece, of inky or street-corner cant, but as the three golden essentials of the commonwealth. Labour in Ireland

This book is the first ever collection of scholarly essays on the history of the Irish working class. It provides a comprehensive introduction to the involvement of Irish workers in political life and movements between 1830 and 1945. Fourteen leading Irish and international historians and political scientists trace the politicization of Irish workers during a period of considerable social and political turmoil. The contributions include both surveys covering the entire period and case studies that provide new perspectives on crucial historical movements and moments. This volume is a milestone in Irish labour and political historiography and an important contribution to the international literature on politics and the working class.

Politics and the Irish Working Class, 1830–1945

This overview of Irish labour history serves both as an introduction for the general reader and as a synopsis for the specialist. Its basic concern is to outline the course of labour history, to illustrate the different phases of its chronology and to determine the forces behind its development. It also investigates some of the most persistent questions surrounding the history of labour in Ireland including why labour marginalized in disaffected 19th-century Ireland and why nationalism presented such a problem in the 20th century?

Labour in Ireland; Labour in Irish History; The Reconquest of Ireland; - Primary Source Edition

Essays in Irish Labour History is a tribute to the late Professor John W Boyle, University of Guelph, Canada and a leading practitioner of Irish labour history, and his late wife Elizabeth. Boyle's specialism was in nineteenth century labour history, with a particular emphasis on Dublin and Belfast, cities to which he had academic and personal attachments, and these interests are well reflected in this book. The history of labour in Ulster is especially well covered, as is that of Protestant workers throughout the island. The collection also includes substantial scholarly articles that reflect ongoing research and areas that have thus far been neglected, such as the place for casual labour in nineteenth century Ireland and the impact of religion on the Irish Labour Party, 1922-73. The range of topics is broad and includes an obituary essay on the Boyles and an interrogation of Irish historiography and the working class.

LABOUR IN IRELAND

This modern classic of Irish history is an accomplished and readable synthesis. Subjects covered include the early 'communism' of the Celtic clans ; the role of the Church; the Irish aristocracy and their handover to Henry II; Wolfe Tone's rising and O'Connell's betrayal.

Labour in Ireland; Labour in Irish History; the Reconquest of Ireland;

The first fifty years of the state saw Ireland change dramatically, and the Irish Labour Party changed with it. Using a wealth of new material, Niamh Puirseil traces the party's fortunes through its first fifty years in the Dail, from its perceived role as the 'political wing of the St Vincent de Paul' to its promise that the 1970s would be socialist. As well as examining the competing currents in the party itself, she also looks at Labour's relationship with different organisations and movements, including trade unions, republicans, the far left, the Catholic Church, Fianna Fail and Fine Gael, as well as with other Social Democratic parties in Britain and Northern Ireland. "The Irish Labour Party, 1922-1973" is an outstanding contribution to the political history of twentieth-century Ireland. Over the course of the book, Niamh Puirseil charts the ever-depressing fortunes of the Labour party. Her exhaustive research

provides a penetrating analysis of the myriad personalities and structures of the Labour Party, and shows a new picture of a party that seemed throughout the period to be hell bent on pressing the self-destruct button. This book offers a fresh and insightful look at a party riven by factions throughout its existence, and one that never reached its potential for a variety of reasons all outlined here. This book marks a major contribution to our understanding, not simply of the Labour Party, but of twentieth-century Ireland itself.

Labour in Ireland

Examines why Young Ireland attached such importance to the writing of history, how it went about writing that history, and what impact their historical writings had.

Labour in Ireland

This volume brings together some of the most distinguished historians from Ireland to offer their own interpretations of key issues and events in Irish history. This volume brings together distinguished historians of Ireland, each of whom tackles a key question, issue or event in Irish history since the eighteenth century and: * examines its historiography * assesses the context of new interpretations * considers the strengths and weaknesses of revisionist ideas * offers their own interpretation. Topics covered are not only of historical interest but, in the context of recent revisionist debates, of contemporary political significance. These original contributions take account of new evidence and perspectives, as well as up-to-date historical methodology. Their combination of synthesis and analysis represent a valuable guide to the present state of the writing of modern Irish history.

Labour in Ireland

This book provides a much-needed historiographical overview of modern Irish History, which is often written mainly from a socio-political perspective. This guide offers a comprehensive account of Irish History in its manifold aspects such as family, famine, labour, institutional, women, cultural, art, identity and migration histories.

A Labour History of Ireland, 1824-1960

REBEL CITY is a study of the great labour revolt in Ireland and of the development of Irish trade unionism and syndicalism. It focuses on the relationship between Larkin and the Dublin labour movement, and considers the influence of syndicalism and Marxism in the theory and activity of James Connolly. Newsinger studies the condition of the Irish Labour in the years running up to the start of World War One: social, economic and cultural conditions, the influence of the Church, gender relations and the campaign for women's suffrage, the ideology of the republican movement, and developing traditions of labour solidarity and militancy. He chronicles the organisation of the Irish Transport and General Workers Union, [ITGWU] and the impact of the IRISH WORKER newspaper. 1913 and 1914 were crucial years in Irish history: Newsinger considers the Dublin lockouts, [also studied by Yeates]. He puts these events in context looking at the relationship between the ITGWU and the Irish Volunteers, the impact of WW1, the formation of the Citizen Army, relations with the British Labour Movement, and Connolly's links with to the Irish Republican Brotherhood. He discusses Sean O'Casey's views of this period and offers new perspectives on the Lock-outs defeat of 1913-14, on the political trajectory of James Connolly, and on the role of the working class in the Easter uprising of 1916.

Essays in Irish Labour History

The Irish Citizen Army (ICA) was born from the Dublin Lockout of 1913, when industrialist William Martin Murphy 'locked out' workers who refused to resign from the Irish Transport and General Workers' Union, sparking one of the most dramatic industrial disputes in Irish history. Faced with threats of police brutality in response to the strike, James Connolly, James Larkin and Jack White established the ICA in the winter of 1913. By the end of March 1914, the ICA espoused republican ideology and that the ownership of Ireland was 'vested of right in the people of Ireland'. The ICA was in the process of being totally transformed, going on to provide significant support to the IRA during the 1916 Rising.

Despite Connolly's execution and the internment of many ICA members, the ICA reorganised in 1917, subsequently developing networks for arms importation and 'intelligence', and later providing operative support for the War of Independence in Dublin. The most extensive survey of the movement to date, The 'Labour Hercules' explores the ICA's evolution into a republican army and its legacy to the present day.
