The Curse of the Black Piper

Three sailors embark on a road trip from Santa Barbara to Ensenada, Mexico to take delivery of a sailboat. But before they can leave, Tom, who is the captain of the vessel, becomes involved in a traffic accident with the Price of Pop Jeremy Princeton. Concerned for Tom's well-being, Jeremy insists Tom accompany him to his Santa Ynez estate Tierra Bella to consult with his in-house physician. While visiting the estate, Jeremy's art consultant Peter Harrison shows him two paintings; a Renoir and a Rembrandt, which have been stolen from the Swedish National Museum and which were shipped to Jeremy anonymously in a shipment of musical instruments. Also in Jeremy's possession is a mystical sphere called the Black Piper which is a mysterious and supernatural relic that at first is a god-send, but later becomes a curse. Enter Stephanie Kensington, an Interpol agent and Lynne Northland, an FBI paranormal psychologist who are assigned the Swedish National Museum case. The duo team up with a Swedish cop and a CIA agent to solve the mystery. The clues lead the group on an amazing and harrowing journey from Beirut to Stockholm to Cadiz to Ensenada where they uncover along the way some ancient mystical writings called the Emerald Tablets of Troth, a Franciscan monk whose knowledge can save the world from Armageddon, a demon called Wegreog, and a malevolent smuggling scheme led by one of the most powerful persons in the U.S. government. The Curse of the Black Piper is a light hearted tongue-in-cheek fictional adventure about three rogue sailors on a lark whose mischievous inclinations lead them into a labyrinth of extreme danger and mystical intrigue amidst the backdrop of today's contemporary world scene. The Curse of the Black Piper is an action packed, thrilling adventure that you won't want to put down.

Piper Prince

Can you hear him? The beast is coming for you. Long ago, a curse fell upon the land--a curse of forgetting and wraiths, a curse that ensured no daughters were born to the pied pipers in over three centuries. The pipers were all that stood between the humanity and utter destruction, so they did the only thing they could: they stole the daughters of the nearby kingdom with their hypnotizing melodies. With the sons born from those unions, they continued to defend against the wraiths and fight the curse,

even though they were slowly losing. Larkin was one of those daughters. Stolen by Denan and married against her will, she found herself falling in love with the very man who had taken everything from her, the man who had made her a princess. Together, they discovered that she was the first woman in three centuries to possess the magic of the pipers, and therefore, the only person capable of breaking the ancient curse. But breaking the curse means unraveling the very past the curse is intent on keeping secret. The answer lies buried in the crypts of the Black Druids, men who consider Larkin a traitor they'll kill on sight. Embedded in the intrigues of their court, she unearths a dark conspiracy destined to hasten the destructive power of the curse--a conspiracy aimed at destroying her piper prince.

The Piper

Once the children laughed and played in the parks of Hamland, but that was before Mr Zanzibar came to town. Dark master of illusion, he charmed, dazzled and won their love. Then a child disappears, and then another, and it is up to the sheriff to discover Hamland's ancient secret.

Last Call

Three Santa Barbara sailors depart for Ensenada Mexico to take delivery of a forty-four foot sailboat named the Swan. But before they leave on their journey, one of them named Tom slips in the crosswalk of an intersection in front of the courthouse and is temporarily knocked out. When he comes to, a man with a black hat and a soft voice is leaning over him. It is none other than the Prince of Pop himself, Jeremy Princeton, who almost hit him while riding in his limousine. Concerned that Tom may be injured, Jeremy takes Tom to his estate Tierra Bella in Santa Ynez to see his physician. There, Tom is shown two masterpieces, a Renoir and a Rembrandt, which had been stolen from the Swedish National Museum and then mysteriously shipped to Jeremy in a box of musical instruments. Along with the stolen masterpieces, Jeremy also has in his possession a mystical sphere called the Black Piper which grants the owner great wealth and power at first but eventually becomes a curse.

The Pied Piper of Hamelin

When the actor Ted Danson appeared in blackface at a 1993 Friars Club roast, he ignited a firestorm of protest that landed him on the front pages of the newspapers, rebuked by everyone from talk show host Montel Williams to New York City's then mayor, David Dinkins. Danson's use of blackface was shocking, but was the furious pitch of the response a triumphant indication of how far society has progressed since the days when blackface performers were the toast of vaudeville, or was it also an uncomfortable reminder of how deep the chasm still is separating black and white America? In *Racechanges: White Skin, Black Face in American Culture*, Susan Gubar, who fundamentally changed the way we think about women's literature as co-author of the acclaimed *The Madwoman in the Attic*, turns her attention to the incendiary issue of race. Through a far-reaching exploration of the long overlooked legacy of minstrelsy--cross-racial impersonations or "racechanges"--throughout modern American film, fiction, poetry, painting, photography, and journalism, she documents the indebtedness of "mainstream" artists to African-American culture, and explores the deeply conflicted psychology of white guilt. The fascinating "racechanges" Gubar discusses include whites posing as blacks and blacks "passing" for white; blackface on white actors in *The Jazz Singer*, *Birth of a Nation*, and other movies, as well as on the faces of black stage entertainers; African-American deployment of racechange imagery during the Harlem Renaissance, including the poetry of Anne Spencer, the black-and-white prints of Richard Bruce Nugent, and the early work of Zora Neale Hurston; white poets and novelists from Vachel Lindsay and Gertrude Stein to John Berryman and William Faulkner writing as if they were black; white artists and writers fascinated by hypersexualized stereotypes of black men; and nightmares and visions

of the racechanged baby. Gubar shows that unlike African-Americans, who often are forced to adopt white masks to gain their rights, white people have chosen racial masquerades, which range from mockery and mimicry to an evolving emphasis on inter-racial mutuality and mutability. Drawing on a stunning array of illustrations, including paintings, film stills, computer graphics, and even magazine morphings, *Racechanges* sheds new light on the persistent pervasiveness of racism and exciting aesthetic possibilities for lessening the distance between blacks and whites.

Of Ash and Spirit

The first book in a Curse Keepers spinoff series by New York Times bestselling author Denise Grover Swank writing as D.G. Swank. Piper Lancaster might be Asheville's most popular ghost whisperer, but she's an unbeliever. While her clients believe she's exorcising their ghosts, Piper knows she's really helping them settle their inner demons-because any sane person knows ghosts aren't real. After the astonishing reappearance of the ruins of the Lost Colony of Roanoke, belief in the supernatural is at an all-time high, and people are seeing ghosts in every shadow. Business is better than ever. But there's one problem-the reemergence of the Lost Colony has awakened both the supernatural world and Piper's very real talent as a medium. She's soon confronted with evidence she can't deny. Ghosts exist, and worse, so do demons. As if that weren't enough, Asheville has a new resident demon that's intent on killing her, and a sinfully handsome stranger who says she's the only one who can destroy it. Barely able to accept the complete reversal in her convictions, Piper must discover-and embrace-her true identity before it's too late.
