Egg 1: (Fire and Blood).What could be a more appropriate sigil for the Dragonborn than the Targaryen symbol located on his chest.

Egg 2: (Old Suit).The "old" suit of steel plate armor from the very first and original Skyrim Parody walks by the screen.

Egg 3: (Translation).(Might have to HD) There's an inscription on the Dragonborn's Steel Helm. It would seem DB has very little respect for Skyrim authority.

Egg 4: (What Goes Up).Must come down. Notice a random character falling from the sky after suffering a giant's wrath.

Egg 5: (Odd Combination).In the first scene the infamous Pac-Man has interjected himself as one of the combination door inscriptions.

Egg 6: (Snake In The Grass).Literally, there is a snake in the grass. Look closely and quickly over the Dragonborn's right shoulder to catch the snake slithering from one bush to another.

Egg 7: (Out of Gas).The alchemy table in the background stops smoking temporarily.

Egg 8: (On Your Six).You can spot the Dragonborn lurking behind the wealthy elf for the duration of this scene. Can you spot each item DB pickpockets off of the Elf?

Egg 9: (Bad Bat).Right as the bad Bandit Captain crouches down to hide he reveals the crest on his chest that boasts the Batman symbol.

Egg 10: (Fountain of Water).Don't blink or you'll miss the water fountain (among other things))on the dungeon map, conveniently placed so that the Dragonborn will not become parched.

Egg 11: (Stabbed in the Back_ground).Peep the Dagger of Humiliation from episode 2 stabbed into the table in the background.

Egg 12: (Nice Rack).The weapon rack behind the Dragonborn holds some of the most prized weapons from the Game of Thrones parody series.

Egg 13: (Sonic Boom).Pause the video as the far end of the Elder Scroll is revealed to see the Sonic The Hedgehog's head adorning the side of the Scroll. (HD recommended)

Egg 14: (X Marks the Man).Wouldn't it be interesting if the Dragonborn was an X-man? IDK maybe not, but I put the X-man symbol on his arm band nonetheless.

Egg 15: (A Bad Sign).The Black Door at Dawnstar Sanctuary seems to get a little irate with the dragon born and flips him off.

Egg 16: (Big Boned).The bones of the slain giant from the previous episode can be seen decorating the landscape in the background.

Egg 17: (Love Rocks).Notice the hand on the assassin's stomach change to a different gesture?! It's not the "rock", it's actually sign language for "I Love You".

Egg 18: (Dawnguard Sanctuary).Spotting a Dark Brotherhood Assassin is never a good thing, or maybe they're just keeping tabs on their newest initiate. The head of an assassin can be spotted peering over the wood post fence in the background.

Egg 19: (Let There Be Light).The candles behind the Dragonborn spontaneously combust into flame after the Dragonborn transforms into his true form.

Egg 20: (Bird Watching).Catch the elusive Solstheim Sea Gull as he rests on a post near the harbor in the background.

Egg 21: (Spiderzilla).Eyes on the nearest mountain range to catch a freakishly large spider come out of the forest for a little sunbathing just before vanishing behind the dragon's wing.

Egg 22: (There Goes my Ride).Spot the dragon flying in the distance near the mountain peaks.

DIVA darkly hilarious, wildly erotic satire of Hollywood/divDIV /divDIVKing B., the world's most admired filmmaker—winner of a string of Oscars and awards from Cannes to Venice—takes on a new project: the most expensive, star-studded, high-quality, X-rated film ever made. He joins forces with producer Sid Krassman, who's made a fortune with B movies, and Angela Sterling, a misunderstood sex symbol who longs to do "serious" work. After convincing the principality of Liechtenstein to host the production in exchange for a distribution exclusive to boost tourism, King B. and Krassman arrive with cast and crew to make The Faces of Love. While keeping the nature of the film secret from American bankers, King B. lines up a host of European and American big-name stars. But word leaks out to the local religious groups and possibly even the Vatican. Between the Cardinal's attempts to sabotage production and the big egos and even bigger libidos behind the scenes, the enterprise plummets into hilarious anarchy./divDIV /divDIVBlue Movie is comic eroticism at its best—populated by over-the-top characters, memorable dialogue, and perverse vignettes, and colored by razor-sharp insights into the film industry./divDIV /divDIVThis ebook features an illustrated biography of Terry Southern including rare photos and never-before-seen documents from the author's estate./div

Blue Movie

The films that society has termed pornographic have been with us for over a century now. Yet beyond a handful of scholarly tracts and a few glancing references in certain Hollywood histories, there is no modern history of the subject available. Featuring exclusive interviews, descriptions of over 300 films and written in a conversational style, Black and White and Blue fills that void.

Black and White and Blue

So, armed with a borrowed Betacam, she embarks on a freelance career of making movies herself. Unfortunately her first attempt - within the hallowed walls of the XXX Velvet Venus Theatre - was unexpectedly interesting. A bomb takes out half the cinema and a number of patrons. And thus begins her journey into the heart of the city of neon nightmares...

Death of a Blue Movie Star

"In 1999, Boris Yeltsin passed a resolution to resurrect the biggest cartoon studio in Eastern Europe, Soiuzmul'tfil'm. From the mid-1930s until its forced demise in the mid-1990s, the studio had produced more than 1,500 films. Yeltsin felt it important that Soiuzmul'tfil'm be restored to its former glory, and even proposed keeping its original name, a nationally famous acronym made from the three Russian words for "union" (soiuz), "animation" (mul'tiplikatsiia) and "film" (fil'm). But the union referred to had vanished in 1991. Was reviving the studio a nostalgic paean to communism?" "David MacFadyen reveals that Soiuzmul'tfil'm, upon reopening, continued doing what it had since its inception in 1936, when it was the only Russian studio able to take cartoons from sketchbook to the silver screen. In a historical and theoretical reassessment of animated cinema in Russia since World War Two, *Yellow Crocodiles and Blue Oranges* examines a large number of Soviet cartoons to decipher what about them allowed them to survive under communism and continue to survive with equal success under capitalism."--BOOK JACKET.

Yellow Crocodiles and Blue Oranges

This book traces the development of modern Scandinavian erotic cinema as it evolved in Denmark and Sweden, from the gentle Swedish naturalist films, starting with *One Summer of Happiness* in the 50s, to the controversial groundbreakers like *I Am Curious (Yellow)* of the 60s and on through to the dawn of "Liberated Denmark," where, in the early 70s, the abolition of censorship was celebrated in films like *24 Hours with Ilse* and the production of a number of other films that were blatantly pornographic. Also considered is the influence of these films on other countries, particularly the United States, where Scandinavian erotic cinema helped to set in motion the sexual revolution and contributed to the end of film censorship.

Seminar paper from the year 2015 in the subject Communications - Movies and Television, grade: 1,0, Concordia University Montreal, language: English, abstract: At the outset of this paper, I will examine the development of the film's aesthetic form, its place in the director's oeuvre and the cultural and historical context of its release. Thereafter, I will take a closer look at the static cinema and re-evaluate the essential qualities of film. Elaborating on the theoretical considerations of Michel Chion (1994; 1999; 2003), I aim to gain a better understanding of the importance of sound in "Blue". In the subsequent chapter, I will explore the concept of invisibility and the film's political significance with regard to the AIDS epidemic and its effects on the LGBT community. Taking into account Vivian Sobchacks's (2011) phenomenological reading of the film, I will finally analyse the audio-visual experience of "Blue" and the peculiar relation between its images, its sounds and its spectator.

For much of the 20th century, the underground pornography industry - made up of amateurs and hobbyists who created hardcore, explicit "stag films" - went about its business hounded by reformers and law enforcement, from local police departments all the way up to the FBI. Rumors of this illicit activity circulated and became the stuff of urban myth, but this period of pornography history remains

murky. *Let's Go Stag!* reveals the secrets of this underground world. Using the archives of civic groups, law enforcement, bygone government studies and similarly neglected evidence, archivist Dan Erdman reconstructs the means by which stag films were produced, distributed and exhibited, as well as demonstrate the way in which these practices changed with the times, eventually paving the way for the pornographic explosion of the 1970s and beyond. *Let's Go Stag!* is sure to point the way for countless future researchers and remain the standard work of history for this era of adult film for a long time to come.

Sight and Sound in Derek Jarman's film *Blue*

From parents and teachers to politicians and policymakers, there is a din of voices participating in the debate over how young people are affected by violence, strong language, and explicit sexual activity in films. The Motion Picture Association of America (MPAA) responded to this concern in 1968 when it introduced a classification and rating system based on the now well-known labels: "G", "PG", "PG-13", "R", and "X". For some, these simple tags are an efficient way to protect children from viewing undesirable content. But do the MPAA ratings actually protect children? In *The Naked Truth*, Kevin S. Sandler argues that the rating system does not protect children but instead protects the Hollywood film industry. One prime indicator of this is the collective abandonment of the NC-17 rating in 1990 by the major distributors of the MPAA and the main exhibitors of the National Association of Theatre Owners. By categorizing all films released by Hollywood and destined for mainstream theaters into R ratings (or lower), the industry ensures that its products are perceived as "responsible entertainment" to all audiences and "incontestable" to politicians and moral reformers. By embracing a no-NC-17 rule, the industry collapses mature subject matter with pornography, creating a national cinema where certain representations of sex and nudity are taboo.

Let's Go Stag!

I Dismember Mama ... Snuff ... Night of a Thousand Cats ... these and many more like-titled examples of cinematic dementia delighted dozens in the grindhouse movie theaters of the sixties, seventies, and eighties. Now, for the second time ever, *For One Week Only* reveals the incredible truth behind the most manic movies ever made. Filled with interviews and rare illustrations, it captures the joys of a genre that has to be seen not to be believed. To avoid fainting, keep repeating: it's only a book ...!

The Naked Truth

Described by the BBC as 'one of the most significant American films ever made', *"Soldier Blue"* became explosively linked to real events of the Vietnam War as a result of the uncanny similarities between the U.S. Cavalry's extermination of Native Americans depicted at the film's finale and the American massacre of Vietnamese civilians at My Lai in 1968, just two years before the film was released. Drawing on primary sources and interviews with individuals associated with the production, this work solves the longstanding mystery of whether *"Soldier Blue"*

Swedish cinema became recognized for daring representations of sexuality with such films as *One Summer of Happiness* (1951), *The Silence* (1963), *I Am Curious (Yellow)* (1967) and a wave of sex films in the late 1960s and 1970s. The association between Swedish film and sexuality shows up frequently in popular culture. From *Taxi Driver* (1976) to *Mad Men* (2007-2015), dirty Swedish movie references abound. Yet the connection has attracted little critical attention. In this collection of new essays, Swedish and American scholars go beyond popular misconceptions to explore the origins, influences and reception of sexuality in Swedish cinema during the "sexual revolution" on both sides of the Atlantic. A broad range of topics are covered, from analyses of key films, to a behind-the-scenes study of the Swedish Film Institute, which played a significant role in opposing Swedish film censorship.

For One Week Only

Henry Fonda, Humphrey Bogart, Robert Montgomery, and Ernest Borgnine are among many stars who have portrayed naval personnel on film - but do their fans know that Fonda won a Bronze Star for his actions during Pacific naval encounters, that Bogart dropped a fleeing prisoner with his .45, that Montgomery was awarded a Bronze Star for his courageous performance of duty during the Normandy invasion, or that Borgnine hunted U-boats off America's East Coast? A virtual who's who,

this entertaining and historically accurate work brings to life these and dozens of other stars' naval and coast guard service backgrounds and film careers. It is drawn from interviews with the actors, diaries, letters, and official military and film industry archives.

The Most Savage Film

The Saw films, often derided by critics as "torture porn" and an excuse to show blood and gore, are the highest-grossing horror series in cinema history. In view of their hold on audiences and their controversial content, they deserve study. This first collection of fresh essays by academic authors from Europe, America and Australia addresses the cultural, religious and philosophical facets of the films, investigating how the franchise reflects a post-9/11 shift in U.S. popular culture towards increasing pessimism and how it may be read as a metaphor for the "war on terror"; dissecting how the series explores such issues as freewill and determinism; assessing the films' representations of the body; and applying a Deleuzian perspective to the franchise.

Swedish Cinema and the Sexual Revolution

National Society of Film Critics dares to go where few mainstream critics have gone before-to the heart of what gets the colored lights going, as they say in *A Streetcar Named Desire*. Here is their take on the films that quicken their (and our) pulses-an enterprise both risky and risqué, an entertaining overview of the most arousing films Hollywood has every produced. But make no mistake about it: This isn't a collection of esoteric "critic's choice" movies. The films reflect individual taste, rubbing against the grain of popular wisdom. And, because of the personal nature of the erotic forces at play, these essays will reveal more about the individual critics than perhaps they have revealed thus far to their readers. The Society is a world-renowned, marquee-name organization embracing some of America's most distinguished critics, more than forty writers who have followings nationally as well as devoted local constituencies in such major cities as New York, Chicago, Los Angeles, Boston, Philadelphia, Atlanta, and Minneapolis. Yes, *The X List* will have something for every lover of film-and for every lover.

Stars in Blue

A social and cultural history of exploitation films, which were produced on the fringes of Hollywood and often dealt with subjects forbidden by the Production Code.

The blue movie murders

Did you enjoy the movie called the Bodyguard? Are you a fan of Whitney Houston? If your answer is yes to one or both of those questions then you will enjoy the *Lady Blue's Story*. The *Lady Blue's Story* is similar to the movie *Bodyguard* but it's not a copycat of the movie. This book has some components of the bodyguard. For an example, in the movie the *Bodyguard* Kevin Costner (a Caucasian Secret Service Agent) is hired to protect Whitney Houston (a music star) from an unknown stalker. The movie also have great songs in it like I have Nothing, I Will Always Love you and many other songs from Whitney Houston. The *Lady Blue's story* a novel that is very touching, filled with love, action, drama, gangsters, and violence. In the story, the main characters are the famous African American celebrity/singer Lyric (stage named the Lady Blue aka Jazzy) and the bodyguard Demetrius (the handsome Caucasian detective). Lyric is a highly successful, famous, celebrity pop & R & B singer with the voice of an angel who sings at a lounge club every night. Lyric's mother is very concerned about her and hires an detective (Demetrius) to find her daughter Lyric and bring her back home safely. Only one problem! Lyric isn't interested in going with him. After convincing her to come with him, she discovers that Demetrius has a dark past and is running from the most powerful gangsters in the city of Detroit. What is the dark past that Demetrius has? Why are those gangsters chasing him? Will Demetrius bring the Lady Blue a.k.a Lyric home safe and sound or will Ryno get a hold of her? Purchase and read the book to find out.

Hardcore porn - both the straight and gay varieties - entered mainstream American culture in the 1970s as the sexual revolution swept away many of the cultural inhibitions and legal restraints on explicit sexual expression. The first porn movie ever to be reviewed by *Variety*, the entertainment industry's leading trade journal, was Wakefield Poole's *Boys in the Sand* (1971), a sexually-explicit gay movie shot on Fire Island with a budget of \$4000. Moviegoers, celebrities and critics - both gay and straight - flocked to

see *Boys in the Sand* when it opened in mainstream movie theaters in New York, Los Angeles and San Francisco. Within a year, *Deep Throat*, a heterosexual hardcore feature opened to rave reviews and a huge box office - exceeding that of many mainstream Hollywood features. Almost all of those involved in making "commercial" gay pornographic movies began as amateurs in a field that had virtually never existed before, either as art or commerce. Many of their "underground" predecessors had repeatedly suffered arrest and other forms of legal harassment. There was no developed gay market and any films made commercially were shown in adult x-rated theaters. After the Stonewall riots and the emergence of the gay liberation movement in 1969, a number of entrepreneurs began to make gay adult movies for the new mail order market. The gay porn film industry grew dramatically during the next thirty years and transformed the way men - gay men in particular - conceived of masculinity and their sexuality. *Bigger Than Life* tells that story.

To See the Saw Movies

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Bold! Daring! Shocking! True!

Exiled on a deserted island, a Christ-haunted journalist-turned-filmmaker attempts to persuade a married woman from his past to help him produce a skin care-themed pastiche to the 1960s French New Wave classic, "Last Year at Marienbad." Through this act of artistic creation, he expects to carry out the will of God by prophesizing the death of time and the birth of a new religion. If only he can make the woman remember him... "Marienbad My Love With Mango Extracts" is a 285,000-word reboot of "Marienbad My Love," the world's longest novel at 17 million words.

The Lady Blue's Story

In London in the 1960s, pornography was a man's world. It was viewed by men, written by men, directed by men and filmed by men. If they hadn't needed actresses to play a part on camera, it would probably have been made by men as well. And then a woman came along, and changed that world completely. This is her story. The mid-1960s were the golden age of truly underground erotic film making, the last grand flowering of the trade before the progressive liberalization of the arts, the advent of new forms of technology (beginning with the VHS tape), and the mercurial success of the movie *Deep Throat* transformed a once deeply secretive and self-involved industry into... indeed, a mainstream industry. *Tonight at 8* returns us to those halcyon days; to a gray and overcast landscape of dirty raincoats and secretive doormen, of darkened club rooms and menacing mobsters; and a square mile of seedy businessmen for whom sex films were made for fun as much as finance - at least by the people on either side of the camera. It is the semi-fictional, but wholly truthful autobiography of one of the era's most prolific film-makers - a XXX novella that could double as a confessional text book, but which pulls no punches in either direction.

Bigger Than Life

NAYOLA, the digital art book of the movie, shares with the reader a nine-year journey through the creative process of developing and producing this animated feature movie. The digital book is organized into twelve chapters that initially refer the reader to the process of adapting the script, based on two literary works written by two renowned African writers. First, a short story, written by José Eduardo Agualusa, an Angolan writer, then a play, written by José Eduardo Agualusa and Mia Couto, a

Mozambican writer. By accessing the links in the digital book, the reader can read the short story, then the play and finally the script. Understand and enjoy the way in which two plots emerged in the script, one based on the play, and the other on an original journey – exterior and interior – of the main character throughout the movie. Few books on cinematographic creative processes give the reader so many possibilities. Being a movie set in Angola, a country in southern Africa, taking place in the final phase of the rather unknown Angolan Civil War, and in the first years of peace that followed the book shares with the reader information about these two consecutive wars that lasted 40 years. Ancestral Angola, its colonial period and the present. The way in which the history, culture, peoples, languages, and ecosystems of this beautiful country were incorporated into the movie, in a visual and sound narrative, poetic and dazzling. Afterwards, the digital book reveals to the reader how a fiction with strong roots in Angolan reality was created. It describes the importance of the repérages carried out, the long development phase associated with detailed investigations into all aspects of the movie. From African masks to geomorphology, flora and fauna, to the customs and rituals of the indigenous peoples of the desert, from popular music to the hip-hop movement, the matriarchal structure of Angolan society to the intervention of women in the Civil War. Professional and amateur Angolan actors, poets and musicians, recorded the voices of all characters in Luanda. The reader can see interviews with the three voice actors that created the voices of the three protagonists of the movie through links available in the digital book. Six excellent Angolan musicians composed and performed the songs that make up the movie soundtrack. The script incorporates memories, poems and songs by the Angolan voice actors. The reader will be able to see and hear them through links available in the digital book. The digital book is profusely illustrated and, many hyperlinks, allow the reader to consult from the first graphic studies of the characters and backgrounds, to their final version, colour tests, animation tests, the storyboard and the animatic. The reasons that led to the choice of the animation techniques used in the movie are shared with the reader: the plot in the Past in 2D and in archival footage, the plot in the Present in 3D, oneiric sequences in animated painting. Finally, the producer and co-producers tell the reader about the work processes of this international co-production that involved five countries, Portugal, Belgium, France, the Netherlands and Angola, and more than 100 collaborators. We believe that the digital book will be very interesting for film students and professionals, especially animation cinema, animation movie fans and spectators in general. These stories, people and places that inspired us; we hope they inspire you too. The Negro Motorist Green Book

In 2010 the world was subjected to a new and brave entry into the world of foreign cinema. A film that caused panic and outrage across the globe, and has resulted in multiple bans of the film, as well as a few arrests. Since then 'A Serbian Film' has earned itself a cult status, and mentions of its name still induce fear into the hearts of movie goers around the world! 'SADIST CINEMA' is a short book series from VIDEOGEDDON that takes a look at and explores some of the most controversial movies to have ever been made.

Tonight At 8

What happens when you become obsessed with movies at a very early age? Mark Kermode has written a hilarious book about a life lived in film that will appeal to anyone who's ever wondered 'Who would play me in the film of my life?'

The Digital Art Book of the Movie Nayola

During the first fifty years of the American cinema, the act of going to the movies was a risky process, fraught with a number of possible physical and moral dangers. Film fires were rampant, claiming

many lives, as were movie theatre robberies, which became particularly common during the Great Depression. Labor disputes provoked a large number of movie theatre bombings, while low-level criminals like murderers, molesters, and prostitutes plied their trades in the darkened auditoriums. That was all in addition to the spread of disease, both real (as in the case of influenza) and imagined ("movie eyestrain"). Audiences also confronted an array of perceived moral dangers. Blue Laws prohibited Sunday film screenings, though theatres ignored them in many areas, sometimes resulting in the arrests of entire audiences. Movie theatre lotteries became another problem, condemned by politicians and clergymen throughout America for being immoral gambling. *The Perils of Moviegoing in America: 1896-1950* provides the first history of the many threats that faced film audiences, threats which claimed hundreds, if not thousands, of lives.

Sadist Cinema

Tracing the rise of extreme art cinema across films from Lars von Trier's *The Idiots* to Michael Haneke's *Caché*, Asbjørn Grønstad revives the debate about the role of negation and aesthetics, and reframes the concept of spectatorship in ethical terms.

Charles Drazin on Blue Velvet

The perfect reference book for everyday use, it provides definitions written in clear, jargon-free language readily accessible to every level of reader.

I Am Curious (blue)

Discusses the actors, themes, characters, plot, and images in the controversial film by director David Lynch

X-rated

A killing shocks the erotic film underworld in a mystery featuring Mike McCall, the political troubleshooter introduced in *The Campus Murders*. The film is called *The Wild Nymph*, and it may be the finest pornographic movie ever made. A relic of the 1950s, when erotic cinema was more artistic than smutty, it was filmed on a shoestring budget by the enigmatic genius Sol Dahlman. But 20 years later, the film has been forgotten and Dahlman has become a recluse. Finding him will be a deadly proposition. A Hollywood producer comes to the state capital in search of Dahlman, hoping to capitalize on pornography's growing mainstream acceptance. He meets Mike McCall, the governor's top troubleshooter, whose only interest in pornography is in keeping women's lib protestors from picketing the theaters. When Dahlman is found dead, it falls to McCall to stop the bloodshed. Sex can be controversial, but murder is always taboo.

The Ghost in the Graveyard

Greyfriar's Cemetery in Edinburgh has a centuries old reputation for being haunted. Its gruesome history includes use as a mass prison, headstone removal, witchcraft, bodysnatching, desecration, corpse dumping and live burial. In 1998, something new and inexplicable began occurring in the graveyard. Visitors encountered 'cold spots', strange smells and banging noises. They found themselves overcome by nausea, or cut and bruised by something they could not see. Over the space of two years, twenty-four people were knocked unconscious. Homes next to the graveyard wall became plagued by crockery smashing, objects moving and unidentified laughter. Witnesses to these attacks ran into the hundreds. There were two exorcisms of the area. Both failed. The section of Greyfriars where the attacks occurred is now chained shut. The entity responsible has been named the 'Mackenzie Poltergeist'. It has become one of the best-documented and most conclusive paranormal cases in history. The Poltergeist is still growing stronger. This is its story.

The Ghost That Haunted Itself

Legends of abandoned old graveyards and some not so abandoned abound—the crying dog in the cemetery well, the wandering ghost of Long Tom March, who carries a deck of cards and won't rest until he finds a winning poker hand. Next to a graveyard where an arm is buried, the old piano in the forgotten church plays. These and other tales along with some more recent real-life experiences will intrigue you, skeptic or not. Read the tales with an open mind. They are for pleasure, a bit of paranormal, a little seriousness, and hopefully a laugh or two. If you are a nonbeliever in the supernatural, you may change your skepticism is etched in stone. Then again the author learned that nothing is etched in stone forever. This humorous book also includes some unusual coffins, tombstones, and epitaphs as well as some early Texas burial traditions.

It is a time when ghostly spirits are at their strongest, when the veil between our world and theirs is at its thinnest. Legend has it, that while most of the world is asleep, the lack of prayers allow the spirits to communicate under the cover of darkness, among the headstones, their whispers rustling in the leaves of the old oak trees. But if you're here in the graveyard, you can tell yourself it's just the wind, that the moonlight is playing tricks on your eyes, that it's only the swirling mist you see. But when you hear the graveyard gate clang shut, the dead have something to say. Here are their stories...

Four Past Midnight - Stephen King

1 Jan 1990 — Stephen King ... At midnight comes the point of balance. Of danger. The instant of utter stillness when between two beats of the heart, an alternative reality can slip through, like a blade between the ribs, and switch you into a new and terrifying world.

BOOK REVIEW: FOUR PAST MIDNIGHT BY STEPHEN KING

The #1 New York Times bestseller—four chilling novellas from Stephen King that will “grab you and not let go” (The Washington Post). Three Past Midnight: "The Library Policeman" is set in Junction City, Iowa, an unlikely place for evil to be hiding. But for small businessman Sam Peebles, who thinks he may be losing his mind, another enemy is hiding there as well--the truth. If he can find it in time, he might stand a chance.

Four Past Midnight

24 Mar 2013 — They discover the plane passed through a rip in time and are stuck in the past. They survived because they were asleep. They need to find a way to go back through the time rip and return to the present. It won't be easy because The Langoliers, strange creatures who devour the past are closing in.

Review: Four Past Midnight | literaryelephant - WordPress.com

26 Nov 2013 — It's a great idea, with the execution both grounded and terrifying. Several of our natural fears are preyed upon – flying, being alone, creatures with scary teeth – but there's a great second level of terror being worked into the story: the fear of losing (or wasting) time.
