The Adventures of Pixie and Pete

A story about two dog friends who learn life lessons as they share adventures and meet friends.

The Adventures of Pixie and Pete

Tracy Dirst has added a third book to her delightful children's book series about Pixie and Pete and the adventures they share. "The Adventures of Pixie and Pete; Pixie and Pete Spend the Night with Grandma and Grandpa" follows "Pixie and Pete They Meet" and "Pixie Gets Lost." All three books are based on life experiences the two dogs share and the lessons they learn along the way. "Pixie and Pete Spend the Night with Grandma and Grandpa" teaches the importance of showing respect to our elders. In the book they meet Buck, their grandparent's old dog. Buck teaches them about being older and everything that comes along with growing old. But as in real life, everyone learns a lesson.

The Adventures of Pixie and Pete Pixie Gets Lost

The Adventure of Pixie and Pete, Pixie Gets Lost is the second in a series of books written by Tracy Dirst. Pixie Gets Lost is about an adventure to the park which teaches both Pixie and Pete a valuable lesson about the skill of listening. Pete teaches Pixie the importance of listening only to find she needs a little practice on that subject herself. This mirrors the relationship between children and their parents. We, as parents, expect our children to listen to us but often times we aren't "practicing what we preach". The book also touches on how parents need to pay attention to their children, at all ages, so the children have the guidance of the parentss to stay "on the right track" in life.

The Tales of Peter the Pixie Vol 2

Follow Peter the innocent, honest, young pixie, and his friends; Elli, the modest but powerful Fairy, Timothy, the old, trustworthy, Toad and the, ever so noble, Fire Dragon.

Polly, Pete, and Pixie Visit the Doctor

Peter Pixie lives in a toadstool in the middle of a deep, dark forest. Like all young Pixies he has to go to school. He travels there with his best friend Jonathan in an acorn train to the big oak tree in the middle of the forest. Today is an exciting day because his class is visiting the Rescue Centre. Whilst there, an unexpected emergency happens when a human is detected on a mushroom hunt, and the Pixie children get to watch a real life rescue take place! Will the Pixie villagers escape to safety in time? And will the bad human get his comeuppance?

Peter Pixie Visits the Rescue Centre

Follow Calinor to another world, where she, along with two friends, will take you on an adventure full of magic and hope, as they search for the Lost Pixie Tribe. Battle with them an array of mystical monsters, witches and wizards, as they journey ever onwards towards their goal. You will meet new acquaintances along the way and share in the excitement as the three would-be heroes face one challenge after another.

The Adventures of Calinor / The Lost Pixie Tribe

In this, the first of the series of the Tales of Peter the Pixie. Here we are introduced to Peter the innocent, honest, young pixie, and his friends; Elli, the, 'much older then she looks', modest but powerful Fairy, Timothy, the old, trustworthy, Toad and the, ever so noble, Fire Dragon. We see how Peter first arrives in the forest, his meeting with the forest folk, and then his first encounters with the three very different creatures, who will then become the very best of friends. Told in a classical children's story style; Peter and his friends, meet all kinds of creatures and situations. As with all children, Peter is often confronted with experiences that he does not know how best to deal with, and he often reacts in ways that are not the most appropriate. Fortunately; with the help of his good friends, good will and common sense, everything always turns out for the best.

The Tales of Peter the Pixie Vol 1

Peter Pan

"Peter Pan is a great and refining and uplifting benefaction to this sordid and money-mad age."—Mark Twain One hundred years after J. M. Barrie published the novel Peter and Wendy, Maria Tatar revisits a story that, like Alice in Wonderland, bridges the generations, animating both adults and children with its kinetic energy. The adventures of the Darling children with Peter Pan and Tinkerbell in Neverland are the seminal tale of escape and fantasy. Inspired by Barrie's real-life adventures with the five Llewelyn Davies boys he adopted, the story of Peter Pan has a deep and controversial history of its own that comes alive in Tatar's new edition. This brilliantly designed volume—with period photographs, full-color

images by iconic illustrators, commentary on stage and screen versions, and an array of supplementary material, including Barrie's screenplay for a silent film—will draw readers into worlds of incandescent beauty, flooding them with the radiance of childhood wonder and the poignancy of what we lose when we grow up.

Living Stones

Twins Peter and Samantha, who likes to be called Sammi, have just moved into their new house and are amazed to find a door in the large maple tree at the bottom of their garden. On entering the door, they find an underground river and a mouse in a dingy who has been instructed to row them to Fairyland, beginning *An Adventure in Fairyland*. There they are asked to help regain the fairy queen's wand that has been stolen by the magician Malicio. To help them retrieve the wand in safety, the queen gives them a potion that makes them invisible to everyone but each other. On their adventure, they meet a host of magic characters and are also able to rescue a pixie and a gnome, two prisoners of Malicio. As a reward, the queen gives the twins a magic stone that will enable them to return to Fairyland in the future. What other adventures await the twins?

The Naughtiest Pixie and the Bad Pixie-Trick

Years ago, I went to the movies to see Disney's *Hook*, starring Robin Williams as Pan. Although the movie was a wonderful story, I left dissatisfied with the idea that Peter Pan—the boy who never grew up—was now a grown-up lawyer who was doomed to grow old and eventually pass on. He was no longer the eternal, immortal youth but just another human. It was a very disturbing thought because it took away the wonderful creation of Peter Pan as the eternal youth and ended the story, which should have gone on forever for all children or those of us that are children at heart. It bothered me that the boy who wouldn't grow up was no more. So I decided to add more to the tale to bring it back to its never-ending beginnings. This is the result. Many thanks to those who put up with my crazy ideas and encouraged me to write them down, then read and assisted me with their input. To them and the spiritually youthful Robin Williams, I dedicate this story. Tom Wilkerson, Paul Russell, Judy Orr, I couldn't have done it without them.
