What Is De Minimis

And on the Exception to the Rule That You Need a Waiver of Sovereign Immunity to the United States Is a Narrow One and I've Never Seen It Applied in Cases except Where the United States Is Directly Seeking some Sort of Monetary Relief They Go to the Court of Claims or Something the State li Don't Think They Would Have a Cause of Action because Only the Tribes Would Have Standing To Say the United States Is Not Fix Units Culverts and We Want Compensation on I Can't Think of any Other Cause of Action They Might Have To Deal with the the Actions to the United States Back before the 1990s in Approving Culverts

But I Want To Ask the Question about What the United States either Required or Permitted with Respect to Culverts It's Clear from the Record that the United States Said these Culverts Would Satisfy any Requirements That We Have and the State Complied with those Requirements Does the Record Tell Us Anything about whether or Not Culverts That Would Have Protected the Fish Would Have Been Forbidden by the United States or Was the United States Merely Saying if You Do this You Will Take Care of the Requirements

Does the Record Tell Us Anything about whether or Not Culverts That Would Have Protected the Fish Would Have Been Forbidden by the United States or Was the United States Merely Saying if You Do this You Will Take Care of the Requirements That We Have You Might Do Something Else What Do We Know It I Believe that that the Record Would Show that the United States the Federal Highway Administration Was Simply Saying that if You Comply with Our Standards You Meet Our Requirements

I Believe that that the Record Would Show that the United States the Federal Highway Administration Was Simply Saying that if You Comply with Our Standards You Meet Our Requirements Which Were Basically for Safety and for You Know Preventing Flooding That Sort of Thing but Did Not Was It Was

Not Saying You Can't Go beyond this It Was a Minimum I Present Sense of the Record Is There's Nothing in the Record That Would Show that the State Was Forbidden at the Time of Constructing these Culverts from Making Culverts That Would Allow Free Passage of the Fish but that's My Reading of the Record and It's a Big Record and I've Not Read the Whole Thing I Believe that Is a Correct Reading Your Own So I Have a Procedural

And It's a Big Record and I've Not Read the Whole Thing I Believe that Is a Correct Reading Your Own So I Have a Procedural Issue or Question if on some Theory or another We Were To Hold that the State of Washington Should Be Entitled To Proceed against the Federal Government under some Sort of Contribution or Recoupment Theory that You Could Get Past Sovereign Immunity with that Where Would that Leave the Federal Government in Its Ability To Bring this Suit on Behalf of the Tribes Well I Erm It Wouldn't Keep Us from from Bringing the Suit li but It Would Seem that Such a that Sort of Claim Would Have To Be Brought in the in the Court of Claims It's a Month if They if They Want To Bring a Monetary Claim

But It Would Seem that Such a that Sort of Claim Would Have To Be Brought in the in the Court of Claims It's a Month if They if They Want To Bring a Monetary Claim I Don't Think It Would Affect Our Ability To Sue on Behalf of the Tribes for Injunctive Relief so I Think We Could Still Do that and Certainly the Tribes Could Sue for for Injunctive Relief Whatever Our Actions Have Been or whether or Not the State Has a Claim against Us Okay Thank Thank You and this Is another Question That Goes to the Possible Scope of the Underlying Principles There's Evidence in the Record That Can the State Be Required To Adopt Regulation That Prohibits Development Close to Streams That Requires the Preservation of Trees That Strayed the Streams I Mean How Far Does this Go Not with Respect to Blocking Access to the Streams but Otherwise Protecting the Streams as We See this Right It's a Purely Negative One It Says to the State You Can't Take Action Which Blocks Fish Passage It's Not a Positive Right That Says the State Is Responsible for Restoring Habitat or Restoring the Fish Fish

We See this Right It's a Purely Negative One It Says to the State You Can't Take Action Which Blocks Fish Passage It's Not a Positive Right That Says the State Is Responsible for Restoring Habitat or Restoring the Fish Fish the District Court Did Not Put It in those Terms at All this Is Only about Actions of the State That Have a Direct Effect on the on the Fish Runs by Blocking a Certain Amount of Habitat and It's Limited because the District Court Only Included Culverts That Were on the State's Own List of Culverts That Needed To Be Fixed and and Coverage under State Owned or Operated Roads That's Right the State Has no Obligation

We Took the Other Side Over as I Rather Expected Let's Put Five Minutes on the Clock That Is over Time for You To Thank You Your Honor I Have Four Points I'd Like To Make if Time Allows but I Understand if that's Impossible so First I'd Like To Talk about the Recoupment Counterclaim I'm Going To Quote from Excerpts of Record 993 the State Described the Us Role in Funding and Approving Culverts Not Quoting Yet Sorry and Then Went On To Say if the State's Actions Do Not Satisfy some Treaty-Based Duty the State Has Reasonably Relied to Its Detriment on the Actions of the United States the United States Has a Duty To Pay all Costs Incurred by the State To Identify and Fix any and all Barrier Culverts

So First I'd Like To Talk about the Recoupment Counterclaim I'm Going To Quote from Excerpts of Record 993 the State Described the Us Role in Funding and Approving Culverts Not Quoting Yet Sorry and Then Went On To Say if the State's Actions Do Not Satisfy some Treaty-Based Duty the State Has Reasonably Relied to Its Detriment on the Actions of the United States the United States Has a Duty To Pay all Costs Incurred by the State To Identify and Fix any and all Barrier Culverts so the United States Was on Notice

In the in this Court's 1975 Panel Decision before It Went Up to the Supreme Court and Fishing Vessel this Court Said and this Is at Five-Twenty F Second 685 this Court Said either the Treaty in the Instant or the State on Behalf of Its Citizens May Permit the Subject Matter of these Trees To Be Completely Destroyed and that Was Based on some Sort of Property Law Concept It's Unclear whether that Reasoning Survives the Fishing Vessel Decision but We Would Be Entirely Comfortable with the Court Adopting that Principle Here that neither Side Can Completely Destroy the the Res the the Fish but Again There's no Need Why You Need To Impose that Rule because the State Would Never Do that Anyway I Mean We Have I Think You've Just Gone Back on Your Previous

Line Drawing Is Really Primarily a Policy Decision for the Federal Congress Executive Agencies and State Government at Specifying the Design for Culverts or Choosing You Know in the Future Logging Rules or Development Rules or Zoning Patterns those Are Policy Decisions the Federal Government Has the Power To Affect those through Laws Regulations through Funding They Should Be Left To Be Worked Out and through those Mechanisms Not through the District Court this Case Has Been

Going On for 45 Years under the District Court Ruling Going To Go On for At Least 45 More and every One of those Things Is Going To Be the Subject of Litigation

I Mean that's Just One Piece of Evidence of How There Truly Is no Evidence That See Culverts on Their Own Have Contributed Significantly to the Diminishment Salmon so those Are the Points I Want To Make Your Honor if You Have any Other Questions I'M Happy To Answer Them One Question if We Were To Vacate the Permanent Injunction and Remand to the District Court To Answer some More Questions What Would Be Your Position as to What Would Be the Questions That Have To Be Answered That Weren't Answered in the Prior

What Would Be Your Position as to What Would Be the Questions That Have To Be Answered That Weren't Answered in the Prior Proceedings I Hope You'll Forgive Me if My Answer Is a Little Bit Long at First I Guess We'd Say the Treaty Right Needs To Be Defined if the Courts Going To Find the Tree Right Which Again We Would Disagree with It Needs To Be Defined Far More Clearly and Far More Narrowly It Needs To Focus Specifically on State Courts Where There Is some some Showing that the State Court Itself Is Blocking Salmon from Getting into a Usual on a Custom Fishing Area because Otherwise There's Really no Evidence that the State Culvert Is Causing

I Thought I Heard that You Had Been Invited in the Litigation Part of the District Court To Say Precisely that or Do Precisely that and You Declined To To Ask for any of that Well through Two Points on that First of all We Were Opposed to any Injunction We Remain Opposed to any Injunction We Don't Think My Question Is Not that My Question Is When You Were Invited To Ask about How the Injunction Not To Be Structured My Understanding Is You Said We'Re Not Going To Play that Game because We Think the Injunction Is Improper Am I Wrong We Did Oppose the Entry of any Injunction We Did Not Propose a Narrow Injunction but that Does Not So I'M Right You Did Not Ask in the District Court for a Different Form of Injunction

If Your Child People Never Saw that Injunction of the First Time They Saw It Was When It's When It Was Signed an Issued I Agree with that Your Honor but the District Court Had Already Promised Us Promised Us that Equitable Considerations Would Play a Role in any Injunction We Had Already Made a Lot of the Points about How Fixing Culverts Makes no Difference if There's another Culvert 10 Meters Upstream and 10 Meters Downstream We Had Already Made a Lot of the Points That We Hoped Would Inform the District Courts Entry of the Injunction in the Remedies Phase so It's Not as though We Just Invented All this Stuff Later this Stuff Is All in the Record All these Problems Are in the Record

We Had Already Made a Lot of the Points about How Fixing Culverts Makes no Difference if There's another Culvert 10 Meters Upstream and 10 Meters Downstream We Had Already Made a Lot of the Points That We Hoped Would Inform the District Courts Entry of the Injunction in the Remedies Phase so It's Not as though We Just Invented All this Stuff Later this Stuff Is All in the Record All these Problems Are in the Record We Just Thought that no Injunction Was Warranted We Opposed any Injunction

Cases Argued and Decided in the Supreme Court of the United States and Others

Complete with headnotes, summaries of decisions, statements of cases, points and authorities of counsel, annotations, tables, and parallel references.

Condensed Reports of Cases in the Supreme Court of the United States

The Supreme Court has been the site of some of the great debates of American history, from child labor and prayer in the schools, to busing and abortion. The Oxford Guide to United States Supreme Court Decisions offers lively and insightful accounts of the most important cases ever argued before the Court, from *Marbury v. Madison* and *Scott v. Sandford* (the Dred Scott decision) to *Brown v. Board of Education* and *Roe v. Wade*. This new edition of the Guide contains more than 450 entries on major Supreme Court cases, including 53 new entries on the latest landmark rulings. Among the new entries are *Bush v. Gore*, *Nixon v. United States*, *Gonzales v. Planned Parenthood Federation of America*, and *Rumsfeld v. Forum for Academic and Institutional Rights*. Four decisions (*Hamdi v. Bush*, *Hamdan v. Rumsfeld*, *Rasu v. Bush*, and *Rumsfeld v. Padilla*) are considered in a single essay entitled "Enemy Combatant Cases." Arranged alphabetically and written by eminent legal scholars, each entry provides the United States Reports citation, the date the case was argued and decided, the vote of the Justices, who wrote the opinion for the Court, who concurred, and who dissented. More important, the entries feature an informative account of the particulars of the case, the legal and social background, the reasoning behind the Courts decision, and the cases impact on American society. For this edition, Ely has added an extensive Further Reading section and revised the Case Index and Topical Index. For anyone interested in the great controversies of our time, this invaluable book is a must read primer on the epic constitutional battles that have informed American life.

Reports of Decisions in the Supreme Court of the United States

The U.S. Supreme Court and Racial Minorities offers an in-depth, chronologically arranged look at the record of the U.S. Supreme Court on racial minorities over the course of its first two centuries. It does not pose the anachronistic standard, "Did the Supreme Court get it right?" but rather, "How did the Supreme Court compare to other branches of the federal government at the time?" Have these Justices, prevented against removal from office by discontented voters (in contrast to the President

and the members of Congress), done any better than the elected branches of government at protecting racial minorities in America?

United States Reports

"Originally published in 1928, this captivating book is comprised of six lectures given by Chief Justice Charles Evan Hughes at Columbia University in which he endeavored to interpret the work of the Court in an abbreviated form. Covered are the Court's origin, the principles that govern it, its methods, and the important results of its work. This last category includes the areas of cementing the nation, the States and the nation, and liberty, property, and social justice. The aim of this compact book, achieved in a very readable fashion, is to promote a better understanding of an institution that is a mystery to many people."--Back cover.

Cases Argued and Decided in the Supreme Court of the United States

"The U.S. Supreme Court: A Very Short Introduction draws on the Court's history and its written and unwritten rules to show how it operates in the twenty-first century. Today's Supreme Court, housed in a majestic building on Capitol Hill, bears little resemblance to the institution launched by the Framers of the Constitution and was originally seen as the weakest of the three branches of government. Over the next 200 years, the Court put the independence the Framers gave it to use and now largely defines itself, exercising so much power over how Americans live that some have begun to question whether the Court has gone too far. How do cases reach the Supreme Court? What features have other courts around the world taken from the Supreme Court, and what have they left?"--

Reports of Decisions in the Supreme Court of the United States

Precedent is an important tool of judicial decision making and reasoning in common law systems such as the United States. Instead of having each court decide cases anew, the rule of precedent or *stare decisis* dictates that similar cases should be decided similarly. Adherence to precedent promotes several values, including stability, reliability, and uniformity, and it also serves to constrain judicial discretion. While adherence to precedent is important, there are some cases where the United States Supreme Court does not follow it when it comes to constitutional reasoning. Over time the US Supreme Court under its different Chief Justices has approached rejection of its own precedent in different ways and at varying rates of reversal. This book examines the role of constitutional precedent in US Supreme Court reasoning.

Rules of the Supreme Court of the United States

This volume presents a variety of both normative and descriptive perspectives on the use of precedent by the United States Supreme Court. It brings together a diverse group of American legal scholars,

some of whom have been influenced by the Segal/Spaeth "attitudinal" model and some of whom have not. The group of contributors includes legal theorists and empiricists, constitutional lawyers and legal generalists, leading authorities and up-and-coming scholars. The book addresses questions such as how the Court establishes durable precedent, how the Court decides to overrule precedent, the effects of precedent on case selection, the scope of constitutional precedent, the influence of concurrences and dissents, and the normative foundations of constitutional precedent. Most of these questions have been addressed by the Court itself only obliquely, if at all. The volume will be valuable to readers both in the United States and abroad, particularly in light of ongoing debates over the role of precedent in civil-law nations and emerging legal systems.
