Systematic Theology Made Easy

This work takes the major themes of systematic theology and places them in an easy to understand format. This is an introductory work for those beginning to study this subject, and deals with systematic theology in bite-size portions, or theological sound-bites. The Word of God was given to the Church of Jesus Christ to disclose God's character, will, acts and plans. In the Word of God is found a host of different subjects that, when compiled, gives the reader the ability to know what God says on those subjects which are revealed in and through the holy Scriptures. Subjects covered in this work range from the science of theology, to the doctrines of Scripture, of God, of man, of salvation, covenant theology, the person and work of Jesus Christ, the benefits of redemption, the Law of God and even eschatology, including the doctrines of heaven and hell. This is a perfect primer for the new student of theology, or a refresher for those who want to study the marrow of systematic theology without needing to wade through other volumes which span thousands of pages.

Bible Doctrines of the New Testament Church, Systematic and Biblical Theology

God is the source of all knowledge and He has a full and perfect understanding of everything (Colossians 2:3). Not only has God known all of His works from the beginning (Acts 15:18), but He is also the one and only one who is able to declare the end from the beginning (Isaiah 46:9-10). It is God who in His providential powers establishes order, design and procedures to complete all that He has begun to do. This writing is an ongoing text of our Lord's revealed plans and purposes of His Kingdom in the earth through the teaching of Doctrines in the New Testament Church. This text is not by far a conclusion of the church's doctrines. The New Testament Church's Doctrines is continual presentation toward the whole person in Christ for the fulfillment of His New Testament Church's Ministry. We seek Christ's directions in the ministry: His life, ministry, His teaching, His call and service. We invite all to consider the guidance of this text; it's instructions, pattern, and rule of order for us in today's church thought, practice and procedures. I pray the use of it will be helpful in your church efforts and building. Perhaps, there may be found good use of this text in Christian's studies in Bible Colleges, as well as private studies. Our time spent in preparation of this text has caused us to evaluate the faith and practice employed by the church today. This text has this in mind as we re-examined what we have lost as we are moving ahead in what is called a modern age. Have our spiritual knowledge and progress been equal or excel our so-called modern progress? Can our age be rightly called the age of the knowledge of God and His' Kingdom plans? Is there something that can awaken us out of our spiritual slumber and wrong directives? Can we as a general church be reformed before it is too late? The true church, does it exist? Is there a body of ministry believing and practicing the foregoing knowledge, principles, plans, order and text of ministry presented in this book? - Bible Doctrines of the New Testament Church Theology-Biblical and Systematic. These questions and many more parade before us in wake of our Lord's soon return. The present faith, concepts and views of Christianity and the church can only be fulfill properly with an in depth study into the Theology of God as taught in scriptures. Such is the beginning of a study in this text. May the text be useful and establish a study to those who would consider it.

Systematic Theology, Second Edition

This new edition of Systematic Theology by Wayne Grudem is one of the most important resources for helping you understand Scripture and grow as a Christian. The most widely used resource of the last 25 years in its area, Systematic Theology has been thoroughly revised and expanded for the first time while retaining the features that have made it the standard in its field: clear explanations, an emphasis on each doctrine's scriptural basis, and practical applications to daily life. With nearly 250 pages of new content and revisions, this new edition now includes the following distinctive features: Updated analysis of recent controversies within evangelical theology, including the eternal relationship between

the Father and the Son in the Trinity, the role of women in the church, miraculous gifts of the Holy Spirit, and contemporary worship music. New discussion and critiques of recent theological controversies situated outside of traditional evangelical theology, such as open theism, the "new perspective on Paul," Molinism (or "middle knowledge"), "Free Grace" theology, and the preterist view of Christ's second coming. Completely revised chapter on the clarity of Scripture. Completely revised chapter on creation and evolution, including a longer critique of theistic evolution and an extensive discussion on the age of the earth. New discussion of how biblical inerrancy applies to some specific "problem verses" in the Gospels. Additional material explaining evangelical Protestant differences with Roman Catholicism, Protestant liberalism, and Mormonism. Completely updated bibliographies. All Scripture quotations updated from RSV to ESV. Updated section on contemporary worship music. Numerous other updates and corrections. Part of the brilliance of Systematic Theology has been its simplicity and ease of use. Each chapter follows the same structure: discussion of the doctrine being considered, an explanation of that doctrine's biblical support and possible objections, followed by personal application and key terms to know for personal growth. Chapters also include a Scripture memory passage, references to other literature on the topic, and suggested hymns and worship songs. If you think theology is hard to understand or boring, then this new edition of Systematic Theology will change your mind.

Bible Doctrines of the New Testament Chu

Man's explanation of himself lies not in man but in God. At the very end or bottom of the line of all our solutions as mankind in this present world and eternity is theological and spiritual. Thus the solutions and answers of mankind are spiritual and found in scripture. God's offers in His church doctrine the pillars of life for us. We were made for eternity and there is nothing temporal that can satisfy our eternal need. The true New Testament Church now stands as man final solutions in its Theology. True Christian theology is the Word of God and is remotely a teaching not bound by time or space, and incomparable to any other teaching of truth. Doctrine is the guide for indoctrination. We cannot read hardly any text in the early church's teaching, either from Christ or His apostles without realization of truth unveiled for us to understand the will of God through doctrinal truth. Christian doctrine means literally "teaching" or "instruction" and may be defined as the fundamental truths of the Bible arranged in systematic form. A study of doctrine is also called "theology." Theology is also a "treatise or reasoned discourse about God." Theology or doctrine may be described as the science which deals with our knowledge of God and His relations to man. It is a science because it is a systematic and a logical study, arrangement of certified facts. Sometimes doctrine is set forth as a dogma in the church. As a dogma, doctrinal teaching is the church's statement of the truth placed in a church's creed. There must be doctrine for the body of ministry in Christ to know its foundations, teachings, faith, order, etc. The Apostles, as headship in the church warned against underdeveloped believers. They warned against ignorance, indifference, coldness, apathy, sin and the failures to live up to the Lord's commands in His doctrines. The early apostles were the first to experience the baptism of the Holy Spirit. They taught the empowerment of God's spirit within believers to live up to the words of Christ and His Kingdom standard in this present world (Titus 2:11-13). Ignorance is a thief. Again, the Lord Jesus Christ is the owner of the Church and declared that He is building His Kingdom through the Church. As Designer and Architect, God only has one pattern for the church. We know that God has firmly established in heaven, a pattern for all things (Hebrews 9:23). There is one blueprint, and all the laborers who build Kingdom values are requested to build according to His blueprint. This being so, there is no science, philosophy, and art, social or political thought that can answer man's explanation of himself outside of God's plan, explanation, pattern and blueprint. Doctrine is a Divine blueprint for man configured with God's overall view of all things that has been, that is present and is to come!

Biblical Doctrine

Long-Awaited Systematic Theology by Well-Known Pastor, Author, and President of the Master's Seminary Doctrine isn't just for theologians—it's important for every Christian because it shows us who God is and how we should live. Systematizing the robust theology that has undergirded John MacArthur's well-known preaching ministry for decades, this overview of basic Christian doctrine covers topics such as God the Father, Jesus Christ, the Holy Spirit, the Bible, salvation, and more. Comprehensive in scope yet written to be accessible to the average reader—with non-technical vocabulary, minimal footnotes, and a helpful bibliography—this volume offers Christians a solid foundation for what they believe and why.

Bible Doctrine

How do we know the Bible is God's Word? What is sin and where did it come from? How is Jesus fully God and fully man? What are spiritual gifts? When and how will Christ return? If you've asked questions like these, then "systematic theology" is no abstract term. It's an approach to finding answers every Christian needs to know. Bible Doctrine takes a highly commended upper-level textbook on systematic theology and makes it accessible to the average reader. Abridged from Wayne Grudem's award-winning Systematic Theology, Bible Doctrine covers the same essentials of the faith, giving you a firm grasp on seven key topics: The Doctrine of the Word of God The Doctrine of God The Doctrine of Man The Doctrine of Christ The Doctrine of the Application of Redemption The Doctrine of the Church The Doctrine of the Future Like Systematic Theology, this book is marked by its clarity, its strong scriptural emphasis, its thoroughness in scope and detail, and its treatment of such timely topics as spiritual warfare and the gifts of the Spirit. But you don't need to have had several years of Bible school to reap the full benefits of Bible Doctrine. It's easy to understand—and it's packed with solid, biblical answers to your most important questions.

Living and Active

For all of the Bible's popularity both in the church and in Western culture, confusion reigns about what the Bible is, its relationship to God, its relationship to its human authors and readers, and its proper use. Living and Active answers these fundamental questions by looking anew at Scripture from the perspective of Christian doctrine. Rather than treating the Bible as a sourcebook for theology, Telford Work uses systematic theology to build a compelling new doctrine of Scripture: the doctrine of God establishes the Bible's triune character and purpose; the doctrine of salvation explains the mission of Scripture in ancient Israel, in the career of Jesus, and in the life of his followers; the doctrine of the church relates the Bible's qualities to those of its reading communities, describes the relation of Scripture and tradition, and appreciates the Bible's role in worship and in personal salvation. Drawing in this way on the full resources of Christian dogmatics allows us to see the Bible at work accomplishing God's purposes in the world. Throughout the book, Work incorporates insights from the Eastern Orthodox, Roman Catholic, Lutheran, Calvinist, Anabaptist, and evangelical traditions in order to produce a truly ecumenical doctrine of Scripture. He also interacts with patristic theology and practice, historical-critical methods of interpretation, and postmodern thought, refusing to draw lines between biblical studies, ethics, history, philosophy, and theology. As a result, Living and Active is the most comprehensive, balanced, and relevant statement of Scripture now available. It clearly portrays the Bible as integral to the economy of salvation and the life of the church, it offers solutions to the current crisis of biblical authority and practice, and it prescribes fruitful ways to preach, teach, and live Scripture in today's world.

Evangelical Theology, Second Edition

Gospel-Centered Theology for Today Evangelical Theology, Second Edition helps today's readers understand and practice the doctrines of the Christian faith by presenting a gospel-centered theology that is accessible, rigorous, and balanced. According author Michael Bird the gospel is the fulcrum of Christian doctrine; the gospel is where God meets us and where we introduce the world to God. And as such, an authentically evangelical theology is the working out of the gospel in the various doctrines of Christian theology. The text helps readers learn the essentials of Christian theology through several key features, including: A "What to Take Home" section at end of every part that gives readers a run-down on all the important things they need to know. Tables, sidebars, and questions for discussion to help reinforce key ideas and concepts A "Comic Belief" section, since reading theology can often be dry and cerebral, so that readers enjoy their learning experience through some theological humor added for good measure. Now in its second edition, Evangelical Theology has proven itself in classrooms around the world as a resource that helps readers not only understand the vital doctrines of Christian

theology but one that shows them how the gospel should shape how they think, pray, preach, teach, and minister in the world.

The Doctrine of Scripture

A Clear and Concise Exploration of the Christian Doctrine of Scripture The Bible is the written word of the living God. He speaks through this word, working in and through human agents as he reveals himself to his people. His word is trustworthy, yet many Christians struggle to articulate why they believe that to be true. Centered in the words of Scripture and especially the teaching of Jesus himself, this volume unpacks the doctrine of Scripture as taught by the church through the ages, helping to strengthen readers' confidence in God's word. Despite the challenges that are often leveled against the Bible, Thompson clearly articulates what Jesus taught about the Scriptures, how God speaks to his people through the written word, the crucial work of the Holy Spirit to apply the word, and the vital attributes of Scripture—its clarity, truthfulness, sufficiency, and efficacy. Readers will find encouragement to walk according to the word and to delight in the God who speaks. Concise and Accessible: Intended for use by church members and leaders as well as those in academic contexts Christ-Centered: Rooted in Jesus's own words about the Old Testament and his commissioning of the apostles who would go on to write the New Testament Addresses Common Questions: Answers challenges about the Bible's clarity, truthfulness, sufficiency, and efficacy

Majority World Theology

More Christians now live in the Majority World than in Europe and North America. Yet most theological literature does not reflect the rising tide of Christian reflection coming from these regions. If we take seriously the Spirit's movement around the world, we must consider how the rich textures of Christianity in the Majority World can enliven, inform, and challenge all who are invested in the ongoing work of theology. Majority World Theology offers an unprecedented opportunity to enter conversations on the core Christian doctrines with leading scholars from around the globe. Seeking to bring together the strongest theological resources from past and present, East and West, the volume editors have assembled a diverse team of contributors to develop insights informed by questions from particular geographic and cultural contexts. This book features a comprehensive overview of systematic theology, with sections on the Trinity, Christology, pneumatology, soteriology, ecclesiology, and eschatology contributors including Amos Yong, Ruth Padilla DeBorst, Victor I. Ezigbo, Wonsuk Ma, Áida Besançon Spencer, Randy S. Woodley, Munther Isaac, and Veli-Matti Kärkkäinen explorations of how Scripture, tradition, and culture fit together to guide the church's theological reflection scholars demonstrating how to read the Bible and think theologically in light of contextual resources and concerns inside views on what doing theology looks like in contributors' contexts and what developments they hope for in the future When we learn what it means for Jesus to be Lord in diverse places and cultures, we grasp the gospel more fully and are more able to see the blind spots of our own local versions of Christianity. Majority World Theology provides an essential resource for students, theologians, and pastors who want to expand their theological horizons.

Systematic Theology (Complete 3 Volumes)

"Systematic Theology" in 3 volumes is one of the best-known works by the American Baptist minister and theologian Augustus Hopkins Strong. Excerpt: "Under the influence of Ritschl and his Kantian relativism, many of our teachers and preachers have swung off into a practical denial of Christ's deity and of his atonement. We seem upon the verge of a second Unitarian defection that will break up churches and compel secessions, in a worse manner than did that of Channing and Ware a century ago. American Christianity recovered from that disaster only by vigorously asserting the authority of Christ and the inspiration of the Scriptures. We need a new vision of the Savior like that which Paul saw

on the way to Damascus and John saw on the isle of Patmos, to convince us that Jesus is lifted above space and time, that his existence antedated creation, that he conducted the march of Hebrew history, that he was born of a virgin, suffered on the cross, rose from the dead, and now lives forevermore, the Lord of the universe, the only God with whom we have to do, our Savior here and our Judge hereafter. Without a revival of this faith our churches will become secularized, mission enterprise will die out, and the candlestick will be removed out of its place as it was with the seven churches of Asia, and as it has been with the apostate churches of New England." God Is Love

While there is no substitute for personal, faithful, and careful Bible reading and prayer, the Bible's vast size and diversity can make distilling its truth a daunting task. Thus most Christians benefit from supplemental resources to help learn and apply what Scripture teaches. Renowned theologian, Gerald Bray has produced just such a resource in his new systematic theology. Though packed with robust content, he writes about this volume: "the aim . . . is to reach those who would not normally find systematic theology appealing or even comprehensible." This volume is unique from others in that Bray traces the common theme of God's love through the Bible categorically—from God's love for himself and his creation to the cross as the ultimate expression of God's love, among other categories. The centrality of God's love in Bray's theology reflects a deep conviction that the Bible shows us God for who he really is. This volume will be of interest to Christians seeking to grow in their faith.

Biblical Theology of the Old Testament

Introduction to Bible Doctrine was written as a resource to meet the prerequisite requirements of the author's Textbook on Dispensational Theology: A Textbook on Eschatology in the Twenty-First Century. Supporting Christian foundational truths, the author presents ten traditional doctrines, explaining their context and meaning to the body of Christ-worldwide. This work is equivalent to a 100 or 200 level college course in Introduction to Biblical Doctrine or Theology, making it useful for local New Testament Churches to use in their adult educational endeavors. Individual Christians will also find this book helpful in summarizing scriptural truths to support Christian faith and practice. The book is organized around the doctrine of God, Christ, The Holy Spirit, The Scriptures, Humanity, Angels, Salvation, The Church, Heaven and Hell (Good and Evil), and Eschatology.

Introduction to Bible Doctrine

The doctrine of the Trinity is one of the cornerstones of Christianity. In *Jesus and the Father*, Kevin Giles wrestles with questions about the Trinity that are dividing the evangelical community: What is the error called “subordinationism”? Is the Son eternally subordinated to the Father in function? Are the Father and the Son divided or undivided in power and authority? Is the Father-Son-Spirit relationship ordered hierarchical or horizontal? How should the Father and the Son be differentiated to avoid the errors of modalism and subordinationism? What is the relationship between the so-called economic Trinity and the immanent Trinity? Does the Father-Son relationship in the Trinity prescribe male-female relationships in the home and the church? “Kevin Giles points out serious problems in the teaching that the Son is eternally subordinated to the Father and argues effectively for the full eternal equality within the Trinity. This book should be read by all who wrestle with the complex but crucial doctrine of the Trinity.”—Millard Erickson, author, *Christian Theology* “By showing that subordinationism is a revival of a heresy that was systematically rejected by the non-Arian Church, the author reinstates the classical orthodox doctrine of the Trinity in all its scriptural majesty and grandeur.”—Gilbert Bilezikian, professor emeritus, Wheaton College “Giles skillfully places before us the stark choice which each generation of theologians must face: will we allow the Bible to speak its message about the Father, Son, and Holy Spirit to us, or will we use the Bible to advance our own agenda? This important book deserves to be widely read and carefully considered.”—Paul D. Molnar, professor of systematic theology, St. John’s University

In recent years, the doctrine of God has once again become a central focus of theological discussion and debate. In this ecumenical, international, and contextual introduction, internationally respected scholar Veli-Matti Kärkkäinen offers a global survey of understandings of God in Scripture, Christian history, and contemporary theology. This new edition incorporates developments in theological research over the past decade and has been substantially updated throughout.

The Doctrine of God

Bringing together the insights of several disciplines — biblical theology, modern science, biblical criticism (textual, source, form, redaction), historical theology, and the history of doctrine — Moody develops a systematic theology that is biblically grounded and ecumenically oriented. Thoroughly indexed.

The Word of Truth

The revised edition of *A Theology for the Church* retains its original structure, organized under these traditional theological categories: revelation, God, humanity, Christ, the Holy Spirit, salvation, the church, and last things. Each chapter within these sections contains answers to the following four questions: What does the Bible say? What has the church believed? How does it all fit together? How does this doctrine impact the church today? Contributions from leading Baptist thinkers R. Albert Mohler, Jr., Paige Patterson, and Mark Dever among others will also appeal to the broader evangelical community. Included in this revision are new chapters on theological method from a

missional perspective (Bruce Ashford and Keith Whitfield) and theology of creation, providence, and Sabbath that engages current research in science and philosophy (Chad Owen Brand). Chapters on special revelation (David Dockery) and human nature (John Hammett) have also been updated.

A Theology for the Church

The study of God, His nature, and His Word are all essential to the Christian faith. Now those interested in Christian theology have a newly revised and updated reference tool in the 25th Anniversary Edition of *The Moody Handbook of Theology*. In this classic and timeless one-volume resource, Paul Enns offers a comprehensive overview of the five dimensions of theology: biblical, systematic, historical, dogmatic, and contemporary. Each section includes an introduction, chapters on key points, specific studies pertinent to that theology, books for further study, and summary evaluations of each dimension. Charts, graphs, glossary, and indexes add depth and breadth. Theology, once the domain of academicians and learned pastors, is now accessible to anyone interested in understanding the essentials of what Christians believe. *The Moody Handbook of Theology* is a concise doctrinal reference tool for newcomers and seasoned veterans alike.

The Moody Handbook of Theology

Intended for upper division college students, seminarians, and pastors, *The Community of Jesus* delivers a biblical, historic, systematic, and missional theology of the church. Today the word church provokes wide-ranging reactions and generates discussion on a variety of issues among Christians and non-Christians alike. In order to sort through this maze of responses and topics, a biblical and theological foundation must be laid that provides a clear vision of the church of the Lord Jesus Christ and its significance in God's eternal purpose. With extensive pastoral, teaching, missions, and administrative experience, this team of contributors carefully sets forth the biblical teachings concerning the church and then builds on this core material, relating the theology of the church to salvation history, church history, God's glory, and God's mission:

- Paul R. House, "God Walks with His People: Old Testament Foundations"
- Andreas J. Köstenberger, "The Church According to the Gospels"
- Kendell H. Easley, "The Church in Acts and Revelation: New Testament Bookends"
- David S. Dockery, "The Church in the Pauline Epistles"
- Ray Van Neste, "The Church in the General Epistles"
- James A. Patterson, "The Church in History: Ecclesiastical Ideals and Institutional Realities"
- Stephen J. Wellum, "Beyond Mere Ecclesiology: The Church as God's New Covenant Community"
- Christopher W. Morgan, "The Church and the Glory of God"
- Bruce Riley Ashford, "The Church in the Mission of God"

The Community of Jesus

Following the Biblical story line of creation, fall-redemption-consummation, Spykman's "new paradigm" systematics represents a notable revision of the traditional loci method--Spykman has reordered the basic Christian dogmas in a bold attempt to overcome the rationalist-scholastic influences inherent in the older method.

Reformational Theology

In this book Wilfried Hrlé so distills Protestant Christian teaching as to bring fresh insight both to new students and to experienced readers of systematic theology. *Outline of Christian Doctrine*, however, is not merely a translation of Hrlé's classic German text: Nicholas Sagovsky has also entirely adapted the original work to the needs and resources of English-speaking readers. Biblically rooted, contextually sensitive, alert to philosophical issues, and relevant with respect to debates about the world as we know it today, Hrlé's *Outline of Christian Doctrine: An Evangelical Dogmatics* is an ideal contemporary theology book for both class use and individual study.

How should one approach the task of theology? The question of methodology is increasingly one of interest among theologians, who recognize that the very manner in which we approach theology informs both the questions we ask and the conclusions we reach. This volume in IVP's Spectrum Multiview series brings together five evangelical theologians with distinctly different approaches to the theological task. After presenting the approaches—which include appeals to Scripture, context, missions, interdisciplinary studies, and dogmatics—each contributor responds to the other views. Emerging from this theological conversation is an awareness of our methodological commitments and the benefits that each approach can bring to the theological task. Evangelical Theological Method

Intended first of all for classroom use, but also serving pastors and educated Christians who want to attain a deeper understanding of the Christian faith, Garrett's Systematic Theology is a full-scale exposition of the doctrinal teachings of the Christian faith.

Systematic Theology

Excerpt from Biblical Theology of the Old Testament Biblical Theology is one of the more recent branches of Theology. Our older theologians did not distinguish between Dogmatic and Biblical Theology. During the whole development of Church doctrine down to the middle of the present century, no distinct line was drawn between the essential contents of revelation as they are laid down in the Scriptures and the doctrinal formulas elaborated from them; and still less were the successive stages of revelation and the types of doctrine which are presented in Scripture, recognized. The Bible was supposed to attest equally, in the Old and New Testaments, the truths which the Church has accepted as doctrines, - the Old Testament being used in all its parts, just like the New Testament, for proofs of doctrine. But our modern theologians maintain that the Old and New Testament stand to each other in the relation of preparation and fulfilment, - that their unity must not be understood as identity, - that the Old Testament itself acknowledges that the manifestation of God's kingdom at that time was imperfect and temporary, - that still more distinctly does the New Testament emphasize the difference from the Old which subsists within the unity of the two Testaments, - that the eternal counsel of salvation, although announced by the prophets, is nevertheless not completely revealed till after its actual realization, - that the tuition of the law reached its goal in the grace and truth of Christ, - that the unity of the Old and New Testament must not be conceived of as an identity of doctrine, but as a gradually advancing process of development of doctrine, - that in setting forth the doctrines of the Bible systematically we must recognize the general development which revelation passes through in Scripture itself, - and that the old atomistic system of Scripture proof must be superseded by one which shows that the truths of salvation formulated in doctrinal statements are the result of the whole process through which revelation has passed. A Comprehensive Exploration of the Biblical Covenants This book forms an overview of the biblical teaching on covenant as well as the practical significance of covenant for the Christian life. A host of 26 scholars shows how covenant is not only clearly taught from Scripture, but also that it lays the foundation

for other key doctrines of salvation. The contributors, who engage variously in biblical, systematic, and historical theology, present covenant theology not as a theological abstract imposed on the Bible but as a doctrine that is organically presented throughout the biblical narrative. As students, pastors, and church leaders come to see the centrality of covenant to the Christian faith, the more the church will be strengthened with faith in the covenant-keeping God and encouraged in their understanding of the joy of covenant life.

The Spirit and Christ in the New Testament and Christian Theology

A constructive study of Trinitarian theology that aims to clarify our knowledge of the triune God by rightly ordering the theological language we use to praise him. The Triune God reaches its conclusions about how this doctrine should be handled on the basis of the way the Trinity was revealed. As such, theologian Fred Sanders: Invites a doxological invitation to the reader to contemplate the mystery of the Trinity. Establishes the biblical exposition and draws the doctrinal implications from it. Offers dogmatic principles for Trinitarian exegesis. Though Sanders does interact with major voices from the history of doctrine—and his arguments are indebted to and informed by the great tradition of Trinitarianism—he is clear throughout that Trinitarianism is a gift of revelation before it is an achievement of the church. The most patristic way to proceed toward a well-ordered doctrine of the Trinity is, after all, to study Scripture. -ABOUT THE SERIES- New Studies in Dogmatics seeks to retrieve the riches of Christian doctrine for the sake of contemporary theological renewal. Following in the tradition of G. C. Berkouwer's Studies in Dogmatics, this series provides thoughtful, concise, and readable treatments of major theological topics, expressing the biblical, creedal, and confessional shape of Christian doctrine for a contemporary evangelical audience. The editors and contributors share a common conviction that the way forward in constructive systematic theology lies in building upon the foundations laid in the church's historic understanding of the Word of God as professed in its creeds, councils, and confessions, and by its most trusted teachers.

The Journal of Biblical and Theological Studies (JBTS) is an academic journal focused on the fields of Bible and Theology from an inter-denominational point of view. The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world. JBTS is concerned with presenting high-level original scholarship in an approachable way. Academic journals are often written by scholars for other scholars. They are technical in nature, assuming a robust knowledge of the field. There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students. JBTS seeks to provide high-level scholarship and research to both scholars and students, which results in original scholarship that is readable and accessible. As an inter-denominational journal JBTS is broadly evangelical. We accept contributions in all theological disciplines from any evangelical perspective. In particular, we encourage articles and book reviews within the fields of Old Testament, New Testament, Biblical Theology, Church History, Systematic Theology, Practical Theology, Philosophical Theology, Philosophy, and Ethics.

Dr. Grudem discusses the relevance, purpose and function of prophecy in the church today. He provides fresh understanding that preserves the distinctive authority of Scripture, while giving the church space to enjoy Holy Spirit's most edifying gifts.

Apostolic Perspective of Systematic Theology delves into the major doctrines that formulate the Christian belief, explained from an Apostolic point of view. The book explores various facets of theology, including God and the Godhead, man and sin, angels and demons, covenants and dispensations, and last things. It compares through study of the Scriptures in both testaments to arrive at a reasoned argument for stances on various subjects as salvation, the nature of the Godhead, the deity of Christ, and the inerrancy of the Bible. The purpose of the book is to instill a love of study for the serious Bible student that compels the reader to apply sound hermeneutical principles in defense of the hope that lies within the believer. As there is no premium on ignorance of the principles that lie within the Word of God, the author compares each facet of doctrine while building a comprehensive system of theology that can stand against the face of higher criticism and doctrinal error, providing the reader with a reasonable explanation of what is most precious to all Christians – one's own faith.

Throwing Away God is a God-inspired unconventional five-chapter book that uses the writings of the bible to alert the reader to five false premises taught within today's denominational church system. It exposes them as theological dogma and frees the spiritual essence of the Bible's teachings. Premises are unmasked that impede the very path to the goal Christians claim to be seeking. And that goal is to be one with the Father himself, even as Jesus was one. It uncovers by the writings of the King James Version of the Bible in a systematic way these premises and their dangers and seeks to prove the way of faith and hearing from God for oneself is and has always been God's perfect plan. The book exposes these falsehoods and exhorts the reader to question things he has been taught by humans and instead seek God's revelation directly. It exhorts the reader not to be a conformist but rather to uncover the simplicity of God's church and knowing Him. It brings one back to the very foundation of the New Testament Church. The foundation that is hearing directly from the Father himself by seeking our hope in knowing God through Christ in us, our hope of God's presence. It points to Christ, the anointing of the Spirit of God as the true teacher of all truth rather than a man or a book. It is a book for the world of religion for the 21st century! Throwing Away God addresses and benefits three groups of people. Firstly, it will benefit new Christians who have been born again. The book points out the dangers of placing one's faith back in doctrines of men. They will be exhorted to continue with their first love rather than allow themselves to be put under the bondage of organized denominations and their man-made ordinances and doctrines. Secondly, it will benefit the long-term Christian who has been bombarded with premises accepted by men through ignorance. Christians that have made themselves subject to men who have left their first love. Men who neither enter into the kingdom of God themselves nor suffer others that are entering to go in. Christians who have been caught up in the organized denominational system and got on the path of doctrines and ordinances and works through their own understanding and trust in men. Long-term Christians who know there is something more but have forgotten what the true church and a personal relationship with God is all about. Thirdly, it will benefit those who have never had a personal relationship with God because of their exposure to the church system and its unacceptable dogma and hypocrisy. For them it will be enlightening and create hope and provoke faith to touch God for themselves.
