Not In Vain

We never think that OUR CHILD will be labeled an "addict." From the moment of their birth, we taught them love, compassion, sharing, hope, manners, patience, faith, and so many more qualities to live by, only wanting them to flourish as a better version of ourselves. When we learn that our child has been using drugs, our minds seem to immediately compare our own youth when drinking or maybe even smoking marijuana. Unfortunately, this is the furthest comparison from the reality of what's ahead. This book is filled with over 160 real-life stories from grieving mothers through our initial discovery of our child's drug use to the devastating end of their journey. We have shared what we have learned, the emotional ups-and-downs, the "enabling," "tough love," "unconditional love," the effect within ourselves and our family, and what we wished we would have known or even done differently. Nobody wants to talk about it when it's happening to them or how families are completely lost when fighting this disease. We believe that these real-life stories will further awareness and help provide comfort and navigation to those who are struggling. You are not alone. By sharing our stories, others will see many of the same struggles and situations mothers have lived as well as the resources we have found along the way. This book is our opportunity to share the painful experiences mamas have endured to help and guide those on the same journey. Although this book sadly cannot bring our children back from the tragic loss resulting from the drug pandemic, perhaps these stories from real mothers who have survived this loss can help you understand and guide you through the most challenging situation that anyone could possibly have even considered-the loss of their child. This book will not provide you with "professional" guidance; however, you will be able to see a small view into this painful journey that us grieving mothers of this pandemic now carry as a life sentence. Lastly, this book is devoted to all the precious children we have lost and to all mothers who are struggling to survive this devastating loss; to the families still fighting for the life of their children. May these stories give you hope and insight, and may God give you strength to never give up.

Not in Vain

After the tragic murder of our oldest daughter by her husband, I was compelled to do something to help other victims of domestic violence. I have been forced to be an advocate against a horrible crime that I did not know existed. Not wanting my daughter's death to be in vain, I have had a God-driven force to tell our story and hopefully reach the law enforcement agencies to make them realize how horrible domestic violence is, and that they should take domestic violence calls seriously and as a crime, not just as a disturbance. My hope is to reach other victims and to help all communities understand that

we can stop domestic violence if we work together. Shortly after our daughter's death, I realized that if I could tell our story and could get it published, I could help other families from going through the horrible senseless pain that our family has endured. Right away, the title came to me Not in Vain. I was not sure what God wanted me to do with it until I started reading my journal, my notes, and listening to my tape recordings of the events. It was at that time I realized that this man not only murdered our daughter; he almost killed my whole family. After years of separation and pain, our family did survive. Everything changed in May of 2004. Our lives changed forever.

Not in Vain

Not in Vain is a fast paced novel based upon one man's and a small town's outstanding contribution during the War Between The States. Tiny Prospect, Connecticut sent more men per capita than any other town in Connecticut and this story takes one family from its early history through several battles to an ironic end. Joseph L. Gomez is also the author of Sarah Ann, The Story Of A Pioneer Woman, 1997, Biographical Publishing Company.

Not in Vain

At twenty-five years old, Takiya received a mandate by God that would forever change her life. All her life, she walked around in brokenness and pity. She was a victim to her circumstance until she realized that she was more than a conqueror. Takiya realized that she could either be pitiful or powerful. So full faith, she began to heal a part of her that was the most painful area of her childhood. God turned her tragedy into triumph, her mourning into joy. He wiped away her tears and said, "Hello, beautiful. Your pain is not in vain." Tempted to give in to the enemy, she was riddled with shame until her Father showed up and reminded her that He did not call her to a life of condemnation. God has called you to be powerful. He did not call you to a life of pity. It is time you stop speaking the lies of the enemy and start speaking what God says about you: He says you are beautiful. If you will change your mind, God will change your life.

Jesus Death Was Not in Vain

I am Gertrude Manu, a born again Christian married with three children. I am a minister of the gospel. Over two decades, the Lord has used me to preach and teach his word to many that are depressed, brokenhearted, those that are in bondage, and to heal the sick by his grace. Over the years in ministry, I have faced a lot of challenges that sometimes compelled me to have some negative thoughts, but the Lord has always proved himself faithful by making me understand that he is God Alone and he is closer than what we think of. This has moved me to write to as many in his vineyard who might be facing challenges in their Christian race or ministry to be encouraged to know that God rewards the faithful, and he will surely reward us in due season. This is my third book. My first book is entitled You Can Make It through the Storms; my second book, When the Glory Comes. And here is my third book, entitled Your Labour Shall Not Be in Vain. My books are not totally fiction. Many of the messages are out of experience, and they have touched many lives. God has called me in this time to encourage the weak and those that are weary. I minister both in churches and conferences. I live in Italy with my family.

Hello Beautiful, Your Pain Was Not in Vain

A decade ago, my mom was diagnosed with cancer. She was vivacious and selfless and joyful, and cancer took her from me. But it was not just the disease; it was intense medical malpractice and negligence, a case that should have garnered millions of dollars in lawsuits but could never bring back the person I loved most. We fought for her for months, and right until the end, we did everything we could to save her from the disease and the medical mistakes that were slowly killing her. This memoir should serve as the story of my family, the fraying threads in a tapestry that held together at all costs, but also as a guide for anyone who needs to fight for the person they love. This book is dedicated to all the patients, families, loved ones, friends, nurses, doctors, lab technicians, x-ray technicians, aids, and everyone who finds themselves either working in or needing help from an imperfect system.

Life's Labour not in vain. A sermon [on 1 Cor. xv. 15], etc

It wasn't supposed to happen. Not at Joshua College, a small bucolic campus nestled in the peaceful environs of a New England town that mirrored the lives of the families whose sons and daughters went

there. But it DID happen, and much of the "good" citizenry of the country was behind the troopers when they opened fire on a group of demonstrating students, killing three, in what came to be known as the Joshua Massacre. Now, five years later, the parents and survivors gather to remember -- and to seek a measure of justice from those that condoned the men who fired into the unarmed crowd of students without provocation or command.

Your Labour Shall Not Be in Vain

The beloved and timeless King James Version is made available in an affordable edition for Sunday schools, Bible clubs, church presentations, and giveaways. Not in Vain, A Promise Kept

Central to God's character is the quality of holiness. Yet, even so, most people are hard-pressed to define what God's holiness precisely is. Many preachers today avoid the topic altogether because people today don't quite know what to do with words like "awe" or "fear." R. C. Sproul, in this classic work, puts the holiness of God in its proper and central place in the Christian life. He paints an awe-inspiring vision of God that encourages Christian to become holy just as God is holy. Once you encounter the holiness of God, your life will never be the same.

Not in vain

"Scanners Live in Vain" is an incredible science fiction set in the distant future, when traveling to space has become routine. However, to resist the unexplained pain of space, humans are converted into "scanners," so they don't have any senses except the ability to see and hear. This short work showcases Cordwainer Smith's vision of the future and its authorities.

Gift and Award Bible-KJV

Then My Living Shall Not Be in Vain By: Eunice Giles Morgan Walker Then My Living Shall Not Be in Vain is the memoir that covers the life-learnings and personal experiences of Orlean Wilson Dubuclet over a period of ninety-six years. It tells of how a simple mantra of "Where there is a will, there is a way" coupled with God's favor can make dreams come true. The book is filled with "pearls of wisdom" as she relates what she learned at pivotal points in her life. She shares her childhood experiences of growing up in segregated Fort Worth, Texas in the early 1930s and as a fun loving teenager in Los Angeles during the late 1930s and into the 1940s. She also shares her encounters with racism both subtle and overt, and the hurt of losing a dear friend to a Japanese internment camp. She recounts sexual harassment on the job in the fifties, the highs and lows during marriage, and parenting experiences and challenges during married life and as a single mother. The attitude of "I am my brother's keeper" started during early childhood years and continued in different ways into adulthood. Orelean provides evidence

of this when talking about her 83 years as a contributing member of her beloved community and as a proud Los Angelano. She also talks about the founding of The Cooperettes, an organization that helps delinquent youths in the fifties and her dedication and commitment to the community through her work on the Unity Project which focused on creating new black business ownership in South Central Los Angeles following the Watts riots. She proudly shares how she finally achieved her childhood dream of owning and operating a specialty women's dress shop and ends by highlighting the importance of remaining relevant even in retirement and the blessings of always being in "God's Favor".

The Holiness of God

Life can be hard; struggles and pain cause us to grieve, question and sometimes even wallow. Author Ellen Topness addresses these issues and her personal attempts at overcoming the tendency to become stuck in these dark places. Her essays are honest, vulnerable, gently self-deprecating, and often humorous. The book reminds readers they are not alone in their questions, inadequacies, and doubts. Ultimately, it inspires and encourages the reader to perseverance and faith for the journey that is life.

Your Labour Shall Not Be in Vain

I've always wanted to encourage people that God created them for a purpose and plan. He loves us very much. I've been amazed at how He has always been there. He is faithful. I'll be sharing my book with women's shelters. God is here to help us if only we will trust Him. Not In Vain: It's Not About Me, it's about God

Not in Vain

A true story of dedication to sharing the Gospel and bringing written language to an isolated community. This is part of the story of George and Helen Hart, missionaries and language translators, who worked during the last half of the 20th century in Peru, specifically with the Chayahuita people group (now known as Shawi), to preserve their language in written form, and to translate the Bible into their language as well as make writing their language accessible to those within and outside their community. "Not In Vain" presents the answers to two basic questions. One is: "what was God's purpose for George and Helen Hart?" The other: "how did God fulfill that purpose in their lives?" This biography contains interviews from those who worked with the Hart family, as well as family members themselves, and focuses on what God did through these, and the many people their lives touched.

Scanners Live in Vain

Robert Johnson was undoubtedly the most outstanding of the Mississippi Delta blues musicians and also one of the first inductees into the Rock and Roll Hall of Fame, but his short life remains steeped in mystery and wrapped in some of the most enduring legends of modern music. "Love in Vain" is Alan Greenberg's remarkable, highly acclaimed, and genre-defying screenplay and is widely considered to be one of the foremost books on Robert Johnson's life and legacy and an extraordinary exercise in American mythmaking. Newly revised and complete with extensive historical notes on Johnson's life and the culture of the Mississippi Delta and blues music during the 1930s, "Love in Vain" is at once a classic of music writing and a screenplay whose reputation lies firmly in the realm of great American literature. "

THEN MY LIVING SHALL NOT BE IN VAIN

DigiCat Publishing presents to you this special edition of "Scanners Live in Vain" by Paul Myron Anthony Linebarger. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Johnny the Gecko Did Not Die in Vain:

Why Does God Make Us Wait? And Wait... And Wait... In a fast-paced society, we don't like waiting for anything. Drive-throughs and microwaves expedite dinner while texting and email afford instantaneous communication. Because we're conditioned to expect instant gratification, we're startled—even frustrated—when we have to wait. And perhaps we become spiritually frustrated, doubting our faith,

when we find ourselves waiting on God. Bradley Baurain invites Christians to reject how society has conditioned us to view waiting—especially when it comes to knowing God. On *Waiting Well* identifies the experience of waiting as a crucial dimension to loving God, having faith, and following Christ. Your time doesn't have to become passive, purposeless, or tedious when God seems to be absent or moving slowly. Instead, discover how waiting is actually integral to God's plans of life and salvation. When we gain that perspective, these seemingly dry times of waiting become invigorating opportunities to strengthen our hope in God and see that He is always faithful.

In Vain

The NIV is the world's best-selling modern translation, with over 150 million copies in print since its first full publication in 1978. This highly accurate and smooth-reading version of the Bible in modern English has the largest library of printed and electronic support material of any modern translation.

Not In Vain

Just as the construction of a house requires much thought, preparation, and personal effort, so too does the progression of our spiritual life. A house cannot be built on a foundation that has poor footings. If this happens it will contribute to an improper or substandard base that cannot maintain what is built on top of it. Solomon writes, "Unless the LORD builds the house, its builder's labor in vain..." (Psalms 127:1 NIV). This book, "Construction, Obstruction, or Destruction" is the first volume in a series on the topic of the Lord constructing the perfect house—that is, completing us just the way that He intended us to be. Like building a house, we must follow Him appropriately as He guides us. True spiritual understanding will always manifest itself through application that honors Christ and gives glory to God. Dr. Rock D Moore, author, pastor, husband, and father has an Ed.D. in Human Services/Counseling and has served in various ministerial and leadership roles for over 25 years. Rock and his wife, Michelle, have been married ten years, and have one daughter, Faith. He is currently the pastor of a new church plant in Southern California. His contact information is: www.hishouseinthecanyons.com

Not in Vain

From 'Crossroads Blues' to 'Sweet Home Chicago', 'Hellhound on My Trail' to 'Come On In My Kitchen', Robert Johnson wrote some of the most enduring and formative songs of the original blues era, songs that would go on to help shape the birth of rock'n'roll in the 1960s. Beloved of Clapton, Dylan and the Stones, Robert Johnson remains one of the most iconic and mythologised figures in popular music (and the first of many to die at the age of 27). Born in the in the South in Mississippi, Johnson made his way to the urban North as a travelling musician, but it was only when he returned to the South that he recorded the twenty-nine songs, in two sessions, which would create his legacy. Exploring the stories and legends that surround his life and death - his childhood, his womanising, his pact with the devil at the crossroads - Mezzo and DuPont have produced a fittingly creative and beautiful depiction of this most extraordinary life.

Not in Vain

Supportive of Christian and Religious values.

Scanners Live in Vain

A fast-paced, compulsively readable one-volume narrative of the American Civil War, by the author of the acclaimed saga of World War II, *Delivered from Evil*.

The New Testament of Our Lord and Saviour Jesus Christ

"Have you ever felt as if you're just playing a part in everyone else's story rather than being the main character of your own? That feeling can seem so real, but that's not how God sees it. Through the many courageous, unpredictable, and surprising stories of women in the Bible, God shows us that not only was each uniquely equipped to star in her own story, but she was also just as equipped to augment the stories of those around her. This isn't only true for women who lived thousands of years ago; it's

also true for us today. God has a wonderful plan and purpose for your life. No one is more perfectly suited to fill the lead role in your-God ordained adventure than you, so get ready to take place as the supernaturally appointed heroine of your own story!" -- taken from back cover.

On Waiting Well

Georgette Scott 's new book will inspire you during those dark and uncertain times in your life. Every woman should know that your tears are not in vain.

Holy Bible (NIV)

Not in Vain
