First Certificate Practice Tests

IDIOMS ORGANISER is the most comprehensive idioms practice book for intermediate and advanced students. It is ideal for all students preparing for the FCE, CAE, Proficiency, and TOEFL exams. IDIOMS ORGANISER takes this difficult area for students and organises it in such a way that students at last can make sense of it.

IELTS Practice Tests

Recent field studies of a variety of mammalian species reveal a surprisingly high frequency of infanticide - the killing of unweaned or otherwise maternally dependent offspring. Similarly, studies of birds, fish, amphibians, and invertebrates demonstrate egg and larval mortality in these species, a phenomenon directly analogous to infanticide in mammals. In this collection, Hausfater and Hrdy draw together work on animal and human infanticide and place these studies in a broad evolutionary and comparative perspective. Infanticide presents the theoretical background and taxonomic distribution of infanticide, infanticide in nonhuman primates, infanticide in rodents, and infanticide in humans. It examines closely sex allocation and sex ratio theory, surveys the phylogeny of mammalian interbirth intervals, and

reviews data on sources of egg and larval mortality in a variety of invertebrate and lower vertebrate species. Dealing with infanticide in nonhuman primates, two chapters critically examine data on infanticide in langurs and its broader theoretical implications. By reviewing sources of infant mortality in populations of small mammals and new laboratory analyses of the causes and consequences of infanticide, this work explores such issues as the ontogeny of infanticide, proximate cues of infants and females which elicit infanticidal behavior in males, the genetical basis of infanticide, and the hormonal determinants. Hausfater and Sarah Blaffer Hrdy, through their selection of materials for this book, evaluate the frequency, causes, and function of infanticide. Historical, ethnographic, and recent data on infanticide are surveyed. "Infanticide" summarizes current research on the evolutionary origins and proximate causation of infanticide in animals and man. As such it will be indispensable reading for anthropologists and behavioral biologists as well as ecologists, psychologists, demographers, and epidemiologists.

Idioms Organiser

This volume offers research-based studies on English for Specific Purposes in higher education from across the world. By drawing on international studies, the book brings together diverse ESP practices and aspects of relevant issues in the development of ESP programs, teachers and learners in a coherent fashion. There is a growing need for undergraduate students to develop their proficiency of ESP skills and knowledge in the increasingly globalized world. Knowledge of ESP is an important factor in subject matter learning by students, and also closely related to the performance of university graduates in the relevant sectors. Careful planning and efficient implementation are essential to ensure the quality of the language learning process. For a variety of reasons, it proves difficult to maintain ESP instruction in higher education. These reasons include the incompetence of teachers, lack of materials for that specific context, as well as lack of opportunities for ESP teachers to develop their skills. The chapters in this book, taken from a wide variety of countries, shed light on the diversity of current practices and issues surrounding ESP.

Infanticide

Spotlight on FCE prepares students to be fully aware of how the exam works and how to be ready to pass it. It consolidates and builds on essential areas of grammar and vocabulary. It also develops the speaking, reading, writing and listening skills required to pass. Spotlight on FCE also works well with the new online preparation course My FCE, which offers over 40 hours of additional test preparation.

Key Issues in English for Specific Purposes in Higher Education

This edited book brings together ten empirical papers reporting original studies investigating different facets of individual variation second language learning and teaching. The individual difference factors covered include, among others, motivation, self, anxiety, emotions, willingness to communicate, beliefs, age, and language learning strategies. What is especially important, some of the contributions to the volume offer insights into intricate interplays of these factors while others attempt to relate them to learning specific target language subsystems or concrete instructional options. All the chapters also include tangible implications for language pedagogy. The book is of interest to both researchers examining the role of individual variation in second language learning and teaching, teacher trainers, graduate and doctoral students in foreign languages departments, as well as practitioners wishing to enhance the effectiveness of second language instruction in their classrooms.

Spotlight on FCE

This exam preparation and revision text for the First Certificate exam employs a two-page format - the left-hand pages provide FCE practice and the right-hand pages organize the language just covered. This edition has been published to accompany the revised First Certificate Examination.

Investigating Individual Learner Differences in Second Language Learning

Exam Essentials is our major British English exam preparation series combining exam preparation, practice, and tips for the revised Cambridge English exams. This effective combination of testing and teaching has proved a popular formula with teachers and students. The first two practice tests in each book are 'walk-through' tests. Students are carefully guided through the tests and shown how they work and what they have to do to succeed in each part of the exam. Additional step-by-step support for the

Writing paper is offered in all the tests. All of the tests are written by experts in the field, which means that students preparing for the exams experience material that is appropriate for and at a level at least as high as the actual exams. Candidates internationally find the Speaking test very challenging. To help them deal with this, each Practice Test book comes with a DVD-ROM which includes a bespoke video showing a complete Speaking test interview as well as an examiner talking about this part of the exam and giving students expert guidance on how to approach it. The DVD-ROM also features worksheets to use with the interview and all the Listening test files.

First Certificate Organiser

Language Testing Reconsidered provides a critical update on major issues that have engaged the field of language testing since its inception. Anyone who is working in, studying or teaching language testing should have a copy of this book. The information, discussions, and reflections offered within the volume address major developments within the field over the past decades, enlivened by current "takes" on these issues. The real value of this collection, however, lies in its consideration of the past as a means of defining the future agenda of language testing.

Exam Essentials: Cambridge First Practice Tests 1 W/O Key + DVD-ROM

Exam Essentials Practice Tests provide students with an invaluable combination of exam information, task guidance and up-to-date exam practice. This revised edition provides updated tests along with two completely new tests written by experts in the field and are at least the same level as the real Cambridge English exam. Students can be confident that if they do well in the Practice Tests, they'll do well in the real exam

Language Testing Reconsidered

CAE Practice Tests Plus consists of five complete tests in line with the modified 1999 Cambridge Certificate in Advanced English exam. It provides students with additional practice material throughout their course and familiarizes them with the exact form of the exam.

Exam Essentials: Cambridge Advanced Practice Tests 1 with Key

The 23rd EUROCALL conference was organised by the Cyprus University of Technology Language Centre. The theme of the conference was "CALL communities and Culture". Between the 24th and 27th August 2016, over 135 presentations were delivered and 27 posters were presented; 84 of these presentations appear in this volume of selected peer-reviewed short papers.

CAE Practice Tests Plus 1

A set of five practice tests for the Cambridge Certificate in Advanced English exam, revised to take account of the requirements from December 1999. The authors' close involvement in the CAE enables students to practice exam questions which genuinely replicate the real test papers. Each reading text is taken from a different source, giving students experience in coping with a wide variety of authentic material. Photocopiable answer sheets give students the opportunity to practise transferring their answers from the test paper, reducing the risk of making mistakes under pressure. Teachers and students can also learn about the marking scheme in the With Answers edition through detailed notes and real examples of students' compositions.

CALL communities and culture – short papers from EUROCALL 2016

Collins Skills for TOEFL is a two book series (1 Listening/Speaking, 2 Reading/Writing) to help students prepare for the &2Test of English as a Foreign Language&2, used by over 7,500 institutions in 130 countries as a measure of language ability. To date 25 million students have taken the test around the world.

CAE Practice Tests

Teaching and Researching Listening provides a focused, state-of-the-art treatment of the linguistic, psycholinguistic and pragmatic processes that are involved in oral language use, and shows how these processes influence listening in a range of practical contexts. Through understanding the interaction between these processes, language educators and researchers can develop more robust research

methods and more effective classroom language teaching approaches. In this fully revised and updated second edition, the book: examines a full range of teaching methods and research initiatives related to listening gives definitions of key concepts in neurolinguistics and psycholinguistics provides a clear agenda for implementing listening strategies and designing tests offers an abundance of resources for immediate use for teaching and research Featuring insightful quotes and concept boxes, chapter overviews and summaries to guide the reader, Teaching and Researching Listening will engage and inform teachers, teacher trainers and researchers investigating communicative language use.

Skills for the TOEFL IBT Test

Exam Essentials Practice Tests provide students with an invaluable combination of exam information, task guidance and up-to-date exam practice. This revised edition provides updated tests along with two completely new tests written by experts in the field and are at least the same level as the real Cambridge English exam. Students can be confident that if they do well in the Practice Tests, they'll do well in the real exam

Approaches to Pronunciation Teaching

An up-to-date review of the relevant literature on assessing speaking.

Teaching and Researching: Listening

Find out more here

Exam Essentials: Cambridge Advanced Practice Tests 2 with Key

KEY WORDS FOR FLUENCY Intermediate provides practice in learning collocations of some of the most useful words in English. It emphasizes common words that occur in many different contexts and identifies over 150 nouns essential for fluency.

Examining Speaking

This book explores theories and pedagogies in the L2 classroom that have led to an understanding of how non-native languages are taught and learned. Featuring a diverse set of perspectives from researchers and language educators from around the globe, this book highlights important theoretical and practical underpinnings of the L2 classroom—discussions on what has worked and why. Some examples of these topics include: online and nonverbal communication, peace literacy, learning behaviors, high-impact practices, pragmatic awareness, study abroad, implicit and explicit teaching, motivation, and more. One mission of this book is to appreciate a diverse array of L2 teaching practices with sound theoretical underpinnings and universal implications for L2 classrooms. The chapter contributions are the result of an open call for studies that highlight practical innovative approaches in L2 teaching and learning and expand the avenues of exploration available within their theoretical frameworks. More specifically, the call for proposals sought to gather a diverse set of perspectives from researchers and language educators from various parts of the world in order to provide practical and thought-provoking insight on innovative approaches to L2 teaching. As such, the studies in this book all share a common goal that demonstrates the applicability of L2 teaching practices across languages, cultures, and regions. The book is intended to act as a valuable reference for language educators, practitioners, specialists, and anyone studying or wishing to gain an overview of successful teaching practices and learning nuances in the L2 classroom that cross all languages, cultures, and regions.

English File - Beginner

Accessible, practical and concise, this revised edition expertly tackles the practical problems which writers face when they attempt to transfer the rich data experience of their real world research into a textual product. New attention is paid to the crucial issues of the nature and use of visual data, personal narrative, core and periphery data, and data reconstruction and fictionalization. Sensitive issues dealing with the appropriate use of identity in research settings are clearly discussed, while techniques for avoiding reductive judgements are presented and critically discussed. By making the workings of written study transparent, the book demonstrates how to manage subjectivity and achieve scientific rigour in the qualitative research process. This book provides accessible advice for novice researchers on where to begin and how to proceed. But much more than a simple manual, it also guides the more experience researcher through the social, cultural and political complexities involved in every step of the way. It is an essential tool for students in all disciplines that engage in qualitative research, including sociology, applied linguistics, management, sport science, health studies and education.

Key Words for Fluency Intermediate

The book investigates the linguistic and processing factors underpinning Japanese EFL learners' reading comprehension performance.

Studies and Global Perspectives of Second Language Teaching and Learning

This supplementary ebook contains the 12 chapters from the first edition of Brian Tomlinson's comprehensive *Developing Materials for Language Teaching* on various aspects of materials development for language teaching that did not, for reasons of space, appear in the second edition.

Doing & Writing Qualitative Research

This volume offers a comprehensive, empirical and methodological view over new scenarios recently emerged in language teaching and learning, such as blended learning, e-learning, ubiquitous, social, autonomous or lifelong learning, and also over some new (ICT-based) approaches that can support them (CALL, MALL, CLIL, LMOOCs).

English File: Pre-Intermediate. Student's Book with Online Practice

Compact Key for Schools is a focused, 50 - 60 hour course for the Cambridge English: Key (KET) for Schools exam. This Student's Book features twelve topic-based units with focused exam preparation to maximise the performance of school-age learners. Units contain pages on Reading, Writing, Listening, Speaking, Grammar and Vocabulary. A Grammar reference covers key areas in the syllabus and unit-based wordlists include target vocabulary with definitions. A Speaking Guide provides extra support for this paper. The accompanying CD-ROM provides interactive grammar, vocabulary and exam skills tasks including listening. The Student's Book includes a full practice test. A further practice test with audio is available online. Class Audio CD containing the listening material for this course is available separately.

We Can!

This research collection presents a critical review of the materials used for learning English around the world. The first section includes a discussion of materials for specific learners and purposes, such as young learners, self-study, academic writing and general proficiency. The second section presents a detailed study of the materials used in Europe, Asia, North America, South America, Africa and Australia, and critically evaluates their effectiveness in the teaching of English to speakers of other languages. Taking both the teacher's and the learner's needs into consideration, the book makes a positive contribution to the future of research in materials development, and has practical applications. This comprehensive, critical analysis of materials in use around the world will be useful for academics researching materials development and applied linguistics and for students on post-graduate applied linguistics and ELT courses.

Components of L2 Reading

Suitable for CAE examination, this title features 2 fully-guided tests with useful tips; 6 tests; information on the exam; guide on how to use the book; section on the Speaking Paper in full colour that includes additional helpful phrases and expressions; and, Separate Writing Bank with fully written out model compositions.

Developing Materials for Language Teaching

This is the second edition of Organized Crime and Violence in Mexico. Like last year's report, this study builds on 10 years of reports published by Justice in Mexico under the title Drug Violence in Mexico. The Drug Violence in Mexico series examined patterns of crime and violence attributable to organized crime, and particularly drug trafficking organizations, as well as other related issues, such as judicial sector reform and human rights in Mexico. At the 10 year mark, in 2019, this series of reports was retitled "Organized Crime and Violence in Mexico" to reflect the proliferation and diversification of organized crime groups over the last decade and the corresponding wave of violence. As in previous years, this report compiles the most recent data and analysis of crime, violence, and rule of law in Mexico to help inform government officials, policy analysts, and the general public.

New perspectives on teaching and working with languages in the digital era

Written by a selection of his friends and collaborators, this multi-authored volume is intended as a tribute to the academic achievements of Professor Cyril J Weir. Each contribution will refer to a particular aspect of Cyril's legacy to the field of language testing and assessment, both nationally and internationally, in order to discuss and reflect upon some of the specific lessons we have learned from him for our profession.

Compact Key for Schools Student's Book without Answers with CD-ROM

IELTS is our major British English exam preparation series combining exam preparation, practice, and tips. This effective combination of testing and teaching has proved a popular formula with teachers and students. This book deals with this exam.

Use of English

"Focus on Speaking is an introductory text on teaching speaking to adult second language learners. It examines different theoretical perspectives on spoken language and offers practical suggestions for teaching." -back cover.
