Canada Food Guide: What you should eat - Canada Food Guide: What you should eat by National Post 24,169 views 2 years ago 1 minute, 38 seconds

Canada's official food guide recommends eating plenty of veggies and fruits, whole grains and protein foods.

The guidelines also recommends avoiding processed, prepared foods and added sodium and sugar. It leaves aside meat and sugars in favour of fruits and vegetables.

The guide, introduced in 2019, does away with food groups and portion sizes.

Daily intake of oils and fats are no longer promoted and saturated fats are discouraged.

The guidelines also call for Canadians to be mindful of their eating habits, read food labels and be aware of marketing influence.

It also encourages planning, preparing and eating meals with other people.
