Mystery Science Theater 3000

The hit Netflix show has come to comics! The riffing hilarity of the Mystery Science Theater 3000 comes to comics when Kinga Forrester pairs her Kingachrome Liquid Medium with her latest invention--the Bubbulat-R! Jonah Heston, Crow T. Robot, and Tom Servo find themselves thrust into the 2-D world of public domain comics, with riffing as their only defense! From its humble beginnings on a tiny mid-west TV station in 1988, through its years as a mainstay on The Comedy Channel/Comedy Central and the SciFi Channel all through the '90s, to its spectacular resurrection on Netflix in 2017, Mystery Science Theater 3000 has had a transformative effect on television, comedy, and the way old, cheesy movies are viewed. Now creator Joel Hodgson has set his sights on the comics medium, and the four-color pamphlets will never be the same!

Who's who in Entertainment

THE NEW YORK TIMES BESTSELLER A deeply honest investigation of what it means to be a woman and a commodity from Emily Ratajkowski, the archetypal, multi-hyphenate celebrity of our time. _____ 'This is the book for every woman trying to place their body on the map of consumption vs control, and every woman who wants to better understand her impulses. It left me much changed' - Lena Dunham 'I read these pages, breathless with recognition, and the thrill of reading a new voice telling it like it is' - Dani Shapiro 'Emily Ratajkowski's first essay collection needs to be read by everyone [...] both page-turning and moving as hell' - Amy Schumer 'A slow, complicated indictment of a profession and the people who propel it [...] it will deliver a more nuanced and introspective rendering of her interior than those who come to it with those surface interests might expect' - Vogue 'Dazzling' - Observer 'Ratajkowski brings nuanced insight to questions about empowerment versus commodification of women's bodies and sexuality. Blending cultural criticism and personal stories, My Body is smart and powerful' - Time Magazine 'Raw, nuanced and beautifully written. A moving and enlightening experience to join a woman openly exploring such deep parts of her physical self via the written word. A truly impressive debut' - Emma Gannon 'Excellent [...] Ratajkowski writes with curiosity, intellect and acute awareness' - Harper's Bazaar 'Superb [...] it feels revolutionary' - Telegraph 'I admire and envy her artistry' - Guardian _____ Emily Ratajkowski is an acclaimed model and actress, an engaged political progressive, a formidable entrepreneur, a global social media phenomenon, and now, a writer. Rocketing to world fame at age twenty-one, Ratajkowski sparked both praise and furor with the provocative display of her body as an unapologetic statement of feminist empowerment. The subsequent evolution in her thinking about our culture's commodification of women is the subject of this book. My Body is a profoundly personal exploration of feminism, sexuality, and power, of men's treatment of women and women's rationalizations for accepting that treatment. These essays chronicle moments from Ratajkowski's life while investigating the culture's fetishization of girls and female beauty, its obsession with and contempt for women's sexuality, the perverse dynamics of the fashion and film industries, and the grey area between consent and abuse. Nuanced, unflinching, and incisive, My Body marks the debut of a fierce writer brimming with courage and intelligence.

In a spaceship that can travel at the speed of light, Ulysse, a journalist, sets off from Earth for the nearest solar system. He finds there a planet which resembles his own, but on Soror humans behave like animals, and are hunted by a civilised race of primates. Captured and sent to a research facility, Ulysse must convince the apes of their mutual origins. But such revelations will have always been greeted by prejudice and fear...

"A blissful treasure trove of gossipy insider details that Dolls fans will swiftly devour." --Kirkus Reviews The unbelievable-but-true, inside story of Jacqueline Susann's pop culture icon Valley of the Dolls--the landmark novel and publishing phenomenon, the infamous smash hit film ("the best worst movie ever made"), and Dolls's thriving legacy today Since its publication in 1966, Jacqueline Susann's Valley of the Dolls has reigned as one of the most influential and beloved pieces of commercial fiction. Selling over thirty-one million copies worldwide, it revolutionized overnight the way books got sold, thanks to the tireless and canny self-promoting Susann. It also generated endless speculation about the author's real-life models for its larger-than-life characters. Turned in 1967 into an international box-office sensation and morphing into a much-beloved cult film, its influence endures today in everything from films and TV shows to fashion and cosmetics tributes and tie-ins. Susann's compulsive readable exposé of three female friends finding success in New York City and Hollywood was a scandalous eye-opener for its candid treatment of sex, naked ambition, ageism, and pill-popping, and the big screen version was

one of the most-seen and talked-about movies of the time. *Dolls! Dolls! Dolls!* digs deep into the creation of that hugely successful film--a journey nearly as cut-throat, sexually-charged, tragic, and revelatory as Susann's novel itself--and uncovers how the movie has become a cherished, widely imitated camp classic, thanks to its over-the-top performances, endlessly quotable absurd dialogue, outré costumes and hairdos, despite the high aspirations, money, and talent lavished on it. Screenwriter-journalist-film historian Stephen Rebello has conducted archival research and new interviews to draw back the velvet curtain on the behind-the-scenes intrigue, feuds and machinations that marked the film's production. In doing so, he unveils a rich, detailed history of fast-changing, late 1960s Hollywood, on screen and off.

The definitive biography of the revolutionary band Nirvana and its star-crossed frontman Kurt Cobain, hailed by *Rolling Stone* as "the first [book] to comprehensively tell the band's tale from Aberdeen, Wash., to world domination" "Amazingly raw and candid . . . an unsparing and extremely honest depiction of the group's highly tumultuous history . . . *Come As You Are* is as good as rock bios get."—*Billboard* "Just tell the truth. That'll be better than anything else that's been written about me."—Kurt Cobain *Nirvana* came out of nowhere in 1991 to sell nearly five million copies of their landmark album *Nevermind*, whose thunderous sound and indelible melodies embodied all the confusion, frustration, and passion of the emerging Generation X. *Come As You Are* is the close-up, intimate story of Nirvana—the only book with exclusive in-depth interviews with bandmembers Kurt Cobain, Krist Noveselic, and Dave Grohl, as well as friends, relatives, former bandmembers, and associates—now updated to include a final chapter detailing the last year of Kurt Cobain's life, before his tragic suicide in April 1994. Hollywood Screenwriting Directory Fall/Winter

A landmark American drama that inspired a classic film and a Broadway revival—featuring an introduction by David Mamet A blistering character study and an examination of the American melting pot and the judicial system that keeps it in check, *Twelve Angry Men* holds at its core a deeply patriotic faith in the U.S. legal system. The play centers on Juror Eight, who is at first the sole holdout in an 11-1 guilty vote. Eight sets his sights not on proving the other jurors wrong but rather on getting them to look at the situation in a clear-eyed way not affected by their personal prejudices or biases. Reginald Rose deliberately and carefully peels away the layers of artifice from the men and allows a fuller picture to form of them—and of America, at its best and worst. After the critically acclaimed teleplay aired in 1954, this landmark American drama went on to become a cinematic masterpiece in 1957 starring Henry Fonda, for which Rose wrote the adaptation. More recently, *Twelve Angry Men* had a successful, and award-winning, run on Broadway. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Understanding Media

An apocalyptic cult member, a jazz buff in Tokyo, a woman on a holy mountain, a burnt-out lawyer, a Mongolian gangster, a redundant spy, a despondent 'zookeeper', a nuclear scientist, a ghostwriter, a ghost, and a New York DJ are all tenuously connected. All of them have tales to tell, and all must play their part as they are caught up in the inescapable forces of cause and effect.

Cinema Studies: The Key Concepts

An all-access, firsthand account of the life and music of one of history's most beloved bands--from an original mastering engineer at Abbey Road Geoff Emerick became an assistant engineer at the legendary Abbey Road Studios in 1962 at age fifteen, and was present as a new band called the Beatles recorded their first songs. He later worked with the Beatles as they recorded their singles "She Loves You" and "I Want to Hold Your Hand," the songs that would propel them to international superstardom. In 1964 he would witness the transformation of this young and playful group from Liverpool into professional, polished musicians as they put to tape classic songs such as "Eight Days A Week" and "I Feel Fine." Then, in 1966, at age nineteen, Geoff Emerick became the Beatles' chief engineer, the man responsible for their distinctive sound as they recorded the classic album *Revolver*, in which they pioneered innovative recording techniques that changed the course of rock history. Emerick would also engineer the monumental *Sgt. Pepper* and *Abbey Road* albums, considered by many the greatest rock recordings of all time. In *Here, There and Everywhere* he reveals the creative process of the band in the studio, and describes how he achieved the sounds on their most famous songs. Emerick also brings to light the personal dynamics of the band, from the relentless (and increasingly mean-spirited) competition between Lennon and McCartney to the infighting and frustration that eventually brought a bitter end to the greatest rock band the world has ever known.

Come As You Are

A massive anthology of texts, visual material, and research on TBA21's commissions and the foundation's vast collection of over 700 artworks. "What survives after the artwork?" asks curator and researcher Natasha Ginwala in one of the essays in *Thyssen-Bornemisza Art Contemporary: The Commissions Book*, a new and comprehensive publication by the art foundation Thyssen-Bornemisza Art Contemporary (TBA21), founded by Francesca Thyssen-Bornemisza in Vienna, Austria, in 2002. "The artwork is not just the thing in itself, but also the metaphysical infrastructure and unfinished relationships that produce it," Ginwala writes. In that sense, this anthology of texts, visual material, and research

on TBA21's commissions and the foundation's vast collection of over 700 artworks serves as vivid testimony to the processes and relationships that enabled them. In over 1,300 pages The Commissions Book engages with more than 100 works of art, proposing a speculative topography that organizes and weaves together sequences of potential narratives and interrogations along with close examinations of different works of art and a collective archive of images. The stories embedded in these works, as well as in TBA21 and TBA21-Academy's practice--an itinerant site of transdisciplinary research and cultural production engaging with the oceans--is a story of making new connections, or rather creating interconnections. Bringing together visual and written material from TBA21's commissioning practice and vast history of exhibitions and live events, The Commissions Book also goes beyond the foundation's archives to present new works and commissions by Cecilia Bengolea, Claudia Comte, SUPERFLEX, and Territorial Agency, amongst many others. New essays by Natasha Ginwala's and such transdisciplinary feminist thinkers as Astrida Neimanis and Eva Hayward transcend individual artistic positions and ask questions that lie at the core of TBA21's program.
