Rose's Notes on the United States Supreme Court Reports (2 Dallas to 241 United States Reports)

"A brief chronological digest of all points determined in the decisions of the Supreme court, with notes showing the influence, following and present authority of each case, as disclosed by the citations comprising all citing cases in that court, the intermediate and inferior federal courts, and the courts of last resort of all the states."--T.p.

Rose's Notes on the United States Supreme Court Reports (2 Dallas to 241 United States Reports)

Excerpt from Index-Digest to the Monographic Notes in the American State Reports: Volumes 1 to 91 The prime object of a digest is to enable the practitioner to find points and principles of law for which he may be looking, and to find them quickly and accurately. With this end in view, the present index-digest has been prepared. The general scheme which has been followed is that employed in the Century Digest and in the current American and general digests. The reason for following this scheme is that practitioners generally are more or less familiar with the use of that system, and their work will be facilitated thereby. The many voluminous notes on practically every subject known to the law, which are to be found in the American State Reports, will thus be rendered far more serviceable by making every point in them easily accessible. Where the subject of a note might with reason be digested under any one of several heads, sufficient reference to such note will be found under each appropriate head, thus economizing a practitioner's time in looking for a particular subject. Rose's Notes on the United States Supreme Court Reports (2 Dallas to 241 United States Reports), Vol. 5

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.
