The Lances of Lynwood

The Lances of Lynwood By Charlotte Mary Yonge A classic historical novel which takes place in England and France during the reign of Edward III. The novel follows the growth of a young man from weak and scholarly, to a bold knight. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

The Lances of Lynwood

For an explanation of the allusions in the present Tale, scarcely any Notes are necessary, save a reference to the bewitching Chronicle of Froissart; and we cannot but hope that our sketch may serve

as an inducement to some young readers to make acquaintance with the delectable old Canon for themselves, undeterred by the size of his tomes. The story of Orthon is almost verbally copied from him, and bears a curious resemblance to various German legends - such as that of "Heinzelman," to be found in Keightley's "Fairy Mythology," and to "Teague of the Lea," as related in Croker's "Irish Fairy Legends."

The Lances of Lynwood

A classic historical novel which takes place in England and France during the reign of Edward III. The novel follows the growth of a young man from weak and scholarly, to a bold knight.

The Lances Of Lynwood

The historical thriller "The Lances of Lynwood" by Charlotte M. Yonge transports readers to the realm of knights and chivalry in the Middle Ages. The novel, which takes place during the Hundred Years' War, follows the valiant and honest Sir Eustace Lynwood as he sets out on a journey for integrity, loyalty, and personal development. Yonge presents a vivid image of the medieval era with great regard to historical detail, capturing the core of its rituals, traditions, and chivalric ideals. As Sir Eustace and his sister Lady Margaret deal with the difficulties of their aristocratic ancestry, the book tackles themes of responsibility, sacrifice, and the intricacies of family relations. "The Lances of Lynwood" puts readers on the edge of their seats with its thrilling fights, political intrigues, and personal struggles. Both the imaginary characters and the historical persons who appear in the novel come to life because of Yonge's deft storytelling. Yonge asks readers to investigate concepts of honor, bravery, and the transforming potential of human development via the exploits of Sir Eustace Lynwood. Readers who prefer historical fiction and stories about knights and medieval exploits will find the book to be engrossing and engaging.

The Lances of Lynwood

Collectors edition!"Virtue Conquers" is the theme of this wholesome adventure story set in the Middle Ages during the reign of Edward III of England. Eustace, the scholarly but valiant brother-in-law of Sir Reginald Lynwood, goes as his squire to Spain under the banner of the English sovereign. In his first battle, he loses his brother-in-law but gains a knight's spurs for his courage. His future looks very bright, but soon his prospects sour through no fault of his own. Suspicion, rumors of wizardry, and attempts on his life now replace the earlier praise and honor, and how he confronts injustice makes an interesting read full of chivalry and adventure.

Slavery, Emancipation, and Freedom

It is beyond dispute that slavery has always been abhorrent and, wherever it still exists, should be abolished. Where most scholarly writing on slavery in the past has concentrated on examining slaves as victims, recent writings have taken a more nuanced view of slavery in focusing on the slaves themselves and their cultural and psychological accomplishments in captivity. Also, studies of the system's profitability have shown that, from an economic perspective, slavery worked for the slaveholders and their society. In *Slavery, Emancipation, and Freedom*, the distinguished scholar Stanley Engerman succinctly synthesizes current scholarship and addresses questions that are critical to understanding the nature of slavery: Why did slavery arise, and how, why, where, and when did it legally end? What impact did slavery have on the enslaved? Was the impact lingering or was it reversed by the provision of freedom? Engerman begins his study by discussing slavery from a global perspective. He reminds us of the ubiquity of slavery throughout the world, challenging the stereotype that it was only the American South's "peculiar institution." Using the same broad comparative and temporal approach to discuss emancipation, he shows how emancipation in the southern states, several decades after it began in other parts of the world, both differed from and mirrored abolition around the globe. *Slavery, Emancipation, and Freedom* is an important confrontation with America's and the world's past and present. Both the breadth and depth of this brief, incisive treatise demonstrate why Engerman is considered one of America's most insightful and respected scholars.

Oral History

Oral History: An Interdisciplinary Anthology is a collection of classic articles by some of the best known proponents of oral history, demonstrating the basics of oral history, while also acting as a guidebook for how to use it in research. Added to this new edition is insight into how oral history is practiced on an international scale, making this book an indispensable resource for scholars of history and social sciences, as well as those interested in oral history on the avocational level. This volume is a reprint of the 1984 edition, with the added bonus of a new introduction by David Dunaway and a new section on how oral history is practiced on an international scale. Selections from the original volume trace the origins of oral history in the United States, provide insights on methodology and interpretation, and review the various approaches to oral history used by folklorists, historians, anthropologists, and librarians, among others. Family and ethnic historians will find chapters addressing the applications of oral history in those fields.

"The best fantasy novel I've read in years, because it's about real people... Impossible to put down."
—Stephen King
The smash New York Times bestseller from Leigh Bardugo, a mesmerizing tale of power, privilege, and dark magic set among the Ivy League elite. Goodreads Choice Award Winner Locus Finalist Galaxy "Alex" Stern is the most unlikely member of Yale's freshman class. Raised in the Los Angeles hinterlands by a hippie mom, Alex dropped out of school early and into a world of shady drug-dealer boyfriends, dead-end jobs, and much, much worse. In fact, by age twenty, she is the sole survivor of a horrific, unsolved multiple homicide. Some might say she's thrown her life away. But at her hospital bed, Alex is offered a second chance: to attend one of the world's most prestigious universities on a full ride. What's the catch, and why her? Still searching for answers, Alex arrives in New Haven tasked by her mysterious benefactors with monitoring the activities of Yale's secret societies. Their eight windowless "tombs" are the well-known haunts of the rich and powerful, from high-ranking politicians to

Wall Street's biggest players. But their occult activities are more sinister and more extraordinary than any paranoid imagination might conceive. They tamper with forbidden magic. They raise the dead. And, sometimes, they prey on the living. Don't miss the highly-anticipated sequel, *Hell Bent*.

The Saturday Review of Politics, Literature, Science and Art

Richard Drake has skillfully woven together the various strands of the Appalachian experience into a sweeping whole. Touching upon folk traditions, health care, the environment, higher education, the role of blacks and women, and much more, Drake offers a compelling social history of a unique American region. The Appalachian region, extending from Alabama in the South up to the Allegheny highlands of Pennsylvania, has historically been characterized by its largely rural populations, rich natural resources that have fueled industry in other parts of the country, and the strong and wild, undeveloped land. The rugged geography of the region allowed Native American societies, especially the Cherokee, to flourish. Early white settlers tended to favor a self-sufficient approach to farming, contrary to the land grabbing and plantation building going on elsewhere in the South. The growth of a market economy and competition from other agricultural areas of the country sparked an economic decline of the region's rural population at least as early as 1830. The Civil War and the sometimes hostile legislation of Reconstruction made life even more difficult for rural Appalachians. Recent history of the region is marked by the corporate exploitation of resources. Regional oil, gas, and coal had attracted some industry even before the Civil War, but the postwar years saw an immense expansion of American industry, nearly all of which relied heavily on Appalachian fossil fuels, particularly coal. What was initially a boon to the region eventually brought financial disaster to many mountain people as unsafe working conditions and strip mining ravaged the land and its inhabitants. *A History of Appalachia* also examines pockets of urbanization in Appalachia. Chemical, textile, and other industries have encouraged the development of urban areas. At the same time, radio, television, and the internet provide residents direct links to cultures from all over the world. The author looks at the process of urbanization as it belies commonly held notions about the region's rural character.

The Saturday Review of Politics, Literature, Science, Art, and Finance

These Historical Novels have taught all men this truth, which looks like a truism, and yet was as good as unknown to writers of history and others, till so taught: that the bygone ages of the world were actually filled by living men, not by protocols, state-papers, controversies, and abstractions of men.

Intro

1..{Are All Pastors Pro-Life?} What is your view on the many progressive "pastors" coming out against the overturning of Roe v. Wade?

2..{About God's Description} God's description in Scripture is often called anthropomorphic. Is it not

true though that we are theomorphic instead? Why, therefore, must the imagery of God standing, etc. be metaphorical and not real?

3..{How do the Dead in Christ Rise if they're in Heaven?} If believers are taken directly to Heaven when they die, then why does 1 Thessalonians 4: 16 say the dead in Christ rise at His return? Doesn't that suggest they are in their graves?

4..{About Near-Death Experiences} What do you think about near-death experiences?

5..{Does our Evangelism Determine Salvation?} Could our failure to share the Gospel actually determine someone's salvation? Or will God provide the same opportunity somewhere else? I can't imagine we have control over each other's salvation?

6..{Why did Some Disciples Doubt?} Why does Matthew record that some disciples doubted the resurrection? Is there some sort of significance to this? How could they doubt if Jesus was right in front of them?

7..{Should Incarcerated Parents be Involved?} My 2-year-old adopted son's birth mom is in prison for 15 years for using/selling meth. Biblically, should we let her be involved in his life? My wife thinks they should have an active relationship.

8..{Is "Spiritual Attack" Legitimate?} Is "spiritual attack" really a thing? Is that biblical? (i.e., during some notable season as a Christian, if we have intensified doubt, hopelessness, illness, etc. why's that not just, y'know, life?)

9..{About OT Prophet Credibility} Why were many of the prophets who wrote books included in the Old Testament if they didn't perform miracles and their prophecies didn't come true until the New Testament? What made them stand out from false prophets?

10..{Why is Abraham our Spiritual Father?} Why is Abraham our spiritual father (Romans 4: 16-25) if people before him also had faith in God: Abel, Enoch, Noah, etc.? Were they not "counted righteous" through faith the same way Abraham was?

11..{What is a "Clear Conscience" Before God?} I'm getting baptized soon, and one of the questions my church asks is basically, "Do you promise to follow God with a clear conscience?" I deal with a condemning conscience. Would this break the promise?

12..{When did the Holy Spirit Come?} My question is about the Spirit. Jesus spoke of the Spirit coming after Him in John 14, but He is there in Luke 1 before Jesus' birth. When did the Spirit actually come?

13..{Does God Need Death to Atone for Sins?} In Isaiah 6, sin is taken away by hot coals. Does God need death to forgive something or atone for sin (i.e. Jesus on the cross)? If so, how was Isaiah forgiven? If not, what's the point of sacrifices?

14..{Minimal Facts vs. Maximal Facts Arguments} Is a minimal facts argument or maximal facts argument better in presenting the truth of the Resurrection of Jesus?

15..{About the Samaritans Receiving the Spirit} How were the Samaritans in Acts 8: 14-17 baptized in the name of Jesus, but only received the Holy Spirit when Peter and John came?

16..{How to Decide What to Read in Scripture} Do you have any advice for reading the Bible? How do I decide what to read?

17..{About the Difference between Heaven & Eden} What is the ontological difference between Heaven and pre-sin Eden? If Heaven is greater than Eden, then doesn't it follow that Adam & Eve's sin led to a greater eternity than they would've had otherwise?

18..{Is Baptism Purely Symbolic?} Is baptism just a symbolic representation of our faith, or does it have a deeper value?

19..{About Gene Editing Technology} Suppose that a gene editing technology like CRISPR could change the cells of a zygote to change the sex of the individual. Would there or should there be a secular question as to the eventual sex?

20..{How Do We "Work Out Our Salvation?"} What does it mean to "Work out your salvation with fear and trembling" in Philippians 2: 12?
