About the Book Nothing but the change is constant—goes a well-known saying. The quote holds true for all spheres & aspects of human life & business environment. The onset of the 21st Century brought itself the turbulence in the business environment that had far reaching effects. The subprime crises that originated in the USA took its toll on many financial giants & the ripples created are yet to calm down. Hence in this scenario no student of management can afford to remain oblivious of the factors that determine & affect the business environment. The students hence should be well versed with the background of the world economy now & then. Another important highlight of this era has been the process of liberalisation, privatisation & globalisation which have brought about wide challenges & opportunities in most of the countries. The emergence of China & India has been phenomenon & is expected to take over the United States as the largest economy of the world. The organisations have to retune their strategies & ways of doing business in order to take the advantage of these developments. It is because of these reasons that the Universities & Institutes have incorporated the subject of Business environment to be taught to the management students. An attempt is made here by the authors to assist the students by way of providing Study Material as per the curriculum with non-commercial considerations. Descriptive English

A close interrelationship between management and economics had led to the development of managerial economics. Economic analysis is required for various concepts such as demand, profit, cost, and competition. In this way, managerial economics is considered as economics applied to “problems of choice” or alternatives and allocation of scarce resources by the firms. Managerial economics is a discipline that combines economic theory with managerial practice. It helps in covering the gap between the problems of logic and the problems of policy. The subject offers powerful tools and techniques for managerial policy making. It is in this context, a textbook on introduction to the subject of Managerial Economics is presented to the students of Management program. The book contains the syllabus from basics of the subjects going into the intricacies of the subjects. All the concepts have been explained with relevant examples and diagrams to make it interesting for the readers. An attempt is made here by the experts to assist the students by way of providing case based study material as per the curriculum with non-commercial considerations.
