Improving rural access through ReCAP

Improving the access of rural communities in Africa and Asia .Through improvements to rural road infrastructure and transport services • Supporting research into the continuum: Building resilient rural roads •Maintaining them in timely and

Cost-effective provision of rural roads: design • Building roads at lower life-cycle cost, applying to larger networks

Leaving no one behind rural transport, women and vulnerable groups Guidelines for Mainstreaming Gender in Rural Transport Involvement of female researchers in ReCAP projects

Rural Access Index (RAI): indicator 9.1.1 of the Sustainable Development Goals (SDGs) Refined methodology; revisiting data sources

Impact: promotion of RAI from Tier 3 to Tier 2 SDG indicator • ReCAP roadmap to achieve Tier 1 status Next step: Trial on UN global platform

Demand-driven research: ReCAP Partner countries set their own priorities Establishment and enhancement of Road Research Centres • Developing strategies and the capacity to undertake research Structured mentorship programme

Key capacity build component: Training- of-Trainers

Reaching out and br research community together • Inter-Regional Implementation Meetings •

Representation at international and regional transport research conferences

Partnerships for uptake and embedment of ReCAP research. • Academic institutions • Transport professionals • Policy makers <Centre for Sub-Saharan Transport Leadership (CSSTL)

Lessons learnt: • Re-balancing infrastructure, maintenance and services research Greening mobility

«Mainstreaming inclusion of women/vulnerable groups Sustaining research • Connecting rural and urban transport • Structured collaboration
