The Jews did ask, "When is God coming back?"
What we find in Paul is a blend of Jewish narrative with quite fresh analysis.
Paul's worldview not what he looked at, but what he looked through, a grid of what he took for granted, a web of implicit narrative and cultural symbols.
What was the center of Paul's symbolic universe?
The main symbol of Paul's universe was the church itself, a united and holy community.
For Paul theology is a new challenge which comes in three stages.
A new sort of knowledge
A new sort of human beings
A new sort of task
Three Contemporary Reflections
A real challenge to contemporary systematic theology
A challenge to do with topics and themes
Theology is not an elite activity: it is an every-member occupation.
