The Midnight Fox

The Midnight Fox is an atmospheric and heartfelt story, and one of Betsy Byars' best-loved classics. And then, this afternoon,' Uncle Fred said to me, 'you and I'll go after the fox.' Tom, a town boy, is horrified when his parents tell him he has to stay on Aunt Millie's farm while they are away. He finds country life every bit as strange and uncomfortable as he feared. But soon, he discovers a rare black fox with green eyes, living with her cubs in the forest. Suddenly, the summer is full of excitement. That is, until Uncle Fred decides to go after the fox - will Tom save her and her family in time? 'I would recommend this book to anyone who loves animals and an adventure story.' Josh, age 10, Toppsta 'A stand-out.' Kirkus

The Midnight Fox

Tom is forced to stay at his aunt's house in the country when his parents go on vacation. Unhappy at first, he slowly learns to appreciate the land and the animals. One day, he finds a fox and her cub, and this unlikely trio forms a close friendship. Tom's adventures with the foxes make his stay in the country go by very quickly, and before he knows it, the vacation is over! Text copyright 2004 Lectorum Publications, Inc.

Tom's Midnight Garden

When Tom is sent to stay at his aunt and uncle's house for the summer, he resigns himself to endless weeks of boredom. As he lies awake in his bed he hears the grandfather clock downstairs strike . . . eleven . . . twelve . . . thirteen . . . Thirteen! Tom races down the stairs and out the back door, into a garden everyone told him wasn't there. In this enchanted thirteenth hour, the garden comes alive - but Tom is never sure whether the children he meets there are real or ghosts . . . This entrancing and magical story is one of the best-loved children's books ever written.

The 18th Emergency

Can Little Horse find his place in the big world? After accidentally falling into a stream, Little Horse fights the swift current that carries him farther and farther from the valley where he was born. When he finally manages to scramble ashore, a giant bird swoops down on him. Little Horse runs for cover in a forest of flowers only to have a giant paw pin him to the ground. But a hand gently lifts him up and tucks him inside a warm cave—just like the cave he used to share with his mother. This tender, fast-moving tale, written by master storyteller Betsy Byars and enhanced by David McPhail’s beguiling illustrations, is a true cliff-hanger.

The Alliterative Morte Arthure - the title given to a four-thousand line poem written sometime around 1400 - was part of a medieval Arthurian revival which produced such masterpieces as Sir Gawain and the Green Knight and Sir Thomas Malory's prose Morte D'Arthur. Like Gawain, the Alliterative Morte Arthure is a unique manuscript (held in the library of Lincoln Cathedral) by an anonymous author, and written in alliterating lines which harked back to Anglo-Saxon poetic composition. Unlike Gawain, whose plot hinges around one moment of jaw-dropping magic, The Death of King Arthur deals in the cut-and-thrust of warfare and politics: the ever-topical matter of Britain's relationship with continental Europe, and of its military interests overseas. Simon Armitage is already the master of this alliterative music, as his earlier version of Sir Gawain and the Green Knight (2006) so resourcefully and exuberantly showed. His new translation restores a neglected masterpiece of story-telling, by bringing vividly to life its entirely medieval mix of ruthlessness and restraint.

1001 Children's Books You Must Read Before You Grow Up is the perfect introduction to the very best books of childhood: those books that have a special place in the heart of every reader. It introduces a wonderfully rich world of literature to parents and their children, offering both new titles and much-loved classics that many generations have read and enjoyed. From wordless picture books and books introducing the first words and sounds of the alphabet through to hard-hitting and edgy teenage fiction, the titles featured in this book reflect the wealth of reading opportunities for children. Browsing the titles in 1001 Children's Books You Must Read Before You Grow Up will take you on a journey of discovery into fantasy, adventure, history, contemporary life, and much more. These books will enable you to travel to some of the most famous imaginary worlds such as Narnia, Middle Earth, and Hogwarts School. And the route taken may be pretty strange, too. You may fall down a rabbit hole, as Alice does on her way to Wonderland, or go through the back of a wardrobe to reach the snowy wastes of Narnia.

The Iron Woman

1001 Children's Books You Must Read Before You Grow Up

Guided by the spirit of his legendary Mesopotamian ancestor, Jalal, Varjak Paw, a pure-bred cat, leaves his home and pampered existence and sets out to save his feline family from the evil Gentleman who took away their owner, the Contessa.

The Eighteenth Emergency

Paris has come for piano lessons, not chopped-liver sandwiches or French lessons or free advice. But when old Mrs. Rosen gives her a little bit more than she can handle, it might be just what Paris needs to understand the bully in her brother's life...and the bullies of the world. This companion novel to the award-winning Sahara Special is an affecting look at what it means to be your brother's keeper, and how we hold onto hope when the world seems dark. (Rose-colored glasses optional.)

Varjak Paw

From Newbery-winning author Betsy Byars comes a story full of "poignancy, perception, and humor" (The Chicago Tribune), about three foster kids who learn what it takes to make a family. You can't always decide where life will take you—especially when you're a kid. Carlie knows she's got no say in what happens to her. Stuck in a foster home with two other kids, Harvey and Thomas J, she's just a pinball being bounced from bumper to bumper. As soon as you get settled, somebody puts another coin in the machine and off you go again. But against her will and her better judgment, Carlie and the boys become friends. And all three of them start to see that they can take control of their own lives.

Vive La Paris

From Newbery Medal-winning author Betsy Byars comes a sweet, entertaining story that will touch the heart of dog lovers at any age. A tornado appears in the distance, and the family quickly gathers into the storm cellar. The storm rages outside, but Pete, the farmhand, knows this is the perfect time to tell his stories about a dog named Tornado. Blown into their lives by a twister when Pete was a boy, Tornado was no ordinary dog—he played card tricks, saved a turtle's life, and had a rivalry with the family cat. Forgetting their fear, the family hangs on every word of Pete's stories—both happy and sad—of this remarkable dog.

Chew On This should be on every teenager's essential reading list. Based on Eric Schlosser's bestselling *Fast Food Nation*, this is the shocking truth about the fast food industry - how it all began, its success, what fast food actually is, what goes on in the slaughterhouses, meatpacking factories and flavour labs, global advertising, merchandising in UK schools, mass production and the exploitation of young workers in the thousands of fast-food outlets throughout the world. It also takes a look at the effects on the environment and the highly topical issue of obesity. Meticulously researched, lively and informative, with first-hand accounts and quotes from children and young people, Eric Schlosser presents the facts in such a way that allows readers to make up their own minds about the incredible fast food phenomenon. Eric Schlosser is an author and investigative journalist based in New York. His first book, *FAST FOOD NATION* was a major international bestseller. His work has appeared in 'Atlantic Monthly', 'Rolling Stone' and the Guardian. *CHEW ON THIS* is his first book for children.

Babe: The Gallant Pig

A companion novel to *Finding Langston*, recipient of a Coretta Scott King Writing Honor and winner of the Scott O'Dell Award for Historical Fiction. Behind every bad boy is a story worth hearing and at least one chance for redemption. It's 1946 and Lymon, uprooted from his life in the Deep South and moved up North, needs that chance. Lymon's father is, for the time being, at Parchman Farm--the Mississippi State Penitentiary--and his mother, whom he doesn't remember all that much, has moved North. Fortunately, Lymon is being raised by his loving grandparents. Together, Lymon and his grandpops share a love of music, spending late summer nights playing the guitar. But Lymon's world as he knows it is about to dissolve. He will be sent on a journey to two Northern cities far from the country life he loves--and the version of himself he knows. In this companion novel to the Coretta Scott King Honor winning *Finding Langston*, readers will see a new side of the bully Lymon in this story of an angry boy whose raw talent, resilience, and devotion to music help point him in a new direction. Bear of the Midnight Sun

Colm McCreary has left his home in Bear Mountain and come to the shining paranormal city of Midnight, Mississippi. Bound in magic, only paranormal beings can see the portals that bring them inside the boundaries. Humans see nothing but a vast field and wood. First on his agenda is a new job. With the help of fellow transplant, Eilam, Colm seeks a job on the King's Guard. While in an audience with the king, he comes face to face with one member of his triad—a shifter named Theis. Theis isn't prepared to accept that he has a mate. He's worked too long and hard to rise to the ranks that he has to let something as stupid as lust get in the way. But he can't resist the ache his fated partner causes in him. He hopes one heated night of passion will make the desire fade. When it doesn't, he only pushes Colm away. Not long after, Colm meets the last member of their triad—a human. Refusing to let the human go, he illegally smuggles the man into the city. Little gets past the Midnight Security Team, and they quickly come face to face with a king's guardsman tracking him down. Theis is faced with another mate when he didn't want the first. Will he choose Midnight over his mates?

The Midnight Hour 2: The Midnight Howl

"A gently absorbing tale which smoothly splices poignant family drama with suspenseful Cold War thriller," from the author of Hunting Unicorns. (Daily Mail). In 1980 Germany, under Cold War tension, a mole is suspected in the British Embassy. When the diplomat Nicky Fleming dies—suddenly and suspiciously—some find it convenient to brand him the traitor. As the government digs into Nicky's history, his wife Letty hopes to salvage their family by taking their three children to live on an island in Scotland's Outer Hebrides. But the isolated shores of her childhood retreat only intensify their distance, and it is Letty's youngest child, Jamie, who alone holds on to the one thing he's sure of: his father promised to return. And he was a man who never broke a promise. Named an O Magazine Summer Reading Pick and a selection for NPR's "Books with Personality," The Summer of the Bear reads like "García Márquez meets le Carré meets A.A. Milne at times, with hints of William Golding at others" (Kirkus Reviews, starred review).

Would you still be wishing that you could have done things differently? Or would you be grateful for the turns you've taken in your root life? In the fictional story *The Midnight Library* (2020), Nora Seed, a woman in her mid-thirties, experiences all the alternate paths which she had left behind in favor of others. What if she had never given up swimming? Would she have liked her life better as a professional swimmer? What if she had been a glaciologist instead of a student of philosophy? What if she had stayed with her ex-fiancé? After experiencing what could have been, Nora realized one simple truth: the only life she could ever be satisfied with living was hers, and all the choices she once classified as regrets were instead blessings in disguise.

Summary of *The Midnight Library* by Matt Haig

From Number One bestselling picture book duo, David Walliams and Tony Ross, comes this bear-ily funny adventure for children of 3 and up.

The Midnight Wanderers, a Comic Opera ... composed by [or rather, selected from] Paiesiello, Grétry, and Shield. The Poetry by W. Pearce. (Overture to the *Midnight Wanderers* for the Piano Forte, with a Violin Accompaniment, composed by Nauman for the ... Opera of Amphion.).

The King of the Polar Bears lived among the icebergs in the far north country. He was old and monstrous big; he was wise and friendly to all who knew him. His body was thickly covered with long, white hair that glistened like silver under the rays of the midnight sun. His claws were strong and sharp, that he might walk safely over the smooth ice or grasp and tear the fishes and seals upon which he fed. The

seals were afraid when he drew near, and tried to avoid him; but the gulls, both white and gray, loved him because he left the remnants of his feasts for them to devour. Often his subjects, the polar bears, came to him for advice when ill or in trouble; but they wisely kept away from his hunting grounds, lest they might interfere with his sport and arouse his anger.

The Walker Book of Bear Stories

A no-nonsense werebear from the Arctic Circle. A perky werewolf from the Chicago Loop. Polar opposites, each looking for a fire to ward off winter's chill... Maxim Chernov isn't a man of half measures. After a string of personal tragedies, he left everything behind to become an arctic bush pilot. A rugged refrigerator of a man, he now spends his days content in solitude, delivering mail and supplies to the remotest corners of the Alaskan tundra. When he's not piloting his ski-plane, or grabbing a drink in the tiny town of Yakutak, the gruff shifter roams the wilds in his other, more comfortable skin: that of a giant kodiak bear. He's not lonely, he reminds himself constantly; solitude suits him just fine. Some days, he almost believes it. Piper O'Malley, an up-and-coming young werewolf from downtown Chicago, wishes her pack leader would recognize her real value to the organization. She struggles to climb the corporate ladder of urban shifter society, clawing her way toward more responsibility and more important assignments while putting her personal relationships on hold. One day she'll find true love, she tells herself in between flight delays and full moons. Some days, she almost believes it. By the time Piper hitches a late night ride into Yakutak, she's sporting nothing but her wits, her gear, and a hastily scrawled out contact: the name of a local bush pilot who's said to be sympathetic to shifter causes. A small, remote silver mining operation-owned and operated by her pack-has gone completely dark, and unraveling the mystery could be exactly the big break Piper needs. Although eager to prove herself, she won't get far without Maxim's help. Together, this unlikely pair of shifters will face subzero temperatures and supernatural horrors in the Land of the Midnight Sun. While struggling to survive the coming storms, they might even kindle a new flame - in each other's arms. This full-length, standalone novel is the first tale set in Lucy Lachance's Second City Shifters universe. As you follow the blossoming of a steamy relationship between two breeds of shifters from two different worlds, expect urban fantasy flavor, no cliffhangers, and the HEA ending romance readers know and love. Elements of this work were originally published in the short story Blizzard in Bearskin.

City Spies meets Indiana Jones in this “laugh-out-loud funny” (Kirkus Reviews) second book of the Lola Benko, Treasure Hunter series that follows Lola and her friends as they compete for a spot in top treasure-hunting society. After saving her father and the world, twelve-year-old Lola Benko and her new best friends, Jin and Hannah, are a true treasure-hunting team. But after botching a huge job, they are looking to redeem themselves. They decide to try their luck at Camp Timberwood, where teams will compete to join the legendary Task Force, a group that gets plumb assignments around the globe. When their former nemesis, Lipstick, shows up unexpectedly, she makes an offer they can't refuse: help her find the legendary Helm of Darkness and she will help them come out on top in the competition—and be the first team in line for the Task Force. They just have to go to the mysterious Midnight Market, where the Helm is rumored to be. But Lola, Jin, and Hannah still aren't fully back in sync after their recent failure. Can they prove to the Task Force—and themselves—that they still have what it takes?

The Gentleman's Magazine

In an adventure of a lifetime, Alexander Armstrong wraps up warm and heads ever north to explore the hostile Arctic winter – the glittering landscape of Scandinavia, the isolated islands of Iceland and Greenland, and the final frontier of Canada and Alaska. Along the way he learns from the Marines how to survive sub-zero temperatures by eating for England, takes a white-knuckle drive along a treacherous 800-mile road that's a river in summer and, with great reluctance, strips off for a dip in the freezing Arctic waters - and that's all before wrestling Viking-style with a sporting legend called Eva as part of an Icelandic winter festival. Sharing the wonder of the Arctic in his inimitable style, Land of the Midnight Sun

is a brilliantly entertaining travelogue that takes readers on an exhilarating and hilarious journey to the farthest reaches of the globe. Through his witty exploration of the region's remarkable landscape and lifestyle, and its even more remarkable people, Armstrong proves himself the ideal travel companion.

The midnight sky, notes on the stars and planets

From bestselling author James Raffan comes an enlightening and original story about a polar bear's precarious existence in the changing Arctic, reminiscent of John Vaillant's *The Golden Spruce*. Nanurjuk, "the bear-spirited one," is hunting for seals on Hudson Bay, where ice never lasts more than one season. For her and her young, everything is in flux. From the top of the world, Hudson Bay looks like an enormous paw print on the torso of the continent, and through a vast network of lakes and rivers, this bay connects to oceans across the globe. Here, at the heart of everything, walks Nanurjuk, or Nanu, one polar bear among the six thousand that traverse the 1.23 million square kilometers of ice and snow covering the bay. For millennia, Nanu's ancestors have roamed this great expanse, living, evolving, and surviving alongside human beings in one of the most challenging and unforgiving habitats on earth. But that world is changing. In the Arctic's lands and waters, oil has been extracted—and spilled. As global temperatures have risen, the sea ice that Nanu and her young need to hunt seal and fish has melted, forcing them to wait on land where the delicate balance between them and their two-legged neighbors has now shifted. This is the icescape that author and geographer James Raffan invites us to inhabit in *Ice Walker*. In precise and provocative prose, he brings readers inside Nanu's world as she treks uncertainly around the heart of Hudson Bay, searching for nourishment for the children that grow inside her. She stops at nothing to protect her cubs from the dangers she can see—other bears, wolves, whales, human beings—and those she cannot. By focusing his lens on this bear family, Raffan closes the gap between humans and bears, showing us how, like the water of the Hudson Bay, our existence—and our future—is tied to Nanu's. He asks us to consider what might be done about this fragile world before it is gone for good. Masterful, vivid, and haunting, *Ice Walker* is an utterly unique piece of creative nonfiction and a deeply affecting call to action.

The Radio Boys at Mountain Pass; Or, The Midnight Call for Assistance

Jonesing for a drive-in theater and a hotrod El Camino? It's the dawn of the 1970s and everything is changing. The war in Vietnam is winding down. So is the Apollo Space Program. The tiny northwestern city of Spokane is about to host a World's Fair. But the Watergate Hearings and the re-entry of Skylab and the eruption of Mount Saint Helens are coming...as are killer bees and Ronald Reagan. Enter 'The Kid,' a panic-prone, hyper-imaginative boy whose life changes drastically when his father brings home an astronaut-white El Camino. As the car's deep-seated rumbling becomes a catalyst for the Kid's curiosity, his ailing, over-protective mother finds herself fending off questions she doesn't want to answer. But her attempt to redirect him on his birthday only arms him with the tool he needs to penetrate deeper—a pair of novelty X-Ray Specs—and as the Camino muscles them through a decade of economic and cultural turmoil, the Kid comes to believe he can see through metal, clothing, skin—to the center of the universe itself, where he imagines something monstrous growing, spreading, reaching across time and space to threaten his very world.

Summary of Matt Haig's The Midnight Library

Alaska's fermented legacy retains the fiercely independent spirit that propelled the state's beer drinkers through the gold rush and sustained them through Prohibition. Today, craft brewers produce outstanding suds in some of the harshest and most remote locations on the planet. And while the beer scene in Alaska has roots that trace back to days when spirits had to have "medicinal, mechanical, and scientific purposes," the contemporary crop of breweries can thank industry pioneers like the Alaskan Brewing Company for staying on the cutting edge of beer-making technology. Join beer columnist and historian Bill Howell on an exploration through this hop-filled history of the Last Frontier.
