[#course management](#) [#learning management system](#) [#education software](#) [#online learning platform](#) [#curriculum planning](#)

Course Management encompasses the complete oversight of educational programs, from curriculum development and student enrollment to progress tracking and resource allocation. It leverages tools like a Learning Management System (LMS) to streamline administrative tasks, enhance learning experiences, and ensure efficient delivery of educational content, whether for traditional classrooms or online learning platforms.

Our goal is to bridge the gap between research and practical application.
