Karachi Vice

Karachi. Pakistan's largest city is a sprawling metropolis of 20 million people. It is a place of political turbulence in which those who have power wield it with brutal and partisan force, a place in which it pays to have friends in the right places and to avoid making deadly enemies. It is a society where lavish wealth and absolute poverty live side by side, and where the lines between idealism and corruption can quickly blur. It takes an insider to know where is safe, who to trust, and what makes Karachi tick, and in this powerful debut, Samira Shackle explores the city of her mother's birth in the company of a handful of Karachiites. Among them is Safdar the ambulance driver, who knows the city's streets and shortcuts intimately and will stop at nothing to help his fellow citizens. There is Parveen, the activist whose outspoken views on injustice corruption repeatedly lead her towards danger. And there is Zille, the hardened journalist whose commitment to getting the best scoops puts him at increasing risk. As their individual experiences unfold, so Shackle tells the bigger story of Karachi over the past decade: a period in which the Taliban arrive in Pakistan, adding to the daily perils for its residents and pushing their city into the international spotlight. Writing with intimate local knowledge and a global perspective, Shackle paints a nuanced and vivid portrait of one of the most complex, most compelling cities in the world.

Life of Vice

Life of Vice is the story of overwhelmed reporter Shelby Ambrose's experience covering the debauched Las Vegas antics of rock star Becky Vice. Over a ridiculous weekend the pair will get into trouble at casinos, adult entertainment awards, and pro-wrestling matches; but most of all they will become friends.

The Unpunished Vice

The chief art critic of the "New York Times" delivers an uplifting art-is-good-for-you message that goes far beyond what's found in galleries and museums.

The Accidental Masterpiece

"Vice Patrol: Cops, Courts, and the Struggle over Urban Gay Life chronicles how local police and criminal justice systems intruded on gay individuals, criminalizing, profiling, surveilling, and prosecuting them from the 1930's through the 1960's. Anna Lvovsky details the progression of enforcement strategies through the targeting of gay-friendly bars by liquor boards, enticement of sexual overtures by plainclothes police decoys, and surveilling of public bathrooms via peepholes and two-way mirrors to catch someone "in the act." Lvovsky shows how the use of tactics indistinguishable from entrapment to criminalize homosexual men in public and private spaces produced charges brought forward and disputed by attorneys and evidence that had to stand before judges, who at times intervened against punitive policies. In Vice Patrol the author demonstrates how developments in the psychological, medical, and sociological handling of homosexuality filtered into police stations, courthouses, and the wider culture"--

The Beauties of History

This is a story that spans from 1955 to sometime about 2045. It is a four-part story of a family originating from Cape Coast and Dowyaaniyili in the Northern Region, the story of a northern prince Dowbia Zangina that marries a German/Fante screen idol called Mercedes Huntman who loves him dearly and agree to move with him to the Dowyaaniyili, where he becomes chief after the death of his father. A military government throws him into Nsawam Medium Prison for allegedly collaborating with his journalist friend Ernest Dzigbordi to overthrow the military junta, and regains his freedom when a democratically elected government takes over. Their Granddaughter Raabia Sedzro goes into politics and becomes the first woman president of her country. She is a successful president and all her good works are cut short when she is assassinated in 2031. The story of President Lankwei Addison takes the reader into campaign travels to the hinterland of Ghana, including some factual events in the governments of Presidents Rawlings, Kufuor, and Atta Mills. Part Four of the story is drum narrations

of historical occurrences not told in the first three parts. As recorded by a media guru Dowbia Yousif, the grandson of Mercedes Huntman.

The Portrait of Life, Or the Various Effects of Virtue and Vice Delineated

Chelsea lived an extraordinary life full of pain, grief, and triumph. She tells her story about her painful upbringing, years she spent as an exotic dancer, and leaving a world of hurt and pain behind to explore a life of happiness, forgiveness, and God. She now has been married for over five years to her husband and they have two wonderful children. Chelsea found a way to make a change, even when it seemed impossible, with the help of God.

Vice & Virtue in Everyday Life: Introductory Readings in Ethics

A comprehensive and provocative collection of both classical and contemporary voices in perennial ethical debates, VICE AND VIRTUE has established itself as one of the truly outstanding anthologies for Introduction to Ethics Courses. In contradistinction to many other introduction to ethics books that focus on the application of moral theories to various institutionally based social dilemmas, VICE AND VIRTUE is unabashedly committed to the exploration of private, individual virtue and responsibility. This book provides both an overview of seminal ethical theories as well as many stimulating readings chosen to encourage students' own reflection on how these abstract theories impact decisions they face individually in their everyday lives.
