Solomon and his proverbs.

what to do and what to avoid

The proverbs of Solomon the son of David, king of Israel.

To know wisdom and instruction

To receive the instruction of wisdom

justice, and judgment, and equity.

The fear of the Lord is the beginning of knowledge

The practical laws of living that bring amazing results

in the book of Proverbs, courtesy King Solomon

Proverbs 1:20-22

in the openings of the gates.

and fools hate knowledge?

Proverbs 2:10-12.

understanding shall keep thee

Using his wise laws that pertain to life

used to build great societies, strengthen civilizations

and mold civil laws

people that value Solomon's wisdom

Proverbs 8:10-12.

For wisdom is better than rubies

integrity, diligence, justice, respect, correction, peace

Proverbs 21:3-4.

and the plowing of the wicked is sin.

Proverbs 25:19.

Confidence in an unfaithful man in time of trouble

Proverbs 5:15-20.

Drink waters out of thine own cistern

Solomon strategies, made known to us in the Bible

great relationships, confidence, and financial abundance.

energy, skills, and resources profitably

Proverbs 16:16.

the proverb in chapter 29, verse 18 that states

Lessons from the book of Proverbs.

Proverbs 10:4-5.

Solomon's concept of diligence

The unique thing about this skill called diligence

in your education or background

Proverbs 12:24

Proverbs 21:5.

Proverbs 10:28.

The way of the Lord is strength to the upright

There is unusual strength and fuel to run the race of life

Number three, lack of communication

Listening and hearing is the backbone of communication.

facial expression, timing, gestures.

This can make a difference between success and failure to achieve the good purpose we have set in our minds.

Even good communication laced with a bad temper
Proverbs 15:1-2.

A soft answer turneth away wrath
shun envy, and draw strength from truths, not feelings.
Proverbs 3:7-8.

fear the Lord and depart from evil.
of physical and mental health.
with vices and foster addictions.
sweet to the soul and health to the bones.
Number five, become invaluable.

Proverbs 19:22

and also choosing to guide me away from the path of regret.

Genesis

The wisdom of the ages can still be read in the Crossway Classic Commentaries, which present the very best all-time commentaries on individual books of the Bible. In this newest release, John Calvin explores key passages of Genesis—a book of important beginnings and memorable accounts that lays the foundation of Christianity. Carefully abridged and stylistically adapted for today's reader, Calvin's insights are an excellent guide for every student interested in fathoming the depths of the Bible's first book.

Genesis

There are few parts of Scripture over which so many battles—theological, scientific, historical, and literary—have been fought as the book of Genesis. In this classic work, Derek Kidner not only provides a verse-by-verse exegetical commentary but also lucidly handles the tough issues that Genesis raises. Focusing on the study of Genesis on its own terms, as "a living whole," he highlights the theological themes of the nature of God, humankind, and salvation. In this volume, formerly part of the Tyndale Old Testament Commentaries series, Kidner's clear prose and theological insight will expand readers' understanding of God's character and of humanity's nature and destiny.

Genesis

John Calvin's exploration of key passages of Genesis, a book of important beginnings and memorable accounts foundational to Christianity. A carefully abridged and stylistically adapted guide for today's reader.

Genesis (Baker Commentary on the Old Testament: Pentateuch)

Highly regarded Old Testament scholar John Goldingay offers a substantive and useful commentary on the book of Genesis that is both critically engaged and sensitive to the theological contributions of the text. This volume, the first in a new series on the Pentateuch, complements the successful Baker Commentary on the Old Testament: Wisdom and Psalms series (series volumes have sold over 55,000 copies). Each series volume will cover one book of the Pentateuch, addressing important issues and problems that flow from the text and exploring the contemporary relevance of the Pentateuch. The series editor is Bill T. Arnold, the Paul S. Amos Professor of Old Testament Interpretation at Asbury Theological Seminary.

James

For hundreds of years Christendom has been blessed with Bible commentaries written by great men of God highly respected for their godly walk and their insight into spiritual truth. The Crossway Classic Commentaries series presents the very best work on individual Bible books, carefully adapted for maximum understanding and usefulness for today's believers. The epistle of James abounds with punch and clarity. Amazingly relevant and practical for our age, it continues to be a popular New Testament book for followers of Christ. Its themes, which include good works issuing out of genuine faith, equal treatment of the rich and poor, taming the tongue, heavenly wisdom, and patience in the midst of suffering, have brought great encouragement to God's people. This enlightening commentary puts these important issues in perspective and reveals the full content of this noteworthy Bible book.

Genesis

A new commentary for today's world, The Story of God Bible Commentary explains and illuminates each passage of Scripture in light of the Bible's grand story. The first commentary series to do so, SGBC offers a clear and compelling exposition of biblical texts, guiding readers in how to creatively and faithfully live out the Bible in their own contexts. Its story-centric approach is ideal for pastors, students, Sunday school teachers, and all who want to understand the Bible in today's world. SGBC is organized into three easy-to-use sections, designed to help readers live out God's story: Listen to the Story; Explain the Story; and Live the Story. Praise for SGBC: "The easy-to-use format and practical guidance brings God's grand story to modern-day life so anyone can understand how it applies today."—Andy Stanley "Opens up the biblical story in ways that move us to act."—Darrell L. Bock "It makes the text sing and helps us hear the story afresh."—John Ortberg "This commentary breaks new ground."—Craig L. Blomberg

Genesis (The Tyndale Old Testament Commentary Series).

Highly regarded Old Testament scholar John Goldingay offers a substantive and useful commentary on the book of Genesis that is both critically engaged and sensitive to the theological contributions of the text. This volume, the first in a new series on the Pentateuch, complements the successful Baker Commentary on the Old Testament: Wisdom and Psalms series (series volumes have sold over 55,000 copies). Each series volume will cover one book of the Pentateuch, addressing important issues and problems that flow from the text and exploring the contemporary relevance of the Pentateuch. The series editor is Bill T. Arnold, the Paul S. Amos Professor of Old Testament Interpretation at Asbury Theological Seminary.

Genesis

This addition to the well-received Brazos Theological Commentary on the Bible offers a theological exegesis of Genesis.

Genesis

WBC series delivers the best in biblical scholarship, from the leading scholars who share a commitment to Scripture as divine revelation. It emphasizes a thorough analysis of textual, linguistic, structural, and

theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology.

Genesis (2-Volume Set---1 And 2)

WBC series delivers the best in biblical scholarship, from the leading scholars who share a commitment to Scripture as divine revelation. It emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology.

Genesis 16-50, Volume 2

The book of Genesis contains some of the most beautiful and well-known stories in the Bible: the garden, the flood, the tower of Babel, and the lives of the patriarchs. But these are more than just good stories. They lay the groundwork for God's relationship with humanity and for his plan for our salvation, making Genesis foundational to understanding everything else that happens in the Bible. Genesis reveals much about human nature and the nature of God. From the actions of the first man and woman, we see where our rebellious, sinful nature originates. And through the whole book we see the hand of a sovereign God who is loving and merciful, but also just and holy. Time and again in Genesis, God showers his grace upon undeserving humanity, giving us our first tastes of God's enduring faithfulness that shines throughout the entire Bible. R. Kent Hughes, respected pastor and author of many other commentaries in the Preaching the Word series, takes readers back to the beginning of the Bible and moves through Genesis with careful exegesis. He explores the superbly crafted structure of the book as well as the weighty themes it contains. For those who preach, teach, and study God's Word, this exceptionally detailed work will reveal much about the beginnings of God's great story. Part of the Preaching the Word series.

Genesis

Death in Second-Century Christian Thought explores how the meaning of death was conceptualized in this crucial period of the history of the church. Through an exploration of some key metaphors and other figures of speech that the early church used to talk about this interesting but difficult topic, the author argues that the early church selected, modified, and utilized existing views on the subject of death in order to offer a distinctively Christian view of death based on what they believed the word of God taught on the subject, particularly in light of the ongoing story of Jesus following his death-his burial and resurrection. In short, the book shows how Christians interacted with the views of death in late antiquity, coming up with their own distinctive view of death.

Death in Second-Century Christian Thought

Biblical Foundations Award Finalist Genesis is a book of origins: of the world, of sin, of God's promise of redemption, and of the people of Israel. It traces God's pledge of a Savior through Abraham's line down to his great-grandson Judah. It serves as a foundation for the New Testament and its teaching that Jesus is the fulfillment of God's promise to save humankind from sin and death. In this Tyndale Commentary, Andrew Steinmann offers a thorough exegetical commentary on Genesis, including a reconstructed timeline of events from Abraham's life through to the death of Joseph. The Tyndale Commentaries are designed to help the reader of the Bible understand what the text says and what it means. The Introduction to each book gives a concise but thorough treatment of its authorship, date, original setting, and purpose. Following a structural Analysis, the Commentary takes the book section by section, drawing out its main themes, and also comments on individual verses and problems of interpretation. Additional Notes provide fuller discussion of particular difficulties. In the new Old Testament volumes, the commentary on each section of the text is structured under three headings: Context, Comment, and Meaning. The goal is to explain the true meaning of the Bible and make its message plain.

Genesis

To read Genesis intelligently, we must consider the questions, the literature, and the times in which Genesis was written. In How to Read Genesis Tremper Longman III provides a welcome guide to reading, studying, understanding, and savoring this panorama of beginnings—of both the world and of Israel. And importantly for Christian readers, we gain insight into how Genesis points to Christ and can be read in light of the gospel.

How to Read Genesis

Hamilton's study on the first 17 chapters of the Book of Genesis is part of The New International Commentary on the Old Testament. Like its companion series on the New Testament, this commentary devotes considerable care to achieving a balance between technical information and homiletic-devotional interpretation.

The Book of Genesis, Chapters 1-17

This landmark commentary marshals the vast experience and brilliant insights of one of today's most revered Old Testament scholars. To those familiar with the work of Bruce K. Waltke, the significance and value of Genesis will be instantly apparent. Others who are unfamiliar with Waltke have only to read the first few chapters to understand why he has earned the reputation of a scholar's scholar, and why this masterful volume stands like a monolith among Old Testament commentaries. Exploring the first book of the Bible as "theological literature," Waltke illuminates its meanings and methods for the pastor, scholar, teacher, student, and Bible-lover. Genesis strikes an unusual balance by emphasizing the theology of the Scripture text while also paying particular attention to the flow and development of the plot and literary techniques--inclusion, irony, chiasm, and concentric patterning--that shape the message of the "book of beginnings". Genesis Models the way to read and interpret the narratives of the book of Genesis Provides helpful exegetical notes that address key issues and debates surrounding the text Includes theological reflections on how the message addresses our contemporary theological and social issues, such as ecology, homosexuality, temperance, evil, prayer, and obedience Addresses critical interpretive issues, such as authenticity, date, and authorship For all the author's formidable intellect and meticulous research, Genesis is amazingly accessible. This is no mere study tool. Lucidly and eloquently written, it is a work of the heart that helps us not only to understand deeply God's Word in its context, but also to consider how it applies to us today.

Genesis: an Introduction and Commentary

A newly repackaged edition of a classic commentary from James Montgomery Boice. Living By Faith follows the complete story of Joseph, demonstrating his loyalty to God.

Genesis

For hundreds of years Christendom has been blessed with Bible commentaries written by great men of God highly respected for their godly walk and their insight into spiritual truth. The Crossway Classic Commentaries present the very best work on individual Bible books, carefully adapted for maximum understanding and usefulness for today's believers. Perhaps there is no clearer and more systematic treatise on the gospel of Jesus Christ than that found in Paul's Epistle to the Romans. Christian believers through the centuries have fed deeply on its themes of the sinfulness of man, the richness of God's mercy, the transforming power of Jesus Christ in the repentant life, the believer's participation in the Savior's death and resurrection, and the practical implications of spiritual truth for daily life. This classic commentary is a treasure for all who desire a deeper walk with God. Whether used for supplementary reading or for careful study, it will prove profitable to every follower of Christ who avails himself or herself of its gems.

Genesis, an Expositional Commentary: 32

For decades, millions of Christians have discovered William Barclay's Daily Study Bible to be the ideal New Testament commentary series for both devotional reading and serious Bible study. Now, carrying forward brilliantly the pattern established by Barclay, The Daily Study Bible has been extended into a coverage of the entire Old Testament. Invaluable for individual devotional study, for group discussion, and for classroom use. The Daily Study Bible now provides a useful, reliable, and eminently readable way to discover what the Old Testament writers were saying then and what God is saying today.

Romans

The first chapters of Genesis are the bedrock of the Jewish and Christian traditions. In these inaugural pages of the canon, the creation of the world, the fall of the human creature, the promise of redemption and the beginning of salvation history are found. Interwoven in the text are memorable stories of the ancient biblical patriarchs and matriarchs. Throughout the history of commentary, interpreters have lavished attention on the rich passages recounting the six days of creation, the tragic fall of God's creature--from the expulsion of the first parents to Cain's fratricide and the catastrophe of the Flood--as

well as the allegorical sign of hope in the ark of Noah. Commentators in the Reformation continued this venerable tradition of detailed focus on these primordial stories, finding themselves and their era deeply connected to the tragedies and promises, the genealogies and marvels of God's providential election and governance. Above all, Reformation-era interpreters found anchor for their teaching, preaching and hope in the promise of Christ running through these first chapters, from creation to the calling of Abraham. While following the precedent of patristic and medieval commentators on Scripture, as well as Rabbinic midrash, the Reformers provide insightful and startling fresh readings of familiar passages, inviting readers to see the ancient text with new eyes. This volume collects the comments of not only the monumental thinkers like Luther, Calvin and Melancthon, but also many important figures of the time who are lesser-known today. Here we find rich fare from Johannes Brenz, Wolfgang Capito, Hans Denck, Wolfgang Musculus, Johannes Oecolampadius and Peter Martyr Vermigli. Readers will encounter comments from a wide array of perspectives, from the magisterial Reformers to radical Protestants like Balthasar Hubmaier, Menno Simons, Pilgram Marpeck and Dirk Philips, as well as some Catholic thinkers, such as Desiderius Erasmus and Cardinal Cajetan. Important contributions from female voices, like Katharina Schütz Zell and Anna Maria van Schurman are included also. The wealth of Reformation interpretation is brought together here for study and reflection, much appearing in English for the first time.

Genesis

Seeking a faithful solution to conflict over musical worship, the pastor/musician author begins with biblical principles for worship, examines historical and contemporary models for worship, and evaluates worship practices in one presbytery of the Presbyterian Church (U.S.A.), to propose guiding principles and specific applications for the use of music in worship. The project shows biblical worship to be described by a number of characteristics and grounded in God's Word, presence, and community. After exploring these principles biblically, historically, and culturally, the outcome of the project is a significant collection of music-related worship resources for use in the local church and for equipping in broader teaching contexts.

Genesis 1-11

For hundreds of years Christendom has been blessed with Bible commentaries written by great men of God highly respected for their godly walk and their insight into spiritual truth. The Crossway Classic Commentaries present the very best work on individual Bible books, carefully adapted for maximum understanding and usefulness for today's believers. This book and its companion volume share the practical encouragement from a favorite Bible book. Charles H. Spurgeon spent twenty years compiling his seven-volume exposition of Psalms, which Crossway has carefully edited for the modern reader. In the words of Spurgeon in his Preface: "None but the Holy Spirit can give a man the key to the Treasury of David; and even he gives it rather to experience than to study. Happy he who for himself knows the secret of the Psalms.... In these busy days, it would be greatly to the spiritual profit of Christians if they were more familiar with the Book of Psalms, in which they would find a complete armory for life's battles, and a perfect supply for life's needs."

Biblical Worship Through Music

Continuing a Gold Medallion Award-winning legacy, the completely revised Expositor's Bible Commentary puts world-class biblical scholarship in your hands. A staple for students, teachers, and pastors worldwide, The Expositor's Bible Commentary (EBC) offers comprehensive yet succinct commentary from scholars committed to the authority of the Holy Scriptures. The EBC uses the New International Version of the Bible, but the contributors work from the original Hebrew and Greek languages and refer to other translations when useful. Each section of the commentary includes: An introduction: background information, a short bibliography, and an outline An overview of Scripture to illuminate the big picture The complete NIV text Extensive commentary Notes on textual questions, key words, and concepts Reflections to give expanded thoughts on important issues The series features 56 contributors, who: Believe in the divine inspiration, complete trustworthiness, and full authority of the Bible Have demonstrated proficiency in the biblical book that is their specialty Are committed to the church and the pastoral dimension of biblical interpretation Represent geographical and denominational diversity Use a balanced and respectful approach toward marked differences of opinion Write from an evangelical viewpoint For insightful exposition, thoughtful discussion, and ease of use—look no further than The Expositor's Bible Commentary.

Psalms (Vol. 2)

A thorough revision of Youngbloods two earlier studies: *How it all Began* and *Faith of our Fathers*, *The Book of Genesis* provides students with a vast resource for understanding the beginning of the universe, marriage, society, redemption, life, sin and civilization. Ronald Youngblood makes a profound application of the Genesis' message to the issues of contemporary life.

Genesis

For hundreds of years John Calvin's Commentaries have been admired and relied upon for their deep insights into Scripture. Charles Spurgeon told his students, "It would not be possible for me too earnestly to press upon you the importance of reading the expositions of that prince among men, John Calvin! Of all commentators I believe John Calvin to be the most candid. He was no trimmer and pruner of texts. He gave their meaning as far as he knew it. His honest intention was to translate the Hebrew and the Greek originals as accurately as he possibly could, and then to give the meaning which would naturally be conveyed by such Greek and Hebrew words: he laboured, in fact, to declare, not his own mind upon the Spirit's words, but the mind of the Spirit as couched in those words." And even Arminius himself admitted, "Next to the perusal of the Scriptures, which I earnestly inculcate, I exhort my pupils to peruse Calvin's commentaries, for I affirm that he excels beyond comparison in the interpretation of Scripture, and that his commentaries ought to be more highly valued than all that is handed down to us by the Library of the Fathers; so that I acknowledge him to have possessed above most others, or rather above all other men, what may be called an eminent gift of prophecy."

Commentary on the Epistle to the Romans

For hundreds of years Christendom has been blessed with Bible commentaries written by great men of God who were highly respected for their godly work and their insight into spiritual truth. The Crossway Classic Commentary Series, carefully adapted for maximum understanding and usefulness, presents the very best work on individual Bible books for today's believers. Ever since it was written, the apostle Paul's letter to the believers in Galatia has nurtured trust and assurance in Christ. Its grand themes of the superiority of Scripture over human reason, the sufficiency of Christ's atonement through his death, and the freedom of justification through faith alone continue to energize and enlighten Christians today. This classic commentary from the heart of a courageous apostle will encourage and equip all who desire to understand, live out, and communicate the true gospel of Jesus Christ.

The Book of Genesis

This volume on the book of Genesis is in the New Cambridge Bible Commentary series.

Commentary on Genesis

This book illuminates sojourn language in Genesis using an innovative application of sociological theory about ethnic myths. Close exegetical investigation reveals that sojourn, despite its connotations of alienation, is a significant contributor to a strong communal identity for biblical Israel.

Galatians

The book of Genesis introduces three similar wife/sister narratives, commonly thought to be originating from different sources because of their repetitive entries. This research explores the wife/sister narratives in Genesis (Gen 12:10-13:1, 20:1-18, and 26:1-11), and it aims to provide an understanding of the three stories as a whole by uncovering its context by textlinguistic and literary type-scene analysis. Textlinguistic analysis helps us to see how each wife/sister narrative functions in its context, while type-scene analysis emphasizes how the three narratives develop and contribute to the patriarchal narratives through their similarities and variations. Although the traditional type-scene analysis studies recurrent fixed motives in texts, this study focuses much more on literary aspects such as characterization, theme, and plot. Through this study, the three wife/sister stories will elaborate that the patriarchal narratives are not results of different authors, but the well-developed products of a single author. The three wife/sister stories work together to highlight God's faithfulness to his promises (Gen 12:1-3).

Genesis

The church fathers displayed considerable interest in the early chapters of Genesis, and often wrote detailed commentaries or preached series of homilies on the Hexameron--the Six Days of Creation. This volume of Ancient Christian Texts offers a first-time English translation of Severian of Gabala's In

cosmogoniam and a fresh translation of a portion of Bede the Venerable's Libri quatuor in principium Genesis.

Seeking a Homeland

Genesis 1- 11 preserves a unique view of Bible history, tracing the move from Eden, an idyllic world fully in accord with the will of God, to Babel, a fallen world desperately in need of salvation. In this commentary, Donald E. Gowan demonstrates acute sensitivity and insight in focusing on the theological import of these familiar but often puzzling accounts, showing them to be even more crucial for what they say to us about ourselves than for the information they record about individuals and events so very long ago. Addressing such themes as the existence of evil and the threat of chaos, human power and violence, tension between the sexes and the breakdown of the family, he remains ever conscious of the gospel as set forth in Genesis.

Reading the Wife/Sister Narratives in Genesis

The book explores the fundamental human dignity and respect relating to HIV/AIDS positive people who have suffered scorn, isolation, discrimination and stigma in the society. The book suggests a God-honoring way to relate to God's image-bearers (imago-dei) who have HIV/AIDS or any disease that has similar stigma. It is out of that aspiration and anticipation of this book to plan and implement a teaching series to the church/organizations as Christian response to HIV/AIDS. The book goes a long way in providing teaching series and resources to garner that goal and objective to treat all people equally, with dignity and respect as God's image-bearers. This book is highly recommended to everyone, including Christian teachers, leaders and Ministers who desire to see the members of the society treated with dignity and respect as Dr. Sabelo Sam Gasela Mhlanga outlines all the fabric social issues patterning to HIV/AIDS that hang on the balance and pose a threat to the 21st generation.

Commentaries on Genesis 1-3

This volume, a part of the Old Testament Library series, explores the book of Genesis. The Old Testament Library provides fresh and authoritative treatments of important aspects of Old Testament study through commentaries and general surveys. The contributors are scholars of international standing.

From Eden to Babel

Considers the themes of cosmology, anthropology, evolution, interactions between men and women, sibling friction, and the origins of the bible in Genesis, suggesting channels for further reflection and ways in which Genesis can enrich faith in the modern world. Original.

Hiv/Aids Dilemma!

In Foundations of the Gospel , Kuldip Singh Gangar challenges prevailing nonliteral readings of Genesis 1–3. Against various old-earth views of world origins, Gangar argues that believers can read the Bible at face value and trust the historical accuracy of its account of creation. As the author says, “If at the beginning we cannot take God’s Word at face value, then we are left wondering whether other passages should also be read that way or not.” Gangar’s apologetic commentary provides a defense of young earth creationism, showing how modern concerns are most reliably addressed with traditional biblical interpretation.

Genesis, Revised Edition

Following on the heels of the successful New Testament for Everyone commentaries by acclaimed scholar and author N. T. Wright, Westminster John Knox is pleased to announce the first volumes in the all new Old Testament for Everyone Bible commentary series. John Goldingay, an internationally respected Old Testament scholar, authors this ambitious series, treating every passage of Scripture from Genesis to Malachi, addressing the texts in such a way that even the most challenging passages are explained simply and concisely. Perfect for daily devotions, Sunday school prep, or brief visits with the Bible, the Old Testament for Everyone series is an excellent resource for the modern lay reader. The book of Genesis is a lively read featuring familiar biblical tales such as the creation of the world, Adam and Eve and the forbidden fruit, Noah and the flood, Abraham and Isaac, Jacob and Joseph, the Tower of Babel, and Sodom and Gomorrah. While readers may know the facts of these stories, Goldingay's

work will instill in them a deeper understanding of their spiritual and theological significance. True to the For Everyone series' goal, Goldingay writes in a thoroughly accessible and engaging style with chapter titles such as "Friday Lunchtime," "Bigamy, Music, Technology, Murder," "Babylon becomes Babble-on," "Stuff Happens," and "Two Guys Who Need Their Heads Banged Together."

Genesis

The abridged version of Westermann's classic three-volume work on Genesis. This work presents a magisterial commentary in a condensed and more popular form. Included are a fresh translation of Genesis, the philological reasoning behind the translation, an examination of the historical background of the original text, a survey of all that has been written about Genesis (together with full references) and a consideration of the problems and questions the text of Genesis raises for today. Claus Westermann is Professor Emeritus of Old Testament at the University of Heidelberg.
