When reincarnating, do we have a short spell in a disembodied phase? Hypnosis reveals what goes on.

Journey into the Soul

This book is a treasure for every truth seeker, and I believe our shared love of this quest has brought us here. There is so much we don't yet know, but our curiosity and wonder urge us to go further and not settle for easy conclusions and convictions. We ponder the deep questions of existence and the meaning of it all, even asking if there is a purpose to life. This book takes us on a unique journey into the heart of our innermost being. We start this adventure by recognizing that only through the soul experience can we come to know who we truly are and, in doing so, unravel the secrets of life. As we walk together, I'll tell you what I see from my perspective, and you'll see what unfolds before your inner eyes. Step by step, we'll develop a mutual understanding and a deeper love of truth, as the darkness that clouds the mind and confuses the intuition gradually gives way to the light of consciousness. Through the eyes of the heart, we'll catch a glimpse of the eternal nameless one who never dies. And when we feel the light of our truth, we'll be reunited with our true essence; and through this sacred marriage, a little piece of heaven will come to Earth.

The Journey of Soul Initiation

Soul initiation is an essential spiritual adventure that most of the world has forgotten — or not yet discovered. Here, visionary ecopsychologist Bill Plotkin maps this journey, one that has not been previously illuminated in the contemporary Western world and yet is vital for the future of our species and our planet. Based on the experiences of thousands of people, this book provides phase-by-phase guidance for the descent to soul — the dissolution of current identity; the encounter with the mythopoetic mysteries of soul; and the metamorphosis of the ego into a cocreator of life-enhancing culture. Plotkin illustrates each phase of this riveting and sometimes hazardous odyssey with fascinating stories from many people, including those he has guided. Throughout he weaves an in-depth exploration of Carl Jung's Red Book — and an innovative framework for understanding it.

Journey of My Soul

Author Thierry van Hille recounts his story of being contacted through "automatic" writings as he sought to investigate the validity of reincarnation. As directed, he traveled to various countries, including Spain and South America. Because he obeyed the writings, he was able to decrypt messages and uncover the evidence of reincarnation that he was seeking. Thierry van Hille lives in Brugge, Belgium. He hopes The Journey of My Soul will make reincarnation a common belief in Western society and that everyone will realize he or she has an immortal soul. He believes that through this information, it is possible to better understand the present life. Publisher's website: <http://www.strategicpublishinggroup.com/title/JourneyOfMySoul.html>

Journey Into My Blackness, Feel The Depth Of My Soul

This book is written to take others on my journey as I explore life as a woman of color. Hopefully it will inspire other black women from all over the world to achieve the highest level of greatness that they can achieve. I am hoping that we can truly unify this land, to love and embrace ourselves while loving,

caring and respecting all people. There is only one race and that is the human race. Hopefully this book will inspire everyone to truly love themselves for who they really are. We must learn to look at the beauty in our different shades of skin color and not use it to divide us but rather to strengthen us. True and pure love does not see color, it embraces everyone. I want this book to teach us as black women and men that though we have darker skin, it does not make us any different and we should not settle to be treated any less. Our skin is beautiful, flawless, strong and represents love at it's highest form through Christ Jesus. Embrace our blackness with dignity, self love, beauty and greatness. Take my hand and allow me to take you on this journey to bring peace and harmony. Journey into my Blackness, I hope will enlighten people to not judge color and to look at a person's spirit, heart and soul. We need love so desperately today like no other time. Journey through my Blackness, Feel The Depth Of My Soul will awaken those who dare to dream, giving you the power to know that God truly does make all things possible if you trust Him and take Him at His word. I am hoping that as you take this journey with me, you will begin to truly love all of who you are, black skin and all. Never settle, always shine and inspire for greatness because it lives inside of each and every one of us from the lightest of skin shades to the darkest. Beauty is as beauty does, it has the power to heal and the power to love. Journey Into My Blackness Feel The Depth Of My Soul.

Journey to My Soul

Terri Lynns inspirational story shows her fight to be happy in the midst of a living hell. Her two young sons moved away with their father. Devastated, without a will to live, Terri Lynn surrenders her life to God for the strength to carry on. Her story demonstrates that when God steps in, magic and miracles follow. Living on welfare amid shattered dreams, she had to choose happiness or die in sadness. After a few years, she awakened to new possibilities and set a goal. Once her goal was set, divine guidance took over and directed her, much like a navigation system. Before long, she was living a luxurious life with her sons, and her happiness level went over the top. Her gratitude to God for delivering her from her past pain to such happiness and success put her on a spiritual path, a journey within. Her message is simple: The decision to be happy, no matter what, makes everything feel better, and when you feel good, good things happen.

Sanctuary of the Soul

'At the very heart of God is the passionate disposition to be in loving fellowship with you... From the human side of this equation it is meditative prayer that ushers us into this divine-human fellowship.' Richard Foster, bestselling author of *CELEBRATION OF DISCIPLINE* and founder of Renovaré, writes these words as one who has experienced what they describe. This new book gently guides you along the path of meditative prayer, so that you too can know a deeper fellowship with God. Weaving together quotes and stories from the lives of mothers and fathers of the faith as well as powerful encounters with God from his own life, Foster describes the riches of quieting your mind and heart in order to listen to and obey God more closely. Along the way, at his clearest, most practical best, he also provides the biblical teaching and step-by-step help you need to begin this prayer practice for yourself.

Journey of Your Soul

A fascinating discussion of the Michael teachings—an extraordinary body of channeled work that addresses the fundamental questions of what it means to be human—from an expert Michael channel "Michael" is a group of souls who teach that we are eternal beings journeying from the Tao and back again in an adventure of exploration and creativity. Each step along the way, we make choices that shape our experience. For example, after committing to a series of lifetimes, we choose one of seven roles, or soul types: server, priest, artisan, sage, warrior, king, or scholar. These teachings address many age-old questions, such as "How did we become who we are?" "Why are we here?" "Where are we going?" and "How does the universe work?" In addition, *Journey of Your Soul* sheds light on the channeling process itself, answering questions such as "How does channeling work?" "Why do different channels receive conflicting information?" and "What does it take to become a channel?" Hoodwin shows us that it is possible, and indeed beneficial, to engage all parts of the human consciousness. His unique analytical approach to channeling will help readers gain a firm intellectual understanding of what is involved. In his foreword, Jon Klimo, PhD, author of *Channeling: Investigations on Receiving Information from Paranormal Sources*, says, "Shepherd Hoodwin has given us one of the best books to date about the phenomenon of channeling. *Journey of Your Soul* may well also be the best of the Michael books due to its clarity, thoroughness, and detail, and thanks to the fact that the author, an exceptionally clearheaded Michael channel himself, brings real integrity and authenticity to our understanding of Michael in particular and to the channeling process in general."

Journey to the Heart

The Window to My Soul is an empirical experience, essentially aimed to demonstrate how powerful we, as humans, really are and that when we come to terms with our impediments and make decisions to fight, victory finally becomes ours. As I reached the end of my script, I realized that I needed to complete the preface to the book (in the making). Thinking about the past, a past that I've put behind me, I also realized that I had to bring those experiences into the present in order for me to make sense of what had really happened to me. As I structured and completed my thoughts, I eventually found the courage to put the past back to where it belonged. This book covers my experiences over a period of time, and I felt that I had to make sense of those happenings that took place around me while I was in a state of total confusion. The stroke that I suffered was one of the key issues with which I had to deal; the damage to my brain had been so severe that I could hardly grasp the full severity of what was happening to me or comprehend or come to terms with what was happening to me at the time. But I knew I had to survive in the ever-changing world around me.

Window to My Soul

Just days before her mother's death in 1995, Viki Hart is approached by four archangels and invited to visit the Angelic Realm through her mother's open doorway. Among the angels, Viki experiences oneness, her own colorful soul, Earth from an angelic point of view, and chooses to bond with Archangel Michael. Back on Earth, Michael provides the love and tools needed for Viki to heal her wounds and finally achieve the happiness she has sought all her life. Then in 2006, Michael suddenly tells Viki that her divine path is complete and offers her another alternative—stay on Earth and join the angelic movement! Viki reluctantly agrees and soon discovers an ability within her to open permanent doorways between Earth and the Angelic Realm. This gift takes Viki and Michael on a journey from the Colorado Rockies to the British Isles, Peru, Australia, New Zealand, and the underwater world of Molasses Reef. As Viki finally finds the courage to totally commit to Michael as her life partner, Michael humorously teaches her about the greatest expansion of love Earth has ever known, and reveals the mysteries of 2012 and of what humanity is about to become!

The Colors Of My Soul

As the inward-winding labyrinth, it constitutes the hero's journey to the still center where the secret of life is found. As the spherical vortex, spiraling through its own center, it combines the inward and outward directions of movement. In this original and engrossing book, Jill Purce traces the significance of one man's central symbols from the double spirals of Stone Age art and the interlocking spirals of the Chinese Yin Yang symbol to the whorls of Celtic crosses, Maori tattoos and the Islamic arabesque. Many of the superb images here were intended as objects of contemplation; for the spiral is a cosmic symbol. Art and Imagination series: These large-format, gloriously-illustrated paperbacks cover Eastern and Western religion and philosophy, including myth and magic, alchemy and astrology. The distinguished authors bring a wealth of knowledge, visionary thinking and accessible writing to each intriguing subject.

The Mystic Spiral

This work summarizes results from neuroscience and recent work with artificial neural networks that together suggest a unified set of answers to questions about how the brain actually works; how it sustains a thinking, feeling, dreaming self; and how it sustains a self-conscious person.

A Journey Into My Soul

In The Soul's Journey Alan Jones explores the three universal spiritual passages of human life by drawing insights from the timeless allegorical truths of Dante's Divine Comedy. He gently but persistently guides us through Dante's descent into hell, his climb through purgatory, and his ascent into heaven, thus illustrating the three stages of spiritual growth: a healthy soul, a healed community, and a recovered vision of God. Jones is a profoundly clear spiritual companion for all who feel they have lost their way and have embarked on the journey of finding their life's "right" path.

The Soul's Journey

Beyond my Wants, Beyond my Fears: The Soul's Journey into the Heartland explores how it is we become a person of Being—the slow process of realizing our true nature: God's very essence. There is no one single way the soul travels into the deep heartland that is Being itself, yet her pilgrimage of realizing the truth of who she is is the Wisdom path itself, the way of being a Christic gem. We are being called home, but this calling is not to some outward sojourn. The calling is an invitation to commence the inner journey of the soul. The calling is a love-song of the heart, which is a harmonic chorus nuanced and enhanced by different times, cultures, and disciplines, intermingling in a continual counterpoint of completely whole, yet mutually enriching, melodic lines. This love-song leaves traces on our heart, like footprints on a path, which run like a golden thread through the history of spiritual seeking. Beyond my Wants traverses the Wisdom path along the beautiful refrains of the Christian mystic tradition and the Diamond Approach; refrains sounding as Deep calling unto Deep. The stories told are of walking, falling, rising, weeping, dancing, and much more. They are stories of the soul's journey home into the depth of her heart, becoming a person of Being.

One Day

An exploration of animal spirituality and the ability of animals to communicate with humans even in the afterlife • 2019 Coalition of Visionary Resources Gold Award and Industry Choice and Peoples Choice Award • Chronicles the author's profound relationship with her dog, Brio, his ability to read her mind and emotions, and the messages she received from him after his death • Shares the author's research with animal communicators, psychics, and scientists specializing in animal intelligence such as Rupert Sheldrake • Explores animals' thoughts and feelings, interspecies communication and telepathy, animal souls and the afterlife, and animal reincarnation • Paper with French flaps Looking for companionship after a near-fatal car crash, Elena Mannes, an award-winning television journalist and producer, decided to get her first dog. But what she found with her dog Brio shook the foundations of her physical and spiritual worlds, sending her on a quest to discover the nature of his spiritual origins and to contemplate and seek out the possibility of interspecies communication--even after death. Soon after bringing her puppy home, Mannes realized that the master-companion relationship would not be possible with Brio, who quickly showed that he had a mind--and a spirit--of his own. A healer Mannes visited immediately focused on Brio, exclaiming that he was an old soul. Mannes's growing curiosity about the intelligence, emotions, and consciousness of Brio and other dogs led her to contact an animal psychic in California who described, with amazing accuracy, Brio's favorite walks and the author's apartment from the dog's point of view. Motivated by her experience, Mannes produced a filmed segment with Diane Sawyer featuring the same psychic, who described Sawyer's country house and her dog's favorite spots in the yard. Mannes's skeptical journalist background compelled her to investigate further. She delved into the world of animal communicators, psychics, and scientists studying animal intelligence, including Rupert Sheldrake, to find answers to her multiplying questions: Do animals have thoughts and feelings? Consciousness? Souls? Is interspecies communication possible? Can animals reincarnate? Spanning the entire life and afterlife of Brio, including his last days and his messages to the author after he passed on, this book also explores Mannes' investigations into the spiritual life of animals, offering a new understanding of the unbreakable bond between humans and animals. Mannes invites readers to move beyond the owner-pet relationship and shows us how to see animals as thinking, feeling, spiritual beings whose connections with us extend far beyond life and death.

Honestly, I'm reading it again because it had so much information. It's deep and embodies so many aspects of spirituality. That's what I enjoyed the most about it. It's different because of that. Everything around spirituality, books, usually focus on only one or two areas. I think back to that time when I was desperately seeking answers and had no one around me to ask or talk to about this. If your book would have been available, wow, a game-changer. I can't tell you how many books I've read, especially when I was desperately seeking out everything and anything that talks about universal beliefs, all of it. Many things were, well, a waste of time. Then I would find a book which is a gold nugget. That's what makes your book amazing. You've covered so many things around this that even if only a few things resonate with a reader, you've given that person a trail and a path to follow. It will lead them to go and open more doors." - Beta Reader "Wow I can't put this book down such a great read." - Amazon Review
