Escaping the Illusion: Bernardo Kastrup Exposes Reality - Escaping the Illusion: Bernardo Kastrup Exposes Reality by Theories of Everything with Curt Jaimungal 326,241 views 3 years ago 4 hours, 41 minutes - Bernardo Kastrup has been leading the modern renaissance of metaphysical idealism, the notion that reality is essentially mental.

Introduction

Bernardo's journey from materialism to idealism

Materialism vs Analytical idealism

Dissociative identity disorder (multiple personality disorder) and consciousness

Why does life has a separate consciousness and not, say, a rock?

What does it mean to "explain" without reductionism?

Why not start with "nothing"? What would a theory like that look like?

What does it mean to "exist"? Do abstractions exist?

Theories of "truth" other than correspondence

Randomness doesn't exist fundamentally

If the mind is deceptive then what do we trust?
Is "Mind At Large" God? Can you pray to it?
Morality and purpose
On disagreements with Joscha Bach
On disagreements with Daniel Dennett
On disagreements with Dawkins
On disagreements with Douglas Hofstadter
If everything is "in the mind" then why are objects independently verified and exert an influence when I'm gone?
On disagreements with Donald Hoffman and Thomas Campbell
The distinction between "in your head" and "in your mind" is crucial
On disagreements with Carl Jung
On disagreements with Roger Penrose
Why parsimony in assumptions? Why not many assumptions?
Curt says Bernardo's theory isn't better than the Flying Spaghetti Monster
On Schopenhauer
How to properly read Jung
Bernardo and Curt speak about the "new age" and "woo"
On Deepak Chopra
Does Bernardo fear death? (a story about ego death)
If this reality is a "dream", how much can we control it?
Choice, free will, and becoming a slave voluntarily
The intellect is a bouncer of the heart
The East vs the West have different answers to the suffering of life
The "self" is an illusion worth saving
Bernardo almost killed himself twice, and later found meaning in the suffering
On the pain of writing
Should you ever regret? (Buddhism vs Christianity)
If consciousness is all there is, and the self is an illusion, why did the East get that and not the West?
Can you have morality / ethics within materialism?
What's the weakest point of Bernardo's model?
Is there anything special about biological life?
Logic
What beats rationality? What's the "game of all games"?
How does Bernardo write? What's the process look like?
Bernardo gives Curt advice
Don't feel like "others have it worse." Honor your suffering.
Don't take yourself seriously but take life seriously
Disagreements with Tony Robbins and self-help
Brain as a radio tuner (Plastic Pears)
How to falsify Bernardo's theory? What predictions does his model make?
