Love Is Stronger Than Pain

In Love is Stronger than Pain, author Michael J. OBrien, Irenes son, offers a true account of a wife and mother whose faith and perseverance were heroic. She raised eight children, two of whom were invalids born with a rare skin disease needing her constant care. She coped with the tragic accidental death of her twenty year old son, the death of her beloved husband, a fire in the family home, and the death of her parents, all within a few years. Love is Stronger than Pain follows Irenes incredible journey as she learned to see the loving hand of God at work in every circumstance of her life. Her faith and endurance were tested beyond limits, yet she persisted in her trust in God. Its not very often that a book can reach into your heart and move you. Michaels intimate telling of his mother, Irenes life journey did just that. Through this story, I was reminded that the capacity to love grows through heartache and suffering; that true joy is experienced when we trust God one day at a time. Michaels story is a beautiful tribute to his mother, but greater than that, its a story of unconditional love. Jim Kelly, NFL Hall of Fame Quarterback

Love Is Stronger Than Death

This book of short stories is called fiction, which is often considered the result of a person's unbridled imagination gone berserk. But it is much more than that; fictional stories allow one to freely examine that which is not accepted as a truth or not considered a real possibility without the fear of reprisal from society's convention. The maxim offered by the great philosopher of Samos suggests that one seek his own truth and not that of another. To actively seek truth for one's self will give an accepted truth from effort and not merely acceptance. How can one seek his own truth? This book is founded on many stories that are pure fiction, although a few contain a bit of truth. Two of them, however, are exactly true without a shred of fiction or imagination attached. Read this book and find them. It is a demonstration called: seeking truth. Consider the principle theme called metempsychosis offered in many stories contained in this book. Millions of thinkers deny it a possibility. A few thinkers offer the notion from ignorance that one returns from death as some kind of animal, however, once human, always human. Pythagoras only claimed to have returned as human. If you acted like an animal in human form, then you would return as an animal in human form. All cultures and religions once accepted transmigration as fact which was and is held as truth by billions of thinkers. Do not allow another to think for you. Great

numbers of believers in any direction cannot offer an absolute truth, one only need look to fanatical mob mentality to see this is a fact. Perhaps this book will stimulate your thinking.

The Covenant of Love. A Manual of Devotion for the Sick and Suffering

The Christian pathway is a personal one and a pilgrim one. Those who are committed to following Jesus Christ will develop a set of values, face challenges in their choices, and eventually develop Christlikeness in their character. This inspiring collection of poems, written over a twenty-five-year period, offers the honest reflection of one follower's angst, turmoil, devotion, and hope as he travelled on his journey. Reasons for Praise is the second in the Poems for the Pilgrim Pathway series. "Our Lord never promised us that it would be easy, but He did say that the destination made it worthwhile."

Poems for the Pilgrim Pathway, Volume Two: Reasons for Praise

An extraordinary new mindful approach to healing after loss that taps into everyone's ability to continue their relationship with those who have passed. "Marilyn's vast and masterful experience in communicating with passed loved ones illustrate what they want to teach us."—Betty Jampel, LCSW When Marilyn Kapp was two years old, she watched her grandfather leave his body. He told her he would be back and he was true to his word. When Marilyn realized that others did not share her perception of the spiritual plane, she kept her channeling abilities to herself and her family. This changed when, as a college student, she met writer, Holocaust survivor, and future Nobel laureate Elie Wiesel. He became her mentor and encouraged her to use her perception to help others. In Love Is Greater Than Pain, Marilyn shares her profound understanding of the afterlife. Today a renowned medium, Marilyn reveals the beauty in the transition from the physical to the spiritual plane, helping those who are dying, as well as those left behind. With personal stories and transcripts from channeling sessions, Marilyn teaches us how to interact with the afterlife and to joyfully embrace the reality that love truly is greater than pain. Marilyn shares universal messages of comfort, forgiveness, and understanding, including specific guidance for bereaved parents, for those dealing with dementia, and even for people who are grieving for their animal friends. Marilyn's groundbreaking seminal work offers practical advice, clear takeaways, and a new approach to death, grieving, and living your best life, sharing concrete steps for: • Raising your personal vibration to increase health, joy, and the ability to receive channeled information and love. • Helping yourself and others honor life while grieving. • Understanding the parallel process of growth that we share with those who have passed. When we honor life as we grieve, we offer healing and support to one another, as well as conscious collaboration with those who have passed.

Love Is Greater Than Pain

When in love The heart wishes to be full. Love wishes to take her place. Nothing better is what comes from loving hearts... Love always shows her truth and power. In Poems, Angela Herrick shares a diverse collection of verse that intimately explores all the realms of love. In her reflections, Herrick encourages others to lift their imaginations and open their hearts to experiences that release feelings and explore new beginnings. Through creative interplay between mythical characters, Herrick links the planets of the universe with Earth while illustrating the power of love to overcome differences, barriers to happiness, and past hurts. While focusing on kindness, loyalty, and forgiveness, Herricks poems prove that love is a gift that should never be taken for granted. Poems intertwines planetary and earthly journeys in a lyrical exploration of love and all that encompasses the greatest emotion of all.

Michael Jansen grew up in a strong, Christian home. He was a happy, well-adjusted teen-until a dark secret from the past shattered his world. In one instant, everything that the boy thought he knew and could count on wavered and vanished. The world had shifted on its axis, and nothing fit anymore. This teen's journey of discovery reveals the power of Christ-as our personal Savior, who wants to be involved in our daily choices. Michael has a lot to learn-about himself, about the nature of truth, about the importance of titles, and about the power of love. Michael learns that, sometimes, what we view as weakness is actually a gift from God-a gentle strength. Janella Henry lives in Sadler Texas, where she

is relishing the recently rediscovered freedom that comes with having new wheels. She enjoys teaching and reading, and she has also had a hand in writing a book of Christian poetry entitled *Walking in The Shadow of the Cross*.

Let Justice Roll Down

What kind of love is stronger than death? What are your most profound stories of life and death and love? Where is God in the middle of such heart-wrenching-we-can-barely-breathe pain and grief? "Schema of a Soul" is a layered love story in the midst of the relational aftermath of tragedy. Rather than minimizing pain in a dismissive effort to get over it and move on, could there be so much more meaning to be discovered regarding the relational reality of God if we were to delve deeper into the devastating places as He invites us? The beautiful truth is: there is a love stronger than death, boundless enough to break through our fearful, tightly held assumptions and illusions regarding pain and grief and relationships and life and death and God, and that changes everything.

Poems

An ancient demon lies trapped behind the stone walls of an Incan cave prison; for centuries it had demanded blood sacrifices, and had schemed to escape. Then it discovers a pathway into the world of men, forging itself into a malevolent and cursed killing object, and making itself capable of giving misery and bringing death to all who touch it. Through decades it torments, destroys, the lives of the unlucky people it comes into contact with until a loving married couple, Emily and Sam Walters, have enough love and faith—and the help of a mysterious priest who's much more than he appears to be—to fight against, and destroy the ancient evil forever...and to finally send it back to hell where it belongs. (Originally a Leisure mass market paperback titled *Blood Forge*; and later as *Blood Forged*.) ***

A Gentle Strength

This book presents the story of Saint Rita of Cascia, an Augustinian nun. She is venerated as a saint in the Roman Catholic Church. Rita was beatified by Pope Urban VIII in 1626 and canonized by Pope Leo XIII on May 24, 1900. At her canonization ceremony, she received the title of Patroness of Impossible Causes. This book is a story of her life and miracles.

Schema of a Soul

This is a book of thought-provoking conversant poetry speaking about how to 'deal with,' 'distance yourself,' and/or 'break away,' from negative-minded people who don't mean you well in life, and/or who prefer to live their lives with confusion, stupidity, ignorance, and ungodliness. Sadly, there are daughters & sons who've fallen victim to 'emotional blackmail' by a loved one who haven't wrestled nor confronted their own past demons for so long that its toll has become painfully burdensome. And no matter what you say or do, it's never enough, which is why it is so critical to "Preserve Your Sanity At All Cost," to increase the length of time of your existence on Earth to take care of self and your family! In this book you'll find that you (or someone else you know) are not alone when experiencing negative situations of any kind, which is why this subject of maintaining one's own sanity should be addressed publicly without candy-coating the truthfulness about negative human behavior.

Love Is Stronger Than Evil

FEEL ALIVE AND CONNECTED ONCE AGAIN! *Lonely No More: The Astonishing Power of Inner Bonding* takes the reader on a spiritual journey of self-discovery and personal transformation, exploring the often-conflicting relationship between the false beliefs of the ego wounded self, how those false beliefs leave a person lonely and disconnected, and how to achieve true spiritual connection. Through engaging narratives and practical exercises, this book offers valuable insights into achieving a balanced, fulfilling relationship with both the self and the Divine. Throughout the book, I explore various spiritual principles and misconceptions that often hinder individuals from accessing the ever-present love and wisdom that is here for all of us. By debunking common myths, I equip readers with the tools and knowledge needed to break free from limiting beliefs and foster spiritual growth. Here's a sampling of what you will learn: The difference between getting and sharing love. The difference between self-responsibility and self-sacrifice. The difference between our true soul self and our ego wounded self. A road map for healing loneliness by promoting self-awareness, inner healing and personal responsibility. Healing other related conditions like anxiety, depression, shame, addictions and

relationship problems. The opposite of loneliness is not a never-ending blissful, happy, problem-free state. It is feeling alive and connected once again. The ability to feel deeply, to express the gamut of one's emotions in a healthy way, and to connect to yourself, others and life overall to address challenges and triumphs in a way that says "yes" to life, is the goal of this book.

Life of St. Rita of Cascia, O.S.A. from the Italian

The book is the first of its kind to draw together in conversation the views of the early Church, contemporary biblical and theological scholarship, and post-conciliar teachings. Steck develops a comprehensive, Catholic theology of animals based on an in-depth exploration of Catholicism's fundamental doctrines—trinitarian theology, Christology, pneumatology, eschatology, and soteriology. All God's Animals makes two central claims. First, we can hope that God will include animals of the present age in the kingdom inaugurated by Christ. Second, because of this inclusion, our responses to animals should be guided by the values of the kingdom. As Christians await the final liberation of all creation, they are to be witnesses to God's kingdom by embodying its ideals in their relations with animal life. Because the kingdom's fullness is yet to come and because our world remains marked by the wounds of sin, however, Christian treatment of animals will at times require acts that are at odds with the kingdom's ideals (for example, those causing suffering and death). Steck examines each of these ideas and explores all of their complexities.

Lonely No More

Given the imperfections of our society and the apparent downward spiral of spiritual and moral values seen in recent years; loving, caring and respecting someone has almost become a thing of the past. Indeed, these once natural emotions and reactions to one another seem to have diminished so rapidly that even finding true, loyal friends, acquaintances and family members who support and encourage you and who partake in your successes can be difficult. Perhaps I am too critical when I say this but maybe its because it is this context in which I consider the following true story of a man who felt significant pain, and reflects the context in which I have endured my own pain over time. This book has been difficult for me to write. There are sections where I will be explaining certain things to you, the reader, about my very own thoughts and feelings regarding the hurtful insinuations and malicious gossip certain people have spread around about me to try and discredit me and bring about my downfall. You will find that I havent mentioned any real names or named places of where events have taken place. Instead I have gathered together information on the situations I have endured, and of those that apply to the story provided here that of a man who felt immense pain, How deeply we who love the Lord God desire to follow him and draw strength from him in order to gain power to surmount all the difficulties and test and conflicts in life in the same exultant and triumphant way that he had previously displayed. To learn the secret of victorious living has been the hearts desire of those who love the Lord God, in every generation. We who follow God all strive to help victims find hope and victory here on this earth and during this life. We hope that through our input, they will be able to always react to evil,

tribulation, sorrow, pain and every negative situation that they experience in such a way that allows them to transform their emotions into something positive and that they too seek to praise God forever.

The Cornell Era

2019 Foreword INDIES Award, Gold for Autobiography & Memoir Bronze Medal winner in the Independent Book Publishers Awards In the wake of the fall of the Berlin Wall, the late twentieth century was a time of unprecedented hope for democracy and freedom in Eastern Europe. The collapse of the Soviet Union left in its wake a number of independent countries where the Scorpions' 1990 pop ballad "Wind of Change" became a rallying cry. Communist propaganda was finally being displaced by Western ideals of a free press. Less than two decades ago, young writers, journalists, and adventurers such as Katya Cengel flocked from the West eastward to cities like Prague and Budapest, seeking out terra nova. Despite the region's appeal, neither Kyiv in the Ukraine nor Riga in Latvia was the type of place you would expect to find a twenty-two-year-old Californian just out of college. Kyiv was too close to Moscow. Riga was too small to matter--and too cold. But Cengel ended up living and working in both. This book is her remarkable story. Cengel first took a job at the Baltic Times just seven years after Latvia regained its independence. The idea of a free press in the Eastern Bloc was still so promising that she ultimately moved to the Ukraine. From there Cengel made several trips to Chernobyl, site of the world's worst nuclear disaster. It was at Chernobyl that she met her fiancé, but as she fell in love, the Ukraine collapsed into what would become the Orange Revolution, bringing it to the brink of political disintegration and civil war. Ultimately, this fall of idealism in the East underscores Cengel's own loss of innocence. From Chernobyl with Love is an indelible portrait of this historical epoch and a memoir of the highest order.

Standing in Pain – Stronger Than Before

A corpus of emotions unsung and overheard. Unpainted is a deliberate attempt to minimize the gap between the reader's understanding and the writer's perception. This book hears and sings the emotions and habits of people that are in disregard. With this, I hope that you will take one or at least two righteous values with you home and make your life a little less coated, a little more UNPAINTED.
