Grand-Mommy and Me

My Grand-Mom Told Me: Book 1

My Grand-Mom Told Me... is a collection of short stories and will appeal to children from four to one-hundred and four years of age! The story opens with a narrative by the adult child, reminiscing what life was like when he visited his grandmother while his parents worked. The conversations are simple, but educational as well. Grand-Mom teaches her grand-son "Little Sprout"—as she affectionately calls him—expressions and jobs during her life, new vocabulary, and how great it is to just simply share life together.

A Three Hundred and Sixty -Degree Perspective

This book will make you giggle and brush away a tear or two as you take a revealing journey into the extraordinary sacred relationship between a mother and daughter. This journey is made more special because it is an adult daughter and mother. As you read the book, it is like eavesdropping into the lives of two incredible women as they share their parallel stories. I recommend this book be read by mothers and daughters together because there is tenderness the mother can share about being young, in love, vulnerable, passionate and private dreams. For the young ladies who are not yet an adult, read this book as a primer to the legacy that awaits you and the relationship you will discover with your mother as an adult daughter...This book is like a great comforter on a chilly night. It makes me long for the adult relationship I never had with my mother who died when I was 11 years old.

Out of Ireland

Out of Ireland traces a young boy's struggle, going back to his birth in the nineteen thirties. He gives you a candid glimpse of his family life and the horrors they suffered as a result of their drinking father. This abuse was somewhat covered up by the Irish mother who was enticed to America by her older brother Jerem, who had to leave Ireland because of a shooting he was involved in of an Irish leader in the town of Beal nam Blath, Co. Cork, Ireland. The author's mother was born on a farm of an upper middle class family and their 100 plus acre farm with a dairy, just outside Renanirree at Belvue Co. Cork, Ireland. Her brother Jerem was having a hard time with his father Timothy O'Riordan he was known around the villages as "Timsey Jer Liam". Jerem eventually left for America. He encouraged his two sisters to follow him. Jerem was running away, but the sisters wanted to start a new life. With roots in Ireland, Babe, being rambunctious, almost from the start, shares his pastime of golf, ball hawking, and caddying, who's caddying antics will have you howling with laughter. Growing up in Wilmington, Delaware was where he perfected his hell raising skills. Read how these extraordinary times forged the value and training that will prove to be valuable to him some day.

The Diary of Helecia Choyce

This book takes readers on the journey of change. A journey one should embark on while dealing with the everyday struggles of life. This book has an important message for the youth of today. Using her knowledge and experience from trials and tribulations, this young author helps give young people a new meaning to change. This book helps teach people how to turn a negative situation into a positive solution and to believe that anything is possible.

Stir Asylum Craziiness

Inspired by a six year old girl's need to understand the death of a friend, this book is a beautiful and gentle story of a young daughter's attempt to help her mother cope with the loss of her own mother. This story is sure to bring its readers a sense of peace, possibly a tear, but definitely a smile.

Grandma and Me

From his earliest memories, Joe Jackson dreamed of playing in the National Football League and being somebody great—a champion. But growing up in a family of seven in a Cincinnati suburb during the turbulent times of the 1960s didn't look promising. It took hard work, discipline, and good coaching to become a champion in the world's eyes in the NFL. But the most significant change didn't take place on a football field, but in his heart when he gave his life to Jesus Christ. Only then did his dream of playing in the NFL and the Super Bowl become a reality. In the pages of this fascinating biographical account, Joe Jackson recounts how he tackled challenge after challenge in life, and reveals how football opened the door to a place where the giants of fear and a low sense of self-esteem roamed freely. In Championship Sunday, Joe shares an uncut version of his life story and reveals that true champions are never satisfied with titles won on a particular day, but it's the battles we win as a believer that matter the most as we walk out our own salvation with fear and trembling. His story encourages everyone to push past their fear and insecurity to become the champion that is hidden inside.

Championship Sunday

Jackals of the Night is based on traumatic and abusive incidents in a young girl's life. These nightmares that started were begun from the seeds of these occurrences. The spirits that haunted her and never

left until their time here on earth finally ran out and they were sucked back into the hell they belonged to. Those Jackals of the Night were predators. They hid in the closets, in the hallways, and truly within real life. Wearing their masks, pretending they were caring people: the so-called protectors that turned their backs on this young child. These are people that never believed the truth.

Jackals of the Night

"Dad's eyes danced. His grin held happiness...hope. 'We're home!' he announced. Mom stared out the pickup window. Silent. Lifeless...Tufts of skinny grass and small grayish green bushes surrounded us. The land lay flat in every direction as far as I could see." Helen Lingscheit Heavirland spent her early years in western Oregon's beautiful woods, where her father Wayne Lingscheit's work as a logger provided a comfortable home. But Wayne dreamed of farming, and Columbia Basin Project irrigation opened a new opportunity. In 1954 he and his wife Gladys moved their family--seven-year-old Helen, baby Hazel, twelve-year-old Frank, and fifteen-year-old Emma--to raw land in Pasco, Washington, that was mostly bunchgrass and sagebrush. The only structures were a roofless outhouse, an eight-foot by sixteen-foot wooden shack, and a pen for sheep and goats. In *Surviving the Sand*, Helen shares her family's hardscrabble yet heartwarming story, chronicling common hardships many faced in the Columbia Basin Project's early settlement days. She describes breaking sod, plants destroyed by wind-whipped sand, and a harrowing first winter sleeping outside after a storm shredded their tent, but also simple joys like fresh apricots, Crokinole games, and letters from loved ones. Most of all, she relates how--despite the heartache, arduous work, and tough times--her family loves, laughs, and works together as they chase her father's seemingly impossible dream.

The Complete Promiscus Guardians Series

No parent is ever prepared to hear the devastating words that your child has died. Regardless of their age, the cause, or the circumstances, the heart of a mother is not equipped to handle those forever life-altering statements, nor the events that follow. *Kisses from Momma* is a collection of letters to a mother's son, who died unexpectedly at the age of twenty-six. It is the heartfelt thoughts that pounded in her mind and heart day and night as she pondered how to do life in such an unknown world that she suddenly became a part of, with no warning. Sharing her thoughts in letters to her son seemed to bring some balance back into her life. Now she wants to share them with others who continue to struggle with the day-to-day issues of dealing with not having their child/children present in their lives. Every parent who has survived and overcome the death of a child is a lifetime member of a club they never asked to be a part of. There is no rewind, no refusal, and no alterations to the inclusion of the club. As a born-again believer, this author chose to trust her Lord and Savior to help her not only survive the death of her beloved Toby but to be an overcomer of it. Her hope is that each reader, whether a mother, daddy, sibling, grandparent, friend, or any other survivor, each one will discover there is indeed a way to overcome the physical loss of a child. His name is Jesus Christ.

I love my Grandmommy. This delightful little story portrays how a young girl appreciates her grandma and her little acts of love. You may want to use this book as an introduction to building a thankful heart in children. This short story was written by a 5-year old girl with some help from her mommy. This mother and daughter tandem created brightly colored illustrations and used easy-to-read words that made it a fun book to read.

I Love My Grandmommy

In 1975, after years of struggle, Communists seized control of the government of Laos. Members of the Mong culture who had helped the U.S. Central Intelligence Agency in their quest to halt the spread of Communism were forced to move to America as political refugees. The Mong, with their strong culture of oral traditions and beliefs, were plunged into a multicultural society where the written word was prevalent. As a result, their oral customs are now being slowly eroded and replaced with a written tradition. Desperate to hold on to their cultural identity and continue the traditions of their ancestors, the Mong still struggle with the dilemma this change in literary perception has caused. Compiled from numerous interviews, this volume explores the lives of 13 Mong elders. With emphasis on their unique oral tradition and cultural practices, the book discusses Mong rituals, tribal customs, religious beliefs and educational experiences. The main focus of the work, however, is the lifestyle the elders maintained while living in the mountains of Laos. In their own words, they describe their childhood, communities, religious rituals and cultural traditions as well as the ongoing struggle of adjustment to their new homeland. The work also delves into the Mong perceptions of industrialization and the generational conflict that immersion into a literate society has caused. The author himself is a member of the Mong culture and brings a personal perspective to preserving the oral traditions of this unique ethnicity. The work is also indexed.

In 'O' Peniel, Behind the Fans', people use hand fans at church to cover up their indiscretions. The preacher, himself, seems to always go out of his way to discover any hidden secrets about people around town. And he has no problem blatantly exposing these secrets directly to that person; while yet still letting others know he knows of those indiscretions in his unsympathetic sermons. He even unexpectedly preached about himself in one of his sermons. But yet, he's still so quick to point out other people's wrongdoings. This makes you wonder if he's unblemished, as well. One person, though, seems to have figured that out early on, but it's not Rhyah. Rhyah, the young girl portrayed as the book's witty narrator, demonstrates that life is full of mishaps and issues and that they are simply a part of life. Thus, we all make mistakes! She, too, has created a problematic secret of her own. One, of which she has hid for several months. It's also one, which causes immense frustration and shame upon people. But, she makes a grand revision to her issue by directly confronting 'it'; allowing everyone to know that things like this may walk up on us, but they do not have to overtake our lives. Additionally, the book's theme is given from a (somewhat) biblical perspective that seems to enhance the value of it.

The people in each chapter have gone through many problems, physical and mental abuse, death, suicide, murder, alcoholism, drugs, marriage, divorce, children and adoption. Sometime we as Christians forget that being a Christian means to forgive the inexcusable because God has forgiven the inexcusable in us. Let the truth be told, unless you let go, unless you forgive yourself, unless you forgive the people that did you wrong or harmed you in anyway, unless you forgive the situation, unless you realize that that situation is over, you cannot move forward and God cannot bless you and we all want to be blessed. *Matthew 6:14-15 "For if you forgive man and or woman when they sin against you, your heavenly Father will also forgive you. But, if you do not forgive man and or woman their sins, your Father will not forgive your sins." The sense of the reality of spiritual things, and the power to rest the thought upon them, is as various as the power of flight in different birds. See a great eagle soaring without effort high in the air, or circling with undazzled eyes towards the sun! A noble bird with such powers of flight and of sight pictures an affection for spiritual thought of the strongest, most searching kind, which rises highest above superficial appearances and takes the most comprehensive views of like, the most in accord with the Divine wisdom. *Isaiah 40:31 "But they that wait upon the LORD shall renew their strength; they shall mount up with wings as eagles."

A near-death experience (NDE) caused by a reaction to anesthesia allows the author, Wren Richardson, to provide a profoundly healing message to a surgical assistant. The message is about moving forward in life, even after we've lost someone we love. It's one that we all need to hear. Wren gives an account of her transformative journey, which began at a young age with questions about the existence of God. She shares her struggles and triumphs that occurred during the integration of her NDE and the newly found spiritual awareness of what happens when we die. "Every now and again, we meet someone whose life's journey inspires our own. Wren Richardson, the author of *Finding God: This is the Trip*, profoundly inspired my life, and thanks to this book, she may inspire yours as well. Her story transformed my appreciation for the apparent operation of a greater spiritual reality in contemporary life. Wren's journey reveals many treasures. Her writing is as entertaining as it is enlightening. May you enjoy and be enriched by Wren's journey as much as I have." —Gary E. Schwartz, PhD, professor of psychology, medicine, neurology, psychiatry, and surgery director, Laboratory for Advances in Consciousness and Health, University of Arizona. Author of *The G.O.D.
