Hillary Clinton

Election time is almost here! Have you seen all the fuss that's been brewing over the last year for the upcoming presidential election? Did you wish you had more information about Hillary Clinton and why she has been involved in so much, but shows few accomplishments? Whether this is your first time voting or have done so for decades, the information in this book will provide you with the facts concerning the scandals of Democratic nominee Hillary Clinton. Details in scandals that go back decades will arouse your suspicions about her true motive and the pieces will fall into place. You will see the inescapable truth that Hillary Clinton has been a liar who has broken the rules of office and thinks she is above the laws of this country. As much as the Clintons have tried to hide, seal, and forget about the information in this book, it still exists and has been encapsulated in this one handy guide. **YOU WILL LEARN** - The facts of 38 years' worth of scandals - To see how the patterns of those scandals reveal her lies and breaking of the rules - How the people she admired helped shape her mindset - The key personality traits of the first-EVER female presidential nominee in the history of this country - Why she is still with Bill - The deceitful abuse of positions and authority for personal gain Curious to Learn More? Purchase your copy of Hillary Clinton: Truth and Lies today to learn about the missing files, how the scandals intertwine, and how those no longer useful to her end up in prison or dead. Find out what has motivated her through the decades. This election is critical and just around the corner. This book will take you step by step through her life from Wellesley and Yale Law School to the present as the Democratic presidential nominee. Know Hillary Clinton's track record before you vote. For a super-low price, you too can conveniently have this once-in-a-lifetime record of events right at your fingertips.

Hillary Clinton Nude

"Hillary Clinton Nude: Naked Ambition, Hillary Clinton and America's Demise" is an expose of one of the most powerful and controversial politicians in America. Stripping away the veils of imagery which mask the imperfections of Hillary Rodham Clinton, "Hillary Clinton Nude" presents a non-partisan yet passionate case against a second Clinton presidency. Author Sheldon Filger has written a bombshell of a political book, conveying a warning to the American people of the dire risks to the nation's continuity should the former First Lady succeed in fulfilling her ultimate political ambition. More than just another Hillary Clinton book, "Hillary Clinton Nude" is a sobering commentary on the state of American politics in the 21st century, and the influence of money, image making and celebrity power in the debasement of meaningful political discussion in the United States. Democrats, Republicans and independent voters will discover much to reflect on in this incisive and revealing book. Originally written prior to Hillary Clinton's ill-fated 2008 presidential campaign, "Hillary Clinton Nude" is even more timely as the former First Lady, Senator and Secretary of State prepares the ground for another run for the presidency in 2016. The next U.S. presidential election may be among the most decisive in America's political history. Do not go to the polls without arming yourself with the knowledge found in Sheldon Filger's revealing book, "Hillary Clinton Nude."

Hillary Rodham Clinton

Chronicles the life of former first lady Hillary Rodham Clinton, focusing on her activities during the ten years leading up to her national prominence and her influence on her husband's presidential administration.

The Hillary Factor

A fresh, highly readable biography of Hillary Rodham Clinton from her Illinois childhood to her role as national healthcare reformer. Based on interviews with dozens of Hillary's friends and relatives, as well as political colleagues, allies, and enemies. Photos.

Hillary Rodham Clinton

Covering all aspects of America's controversial former President's wife, this comprehensive biography offers an unprecedented view of our first baby boomer First Lady, and provides a better understanding of lawyer, board member, and commision member Hillary Clinton.

Living History

Hillary Rodham Clinton tells her life story, describing her dedication to social causes, her relationship with her husband, and her accomplishments and difficult periods as First Lady.

HRC

The true story behind one of the greatest political comebacks in history and a behind-the-scenes look at the woman who may become the next president of America. 'An appraisal of a compelling character who might, at the age of 69 in January 2017, be sworn in as the most powerful woman in the history of the world.' The Times, BOOK OF THE WEEK 'A revealing window into the le Carrý-like layers of intrigue that develop when a celebrity politician who is married to another celebrity politician loses to yet another celebrity politician, and goes on to serve the politician who defeated her.' Washington Post 'Provides useful context and intelligent analysis . . . pumped full of colorful you-are-there details.' New York Times Combining deep reporting and West Wing-esque storytelling, HRC reveals the strategising, machinations and last minute decision-making that have accompanied one of the greatest political comebacks in history.

Blood Feud

#1 New York Times Bestseller In this highly anticipated follow-up to his blockbuster The Amateur, former New York Times Magazine editor-in-chief Edward Klein delves into the rocky relationship between the Obamas and the Clintons. An old-school reporter with incredible insider contacts, Klein reveals just how deep the rivalry between the Obamas and the Clintons runs, with details on closed-door meetings buttressed by hundreds of interviews. Blood Feud is a stunning exposé of the animosity, jealousy, and competition between America's two most powerful political couples.

Hillary Clinton

HILLARY CLINTON: The Almost President - A Biography of Hillary Clinton For the better part of three decades, Hillary Clinton has been a name to take heed of. Initially, the people of the United States knew her as the sharp, attractive wife of sharp, attractive Bill Clinton as he ran for president in 1992. We all remember her as the embattled first lady when she became the center of one of the United State's worst presidential scandals. But, that's not the full view available when it comes to Hillary Clinton. There is so much to unpack and digest--it feels silly that the world-at-large sees her as this stock figure. In reality, she is very much like the rest of us. She has flaws, misgivings, and deceits. However, she may be one of the most powerful women of all time. You could say the rest of it just comes with the job. In 2008, when she ran for president opposite Barack Obama, she gathered the most votes for a woman in a primary...ever. Clinton, as we all know, lost that battle to the eventual two-term president. However, she took on the prestigious role of Secretary of State and served honorably for many years. Fresh in the minds of everyone, however, must be the 2016 election. This time, Clinton came into the race as an undisputed front-runner. She was eventually opposed by Bernie Sanders in one of the more divisive primary cycles to date for the Democrats. However, by the time Summer 2016 rolled around, she had become the first woman to ever be nominated to run for president by a major American political party (read: Republicans or Democrats). However, she lost the scandal-plagued presidential election to a very unpopular presidential candidate and she has now decided to become simply, "an activist citizen". Hers is a tale of democracy, triumph, and plenty of tragedy. However, there are lessons to be learned at every turn. No one has looked so squarely into the maw of politics and been turned away quite so extravagantly--save, maybe, the inimitable William Jennings Bryan. But, with any good politician (or bad, if you so choose) the best way to really surmise their impact is to look at their record before it became obscured by black limos and secret service members. This biography looks at the life, career and times of Hillary Clinton, America's Almost-President, to uncover the driving forces that make here nonetheless one of the most important icons of the 21st century.

Hillary's America

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

No One Left to Lie To

"Just as the necessary qualification for a good liar is a good memory, so the essential equipment of a would-be lie detector is a good timeline, and a decent archive." In *No One Left to Lie To*, a New York Times bestseller, Christopher Hitchens casts an unflinching eye on the Clinton political machine and offers a searing indictment of a president who sought to hold power at any cost. With blistering wit and meticulous documentation, Hitchens masterfully deconstructs Clinton's abject propensity for pandering to the Left while delivering to the Right, and he argues that the president's personal transgressions were ultimately inseparable from his political corruption. Hitchens questions the president's refusals to deny accusations of rape by reputable women and lambasts, among numerous impostures, his insistence on playing the race card, the shortsightedness of his welfare bill, his ludicrous war on drugs, and his abandonment of homosexuals in the form of the Defense of Marriage Act. Opportunistic statecraft, crony capitalism, "divide and rule" identity politics, and populist manipulations--these are perhaps Clinton's greatest and most enduring legacies.

Target

Wiley, former Democratic activist and White House volunteer, argues that Hillary Clinton should not be returned to the White House in any capacity as she outlines how her life was changed by the intimidation campaign launched by the Clintons.

Hillary's Scheme

Describes Hillary Clinton's plans to run for president within the next few years and discusses how she is attempting to gain support within the political arena, despite her husband's reputation.

Extreme Makeover of Hillary (Rodham) Clinton

An analysis of Hillary Clinton's efforts to adapt her public image to render her a desirable presidential candidate describes how perceptions about her have changed, in a profile that considers her eligibility and potential for the presidency.

The Clintons' War on Women

"This book on Hillary - really tough." - President Donald Trump Hillary Clinton is running for president as an "advocate of women and girls," but there is another shocking side to her story that has been carefully covered up—until now. This stunning exposé reveals for the first time how Bill and Hillary Clinton systematically abused women and others—sexually, physically, and psychologically—in their scramble for power and wealth. In this groundbreaking book, New York Times bestselling author Roger Stone and researcher and alternative historian Robert Morrow map the arc of Bill and Hillary's crimes and cover-ups. They reveal details about their actions in Arkansas, during Bill Clinton's time in the White House, about who really ordered the deadly attack on the Branch Davidian compound in Waco, during Hillary's tenure as secretary of state, about their time at the Clinton Foundation, and during Hillary's current campaign for president. This is the first book to shed light on the couple's deeply personal violations of the people they crushed in their obsessive quest for power. Along the way, Stone and Morrow reveal the family's darkest secrets, including a Clinton family member's drug rehab treatment that was never reported by the press, Hillary Clinton's unusually close relationship with a top female aide, and a stunning revelation of such impact that it could strip Bill Clinton of his current popularity and derail Hillary's push to be the second Clinton in the White House. Anyone who cares about the future of the United States will want to read this tell-all, exposing the appalling, unvarnished, and ugly truth about the Clintons. This paperback edition includes a new preface from Roger Stone, revealing explosive new information he's learned since the hardcover's release.

Guilty as Sin

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

Hillary's America

HILLARY'S AMERICA: The Secret History of the Democratic Party | SUMMARY & Key Points with BONUS Critics Review - NOT ORIGINAL BOOK Hillary Clinton has dark secrets. These secrets she doesn't want you to know. Under the guise of social justice, equality for all, progressivism, and care for the common man Hillary Clinton and the political regime of the Democrats have long been tricking America into believing a false rhetoric that can bring America to the brink of losing itself. Chapter by Chapter D'Souza breaks down historical facts of the Democrats and the dark history of Clinton herself. From the scandals caused by her presidential husband Bill Clinton to the secret twisted sex lives and fantasies of former democratic presidents John F. Kennedy and Lyndon B. Johnson and presidential hopeful Bernie Sanders, Democrats have a sordid past that involves the defamation of women. This book will open your eyes to an America run by the Clinton regime, an America many don't realize will be not as utopic as hoped. Inside this Slim Reader Review: Summary of Each Chapter Highlights (Key Points) BONUS: Free Report about The Strange Deaths Surrounding Vladimir Putin - <http://sixfigureteen.com/messy>

Cracked But Not Shattered

Cracked But Not Shattered thoroughly analyzes Hillary Clinton's 2008 campaign for the Democratic Party's presidential nomination with an eye to identifying what went wrong-why, the frontrunner, she ended up not breaking "the glass ceiling." Although her communication was flawed and the media coverage of her did reflect biases, these essays demonstrate how her campaign was in trouble from the start because of her gender, status as a former First Lady, and being half of a political couple.

The Truth About Hillary

Hillary Rodham Clinton is the most polarizing figure in American politics. Love her or hate her, everyone has a strong opinion about the former first lady turned senator who is almost certainly going to run for president in 2008. Despite more than a dozen years in the national spotlight and more than a dozen

unauthorized books about her, she has managed to keep many secrets from the public especially about her turbulent marriage and its impact on her career. There have been plenty of rumors about what Hillary and Bill Clinton did behind closed doors, but never a definitive book that exposes the truth. Bestselling author Edward Klein draws on rare access to inside sources to reveal what Hillary knew and when she knew it during her years as first lady, especially during her husband's impeachment. Klein's book, embargoed until publication, will break news about the choices and calculations she has made over the years. It will also prove that she lied to America in her bestselling autobiography *Living History*. When she was just a little girl, Hillary Rodham dreamed of becoming the first female president, and her lifelong dream is almost within reach. But just as the swift boat veterans convinced millions of voters that John Kerry lacked the character to be president, Klein's book will influence everyone who is sizing up the character of Hillary Clinton.

Public Opinion, the First Ladyship, and Hillary Rodham Clinton

This second edition presents Clinton's self-repositioning during the 1996 election, her official role during the second term, her role during the impeachment proceedings, and the beginnings of an independent political career.

Hillary Rodham Clinton

A biography of Hillary Rodham Clinton-- former first lady and Yale Law graduate, senator from New York and former contender for the Democratic nomination for president.

The Hunting of the President

When Hillary Clinton spoke of "a vast right-wing conspiracy" determined to bring down the president, many people dismissed the idea. Yet if the first lady's accusation was exaggerated, the facts that have since emerged point toward a covert and often concerted effort by Bill Clinton's enemies--abetted by his own reckless behavior--which led inexorably to impeachment. Clinton's foes launched a cascade of well-financed attacks that undermined American democracy and nearly destroyed the Clinton presidency. In vivid prose, Joe Conason and Gene Lyons, two award-winning veteran journalists, identify the antagonists, reveal their tactics, trace the millions of dollars that subsidized them, and examine how and why mainstream news organizations aided those who were determined to bring down Bill Clinton. *The Hunting of the President* may very well be the *All the President's Men* of this political regime.

TIME Hillary

This book will also help to dissect what the future might hold for Hillary, whether she chooses to run for office again or decides to remain a private citizen and devote her time to lecturing, teaching, and philanthropy.

Her Way

The truth about the most important woman in America. In *Her Way*, two Pulitzer Prize-winning New York Times investigative journalists deliver: Previously undisclosed details about the Clinton's multi-decade plan for power including 8 years in the White House for Bill and 8 years for Hillary. Never-before-revealed information about Hillary's involvement in her husband's campaigns - including cover-ups and the truth about Bill's draft record. New details regarding Hillary's rivalry with Al Gore - and why it is likely to heat up. Provocative new information about Hillary's vote to authorize the Iraq War, and the steps she has taken to distance herself from that vote. Revelations about Bill Clinton's role in Hillary's campaign and his surprising opinion of Barack Obama. New details of Hillary's failure to adhere to Senate ethics rules, and what this says about her political empire. She is one of the most influential and recognizable figures in our country, and perhaps the single most divisive individual in our political landscape. She has been the subject of both hagiography and vitriolic smear jobs. But although dozens of books have been written about her, none of them have come close to uncovering the real Hillary -- personal, political, in all her complications. Now, as she makes her historic run for the presidency, Pulitzer Prize-winning New York Times reporters Jeff Gerth and Don Van Natta Jr. bring us the first comprehensive and balanced portrait of the most important woman in American politics. Drawing upon myriad new sources and previously undisclosed documents, *Her Way* shows us how, like many women of her generation, Hillary Rodham Clinton tempered a youthful idealism with the realities of corporate America and big-league politics. It

takes readers from the dorm rooms at Wellesley to the courthouses of Arkansas and Washington; to the White House and role as First Lady like none other; inside the back rooms of the Senate, where she expertly navigates the political and legislative shoals; to her \$4 million mansion in Washington, where she presides over an unparalleled fundraising machine; and to her war room, from which she orchestrates ferocious attacks against her critics. Throughout her career, she has been alternately helped and hindered by her marriage to Bill Clinton. Her Way unravels the mysteries of their political partnership -- one of the most powerful and enigmatic in American history. It also explains why Hillary is such a polarizing figure. And more than any other book, it reveals what her ultimate hopes and ambitions are -- for herself and for America.

Ready for Hillary?

Hillary Rodham Clinton was the first First Lady to have her own office in the West Wing of the White House and the only First Lady ever to be subpoenaed to testify before a grand jury. Upon leaving the White House, she was elected as the first female Senator for New York, then served as one of America's most popular Secretaries of State. Will she now become the first female President of the United States? Hillary is poised to decide whether she will launch a fresh attempt to take the highest office in the world and make history in doing so. But what is Hillary really like? Will she run? Can she win? What can the world expect from Hillary if she does get back to the White House? What sort of President would she be? Robin Renwick, who was the British ambassador in Washington when the Clintons arrived in the White House, seeks to answer these questions and more in this vivid portrait of one of the most polarising and central figures in recent US political history.

Hillary Rising

On 12 April 2015, Hillary Clinton formally announced her intention to run for President in 2016, casting herself as the 'champion of everyday Americans'. With near-universal name recognition and the promise to make history as the first female occupant of the Oval Office, all seems set for Hillary to secure the one role that has eluded her to date, but what drives this most intriguing and polarising of political figures? Will she be able to shake off her past mistakes and finally secure the Democratic Party's nomination? What are her chances of winning the White House? And, perhaps more importantly, what kind of President would she make? Drawing on original interviews with close associates of both Bill and Hillary, as well as a wealth of recently declassified materials from the Clinton archive, James D. Boys offers a clear-sighted, non-partisan analysis of Hillary's rise to the pinnacle of American power, revealing the political ideology and core principles that have remained a constant throughout.

The Compleat Clinton Scandals

From their very beginnings right up to the present, this book covers it all, the triumphs, the scandals, and the many deaths somehow associated with Bill and Hillary Clinton. The shocking truth about Libya and Benghazi, the many "suicides," plane crashes, and the outright murders. The many dealings of the Clinton Foundation. Why was the Democratic worker shot in the back? Was Vincent Foster lured to a "secret" apartment? The shocking conclusions are a must read. The most sensational book ever published about their scandals.

Fallout

"This book is a MUST BUY!" – President Donald J. Trump "The Russia and Ukraine scandals are unraveled, corruption and greed exposed. No one is better at uncovering the truth than these two investigative journalists." – Gregg Jarrett, FOX News legal analyst and author of the #1 NYT bestsellers *The Russia Hoax* and *Witch Hunt* An exhaustively researched book that reads like an investigative thriller, *Fallout* reveals how Obama's "Russian Reset" led to corruption, scandal, and a desperate bid to impeach Donald Trump. In 2015, a major story broke exposing Hillary Clinton's role in approving the sale of American uranium assets to the Russian state nuclear agency, Rosatom. Not only did the sale of Uranium One put 20 percent of America's domestic uranium supply under the control of Vladimir Putin, there was also evidence that the Clintons themselves had hugely profited from the deal. When presidential candidate Donald Trump made Uranium One the centerpiece of his "Crooked Hillary" attacks, the Clinton team feared its potential to damage Hillary's campaign. Others in the Obama-Biden camp worried that if elected, Trump would expose their role in selling out America's security to Putin. Their desperate need to neutralize the issue led them to launch an unprecedented investigation into the Trump campaign's purported ties to Russia. The infamous Steele dossier, produced by Clinton-con-

nected Fusion GPS, sparked an investigation under FBI Director James Comey. Instead of ending after the election, the investigation grew bigger, eventually leading to Comey's firing and the appointment of Special Counsel Robert Mueller. When Mueller failed to find grounds for impeachment, Democrats seized on an ambiguous phone call with the Ukrainian president as a pretext to remove Trump from office. This gambit blew up in their faces when it exposed the secrets that Democrats tried hard to keep buried. An indispensable guide to the hidden background of recent events, *Fallout* shows how Putin's bid for nuclear dominance produced a series of political scandals that ultimately posed one of the greatest threats to our democracy in modern American history.

The Clintons

*Covers the remarkable lives of the Clintons in one educational and entertaining narrative. *Includes pictures of Bill, Hillary, and other important people, places, and events in their lives. "Sometime in my sixteenth year, I decided I wanted to be in public life as an elected official. I loved music and thought I could be very good, but I knew I would never be John Coltrane or Stan Getz. I was interested in medicine and thought I could be a fine doctor, but I knew I would never be Michael DeBakey. But I knew I could be great in public service." - Bill Clinton "I suppose I could have stayed home and baked cookies and had teas, but what I decided to do was to fulfill my profession which I entered before my husband was in public life." - Hillary Clinton It would be impossible to sum up the life and legacy of Bill Clinton in one sentence or even one paragraph, as the former president represents many different things to many different people. Indeed, the yin and yang of Clinton's life and career are inescapable. Widely hailed as the greatest politician of his era, Clinton proved to be his own worst enemy, creating unnecessary scandals through his womanizing. Clinton was one of the first politicians to truly connect with young adults, yet in the process he provided ludicrous soundbytes like "I did not inhale." Long considered the Democratic Party's greatest spokesman and surrogate, Clinton's presidency was defined by centrist "triangulation." And though he is still publicly popular and considered a great president, Clinton became just the second president to be impeached in the House of Representatives. Regardless of what Americans think of him, one thing Clinton does represent is the American Dream. Born to a single mother in Hope, Arkansas, Clinton used his ambition, hard work and intelligence to become a Rhodes scholar. As a teenager, a meeting with President Kennedy helped drive him toward politics, which he pursued after getting his law degree at Yale, where he met future wife Hillary Rodham. During the presidential campaign in 1992, Democratic challenger Bill Clinton announced that by voting for him, Americans would get two presidents "for the price of one." The reference to his wife Hillary signified that she would be no ordinary First Lady, and indeed she was employed frequently by her husband in the White House to try to push legislation through Congress, most notably universal healthcare. While that proved to be one of the Clinton Administration's greatest failures, Hillary and her staff continued to act as a political surrogate for the president during his two terms. Of course, describing Hillary Clinton as just a First Lady belittles all of her accomplishments. Today she is the most powerful woman in the world and one of the most recognizable, working so seamlessly with her former rival Barack Obama that her popularity has easily eclipsed his within a year of his victory over her in the Democratic primaries. In addition to the stirring Democratic primaries of 2008, Hillary was a U.S. Senator from New York for nearly 8 years before becoming Obama's Secretary of State. Recognized as one of the sharpest minds in Washington and a complete policy wonk, Hillary has been one of the few bright spots in Obama's Cabinet during his first term. *The Clintons* looks at the amazing lives and careers of America's most powerful political couple, including their unprecedented highs and their notorious controversies, but it also humanizes the duo who have overcome considerable personal and political hurdles along the way. Along with pictures of important people, places, and events in her life, you will learn about Bill and Hillary Clinton like you never have before, in no time at all.

Hillary: America's First Dictator

Now, the first First Lady to have faced down a federal Grand Jury and survived her husband's Presidential impeachment is undergoing a "race for redemption" as she runs on her own for the United States Senate."

Hillary's Choice

Hillary's America by Dinesh D'Souza | Book Summary A look at the ongoing elections paints a very different picture from the truth. What many don't know is that the media's obsession with Donald Trump is a well-crafted scheme by the Democrats to maintain focus away from them. This may seem like

an outrageous claim at first but it will become clear as you continue to read this book. One way of ensuring that people don't start questioning Hillary Clintons achievements and the people destroyed by her ways, is keeping the spot light away from her as much as possible. The Democrats wish to maintain the picture they have painted of Hillary as a people's champion intact. On looking at her trail since she got into politics, a very different picture comes into view of this very woman. Hillary Clinton however is not the only culprit of hiding her true self from the public to gain votes; she is just one example. The Democratic Party candidates from Obama to Bill all through to their founders have the same characteristics of twisting the truth to suit their dubious ways. Contrary to what Progressives claim, it was them that supported slavery so as to get free labor and the Republicans are the heroes of Civil Rights. This is just one of the many pieces of history that they have corrupted to earn votes. From corruption, protecting criminals in court, pardoning criminals in jail and blaming victims the Clintons have done it all. But due to the heavy investments of the Democratic Party in the media the truth is often swept under the rug and the Democratic criminal walks away. The public is then fed a lie and their tyranny continues. The Democratic Party's past upon scrutiny is also filled with similar stories. While Progressives argue that the sins of their founders cannot be blamed on the current party, they Clintons continue with their tricks stealing from third world countries, over throwing foreign governments all in the name of enriching themselves while thousands die and others are displaced. These are just a few examples of the many more evils discussed in the following chapters on the ways of the Democrats. The author later on looks at why the Republicans have not respond effectively to the Democrats and what they can do to beat them in the coming elections. Here Is A Preview Of What You'll Learn... Summary of Hillary's America

As the country prepares itself for the 2016 presidential elections, former Secretary of State Hillary Rodham Clinton decides to make a second attempt to become the nation's first female President. Can she run on her record? Her likability? And how will lingering questions about Benghazi and her email inform her choice?

Female Force: Hillary Clinton: The Road to the White House

An unflattering biography describes Bill Clinton's influences as a child, the politicians who were his mentors in Arkansas, and his alleged personal wrong-doings while in the White House

Boy Clinton

Hillary Clinton is an American politician and the nominee of the Democratic Party for President of the United States in the 2016 election. She served as the 67th United States Secretary of State from 2009 to 2013, the junior United States Senator representing New York from 2001 to 2009, First Lady of the United States during the presidency of Bill Clinton from 1993 to 2001, and First Lady of Arkansas during his governorship from 1979 to 1981 and from 1983 to 1992. Born in Chicago and raised in the suburb of Park Ridge, Illinois, Clinton attended Wellesley College, graduating in 1969, and earned a J.D. from Yale Law School in 1973. After serving as a congressional legal counsel, she moved to Arkansas, marrying Bill Clinton in 1975. In 1977, she co-founded Arkansas Advocates for Children and Families. She was appointed the first female chair of the Legal Services Corporation in 1978, and, the following year, became the first woman partner at Rose Law Firm. As First Lady of Arkansas, she led a task force whose recommendations helped reform Arkansas's public schools, and served on several corporate boards. As First Lady of the United States, Clinton led the unsuccessful effort to enact the Clinton health care plan of 1993. In 1997 and 1999, she helped create the State Children's Health Insurance Program. She also tackled the problems of adoption and family safety and foster care. At the 1995 UN conference on women, held in Beijing, Clinton stated in a then controversial and influential speech, that "human rights are women's rights and women's rights are human rights." Her marriage endured the Lewinsky scandal of 1998, and her role as first lady drew a polarized response from the public. Clinton was elected in 2000 as the first female senator from New York, the only first lady ever to have sought elective office. Following the September 11 attacks, she voted to approve the war in Afghanistan. She also voted for the Iraq Resolution, which she later regretted. She took a leading role in investigating the

health issues faced by 9/11 first responders. She voted against the Bush tax cuts. She was re-elected to the Senate in 2006. Running for president in 2008, she won far more delegates than any previous female candidate, but lost the Democratic nomination to Illinois Senator Barack Obama. As Secretary of State in the Obama administration from 2009 to 2013, Clinton responded to the Arab Spring, during which she advocated the U.S. military intervention in Libya. She helped organize a diplomatic isolation and international sanctions regime against Iran, in an effort to force curtailment of that country's nuclear program; this would eventually lead to the multinational Joint Comprehensive Plan of Action agreement in 2015. Leaving office after Obama's first term, she wrote her fifth book and undertook speaking engagements before announcing her second presidential run in the 2016 election. Clinton received the most votes and primary delegates in the 2016 Democratic primaries, formally accepting her party's nomination for President of the United States on July 28, 2016, with vice presidential running mate, Senator Tim Kaine. She became the first female candidate to be nominated for president by a major U.S. political party. As part of her 2016 platform, she has emphasized raising incomes, improvements to the Affordable Care Act and reform of campaign finance and Wall Street. She favors allowing pathways to citizenship for undocumented immigrants, expanding and protecting LGBT and women's rights, and instituting family support through paid parental leave and universal preschool.

Hillary Clinton

Senator Hillary Rodham Clinton is the front-running candidate for the Democratic Party's presidential nomination in 2008, as well as being up for re-election as Senator from New York in 2006. This brief political tract both explores the political history and ideology of Mrs. Clinton since her college years at Wellesley and Yale, through her Arkansas and White House years, and now her "repositioning" prior to two election campaigns in the next four years. Unless there is a massive shift in the way the mainstream media have covered her actions and views in the past, this small book -- both highly entertaining and informative -- will serve as a necessary balancing source for Americans interested in a complete portrait of a potential future President of the United States.

Hillary Rodham Clinton

As the long, scandal-ridden trial of the Clinton years comes to an end--and as the first lady mounts her own campaign for independent political office--it is time for a summation. What is the legacy of Clintonism? What is there in Hillary Clinton's background, talents, or record of achievement that qualifies her to represent New York in the U.S. Senate? And, most important, what will happen if Hillary should win this fall? Where will her ambition lead her next? Peggy Noonan, one of our most astute political observers and a speechwriter for the Reagan White House, argues in this passionate and compelling book that everyone in the United States--not just New Yorkers--must look closely at Hillary and the implications of her Senate bid. The Case Against Hillary Clinton offers an eye-opening assessment of the scandals, and failures of the Clinton years, from Whitewater to health care to the Filegate and Travelgate affairs--casting a revealing light on the first lady's motives and behavior. It poses searching questions about the difference between the citizens of New York and the Clintons of Arkansas; between public service and lip service; between the whole truth and the shameless parade of evasion and spin the first couple has marshaled throughout their White House years. And finally, in these pages Noonan calls on us to consider the climate of deception and disgrace the Clintons have left in their wake--weakening our nation's moral standing and damaging our political process in ways that will take years to heal. Never before has the character of a first lady been so integral to the fate of a presidential administration and no writer before Peggy Noonan has had the courage to offer so uncompromising an estimation of Hillary Clinton as the one contained in this book. The Case Against Hillary Clinton takes the measure of the woman, the candidate, the striving politician--and offers a convincing argument that her calculated bid for power will be the first truly important election of the new millennium. I thought, seven years ago, that the Clintons might turn out to be inspiring. They had guts, came from nowhere, were bright and hard-driving; he was educated, credentialed, a political moderate but not a boring one; she appeared to be something new and interesting, a modern woman who operated with confidence in all the circles of the world.... Hillary could have been a strong and encouraging presence, maybe continuing to work in the world as a lawyer, as Cherie Blair has in Great Britain--a judge, working mother, and "first lady" who is everywhere a figure of respect. What a presidency this would have been. What a legacy they would have left. What did the Clintons do with their two administrations? They left behind a country more damaged, more removed from its old, rough idealism; a country whose children live in a coarser and more dangerous place; a country whose political life has been distorted and lowered.... And for this reason, for all of these reasons, Clintonism

should not be allowed to continue. And if it is not to continue, the next great battle may prove to be the decisive one, and that is the battle of New York. -- From The Case Against Hillary Clinton

The Case Against Hillary Clinton

The nuanced, definitive biography of one of the most controversial and widely misunderstood figures of our time: the woman running a historic campaign as the 2016 Democratic presidential nominee—Hillary Rodham Clinton. Drawing on hundreds of interviews with colleagues and friends and with unique access to campaign records, Pulitzer Prize-winning journalist and bestselling author Carl Bernstein has given us a book that enables us, at last, to address the questions Americans are insistently—even obsessively—asking: Who is she? What is her character? What is her political philosophy? And, what can we expect from Hillary if we elect her President of the United States?

A Woman in Charge

Biography of president Clinton's wife.

The Seduction of Hillary Rodham

A biography of former First Lady Hillary Clinton, from childhood through her political life as senator from New York.

Hillary Rodham Clinton
