A Short History of Russia and the Balkan States

"Much has been made of the Balkans' deeply rooted enmities. The recent destruction of the former Yugoslavia was widely ascribed to millennial hatreds frozen by the Cold War and unleashed with the fall of communism. Mark Mazower argues that such a view is a dangerously unbalanced fantasy. A reassessment, *The Balkans* rescues the region's history from the various ideological camps that have held it hostage for their own ends, not least the need to justify nonintervention. The heart of the book deals with events from the emergence of the nation-state onward. Mazower demonstrates that of all the gifts bequeathed to the region by modernity, the most dubious has been the ideological weapon of romantic nationalism that has been used again and again by the power hungry as an acid to dissolve the bonds of centuries of peaceful coexistence. *The Balkans* is a depiction of a vitally important region, its history and its prospects."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. A Short History of Russia and the Balkan States

First published in 1914, this book provides an in-depth look at the political and cultural landscapes of Russia, Austria-Hungary, the Balkan states, and Turkey. Written by historian Eva March Tappan, this work provides valuable insights into the international tensions leading up to World War I. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

A Short History of Russia

This book explores the historial role of the Balkan Wars. In Eastern Europe, the two Balkan Wars of 1912/13 had greater importance than the First World War for the construction of nations and states. This volume shows how these "short" wars profoundly changed the sociopolitical situation in the Balkans, with consequences that are still felt today. More than one hundred years later, the successors of the belligerent states in Southeastern Europe memorialize the wars as heroic highlights of their respective pasts. Furthermore, the metaphor that the Balkans were Europe's "powder keg", perpetuated at the beginning of the twentieth century in the face of these wars, was reactivated in both the West and the East up through the Yugoslav wars of the 1990s. The authors entangle the hitherto exclusive national master narratives and analyse them cogently and trenchantly for an international readership. They make an indispensable contribution to the proper integration of the Balkan Wars into the European historical memory of twentieth-century warfare.

The Balkans

Volume I discusses the history of the major Balkan nationalities. It describes the differing conditions experienced under Ottoman and Habsburg rule, but the main emphasis is on the national movements, their successes and failures to 1900, and the place of events in the Balkans in the international relations of the day.

Russia, Austria-Hungary, the Balkan States and Turkey, Vol. 6

A survey of Russia's development from a valley culture in the ninth century through the Czechoslovakian crisis of 1968.

A Short History of Russia

This volume presents an objective diplomatic history focused on five crucial years in the relations between Russia and the Balkan states from the Annexation Crisis of 1908-9 to the outbreak of the First World War.

Balkania

'Fascinating... One of the most astute political commentators on Putin and modern Russia' Financial Times 'An amazing achievement' Peter Frankopan Can anyone truly understand Russia? Russia is a country with no natural borders, no single ethos, no true central identity. At the crossroads of Europe and Asia, it is everyone's 'other'. And yet it is one of the most powerful nations on earth, a master game-player on the global stage with a rich history of war and peace, poets and revolutionaries. In this essential whistle-stop tour of the world's most complex nation, Mark Galeotti takes us behind the myths to the heart of the Russian story: from the formation of a nation to its early legends - including Ivan the Terrible and Catherine the Great - to the rise and fall of the Romanovs, the Russian Revolution, the Cold War, Chernobyl and the end of the Soviet Union - plus the rise of a politician named Vladimir Putin, and the events leading to the Ukrainian war.

The Balkan Wars from Contemporary Perception to Historic Memory

"If the Balkans hadn't existed, they would have been invented" was the verdict of Count Hermann Keyserling in his famous 1928 publication, *Europe*. Over ten years ago, Maria Todorova traced the relationship between the reality and the invention. Based on a rich selection of travelogues, diplomatic accounts, academic surveys, journalism, and belles-lettres in many languages, *Imagining the Balkans* explored the ontology of the Balkans from the sixteenth century to the present day, uncovering the ways in which an insidious intellectual tradition was constructed, became mythologized, and is still being transmitted as discourse. Maria Todorova, who was raised in the Balkans, is in a unique position to bring both scholarship and sympathy to her subject, and in a new afterword she reflects on recent developments in the study of the Balkans and political developments on the ground since the publication of *Imagining the Balkans*. The afterword explores the controversy over Todorova's coining of the term Balkanism. With this work, Todorova offers a timely, updated, accessible study of how an innocent geographic appellation was transformed into one of the most powerful and widespread pejorative designations in modern history.

History of the Balkans: Volume 1

Sir Donald Mackenzie Wallace (1841-1919) was a British editor and foreign correspondent of *The Times* of London. He contributed briefly to the editing of the 10th edition of the *Encyclopaedia Britannica*. However, in 1902, he was taken from his *Britannica* duties by the Prince of Wales, George V of the United Kingdom, who commanded Wallace's attendance for a world tour. Wallace accepted a private invitation to visit Russia, having a strong desire to study the Ossetes, an Aryan tribe in the Caucasus. Living in Russia from early 1870 until late 1875, Wallace found the Russian civilization far more interesting than his original Aryan Ossetes. Wallace returned to England in 1876 and published two volumes in his work *Russia* by 1877, right before the outbreak of the Russo-Turkish War. His book had great success, going through several edition transformations and translated into many languages. His other works include: *Egypt and the Egyptian Question* (1883), *The Web of Empire* (1902), *Our Russian Ally* (1914) and *Short History of Russia & the Balkan States* (1914).

Russia: a Short History

"A Short History of Russia" by Mary Platt Parmele is a 1906 historical text that aimed to educate readers of Russian history. Though much has happened in the over one-hundred years since the book has been published, the text itself was already a brief overview of the most important moments in the country's history at the time. This book can still serve as a wonderful resource for those looking to begin studying Russian history, one that is full of a rich culture that hasn't been replicated elsewhere in the world.

Russia and the Balkans

A nuanced and comprehensive study of the political dynamics between Russia and key countries in Southeast Europe *Is Russia threatening to disrupt more than two decades' of E.U. and U.S. efforts to promote stability in post-communist Southeast Europe?* Politicians and commentators in the West say, "yes." With rising global anxiety over Russia's political policies and objectives, Dimitar Bechev provides the only in-depth look at this volatile region. Deftly unpacking the nature and extent of Russian influence in the Balkans, Greece, and Turkey, Bechev argues that both sides are driven by pragmatism and opportunism rather than historical loyalties. Russia is seeking to assert its role in Europe's security architecture, establish alternative routes for its gas exports—including the contested Southern Gas Corridor—and score points against the West. Yet, leaders in these areas are allowing Russia to reinsert

itself to serve their own goals. This urgently needed guide analyzes the responses of regional NATO members, particularly regarding the annexation of Crimea and the Putin-Erdogan rift over Syria.

A Short History of Russia

This edited volume reassesses the ongoing transnational turn in anarchist and syndicalist studies, a field where the interest in cross-border connections has generated much innovative literature in the last decade. It presents and extends up-to-date research into several dynamic historiographic fields, and especially the history of the anarchist and syndicalist movements and the notions of transnational militancy and informal political networks. Whilst restating the relevance of transnational approaches, especially in connection with the concepts of personal networks and mediators, the book underlines the importance of other scales of analysis in capturing the complexities of anarchist militancy, due to both their centrality as a theme of reflection for militants, and their role as a level of organization. Especially crucial is the national level, which is often overlooked due to the internationalism which was so central to anarchist ideology. And yet, as several chapters highlight, anarchist discourses on the nation (as opposed to the state), patriotism and even race, were more nuanced than is usually assumed. The local and individual levels are also shown to be essential in anarchist militancy.

The Rose of the Balkans

The author explains the violent break-up of the former Yugoslavia in the early 1990s in the context of two legal principles - sovereignty and the self-determination of peoples. She also offers an analysis of Kosovo's future status, international recognition of secession, implications for other conflicts, and much more.

Russia and the Balkans

This book provides a detailed understanding of how different types of engagements impact upon the reform and EU integration of the Western Balkan region. It examines the influence of Russia, China, Turkey and the UAE in the region and analyses the range of existing links. Contributors offer an academic and multifaceted perspective of the role of external and non-Western actors in the region that goes beyond, on the one hand, the tendency of some Western decision makers to perceive all engagement by third powers as a sinister threat and, on the other, the view of regional governments of all external involvement as a boon coming at a time of Western neglect and reduced foreign investments. By looking at the importance of Russia, Turkey, China and the UAE in the Western Balkans, the book sheds light on one key arena of global competition, offers new insights on the strengths and weaknesses of Euro-Atlantic integration and advances our knowledge of foreign policy and its economic, social and security dimensions for small and medium-sized countries. It will be of interest to academics, postgraduate and research students, and think-tankers with research interest in IR and Southeast European Studies. European decision makers will also gain an insight into the extent of non-Western influence in the region.

RUSSIA, AUSTRIA-HUNGARY, THE BALKAN STATES AND TURKEY,

DigiCat Publishing presents to you this special edition of "A Short History of English Liberalism" by W. Lyon Blease. DigiCat Publishing considers every written word to be a legacy of humankind. Reproduction of the original.

Imagining the Balkans

The Balkans have often been a flashpoint of conflict in European history. The recent civil war has torn the country apart and the region faces an uncertain future. This authoritative study provides an account of the history of the whole area from the first major nationalist rising against its Ottoman rulers in 1804 to the aftermath of World War II. Covering the former Yugoslavia, Albania, Greece, Bulgaria and Romania, it provides a Balkan-wide overview as well as histories of specific states and sets the context to the recent conflict.

Russia

This book provides a survey of the history of the South Slav peoples who came together at the end of the First World War to form the first Yugoslav kingdom.

A Short History of Russia

A Short History of the Unfinished Cold War By: Michael Loren Hastings In *A Short History of the Unfinished Cold War*, author Michael Loren Hastings provides an account of the largely misunderstood period of tension and conflict between world powers. Drawing on experience serving in the U.S. armed forces during the height of the Cold War, Hastings details the many factors that led to the conflict at the end of World War II. This is augmented by extensive research that provides a succinct, yet comprehensive, history. Hastings refutes the belief that the Cold War ended with the collapse of the former Soviet Union and argues that the threat to Western democracy is as severe as ever. For this reason, and many others, it is important to understand this war, from its inception to its present, unfinished state. Perhaps then mankind will be able to avert conflict and war that could be the cause of its undoing.

Rival Power

A survey of Russia's development from a valley culture in the ninth century through the Czechoslovakian crisis of 1968.

Reassessing the Transnational Turn

"This is the essential backstory, the history book that you need if you want to understand modern Russia and its wars with Ukraine, with its neighbors, with America, and with the West." —Anne Applebaum, author of *Twilight of Democracy* and *Red Famine* Named a Most Anticipated Book of the Year by Publishers Weekly and Kirkus Reviews From "the great storyteller of Russian history" (Financial Times), a brilliant account of the national mythologies and imperial ideologies that have shaped Russia's past and politics—essential reading for understanding the country today *The Story of Russia* is a fresh approach to the thousand years of Russia's history, concerned as much with the ideas that have shaped how Russians think about their past as it is with the events and personalities comprising it. No other country has reimagined its own story so often, in a perpetual effort to stay in step with the shifts of ruling ideologies. From the founding of Kievan Rus in the first millennium to Putin's war against Ukraine, Orlando Figes explores the ideas that have guided Russia's actions throughout its long and troubled existence. Whether he's describing the crowning of Ivan the Terrible in a candlelit cathedral or the dramatic upheaval of the peasant revolution, he reveals the impulses, often unappreciated or misunderstood by foreigners, that have driven Russian history: the medieval myth of Mother Russia's holy mission to the world; the imperial tendency toward autocratic rule; the popular belief in a paternal tsar dispensing truth and justice; the cult of sacrifice rooted in the idea of the "Russian soul"; and always, the nationalist myth of Russia's unjust treatment by the West. How the Russians came to tell their story and to revise it so often as they went along is not only a vital aspect of their history; it is also our best means of understanding how the country thinks and acts today. Based on a lifetime of scholarship and enthrallingly written, *The Story of Russia* is quintessential Figes: sweeping, revelatory, and masterful.

A Legal Geography of Yugoslavia's Disintegration

Why did Yugoslavia fall apart? Was its violent demise inevitable? Did its population simply fall victim to the lure of nationalism? How did this multinational state survive for so long, and where do we situate the short life of Yugoslavia in the long history of Europe in the twentieth century? *A History of Yugoslavia* provides a concise, accessible, comprehensive synthesis of the political, cultural, social,

and economic life of Yugoslavia—from its nineteenth-century South Slavic origins to the bloody demise of the multinational state of Yugoslavia in the 1990s. Calic takes a fresh and innovative look at the colorful, multifaceted, and complex history of Yugoslavia, emphasizing major social, economic, and intellectual changes from the turn of the twentieth century and the transition to modern industrialized mass society. She traces the origins of ethnic, religious, and cultural divisions, applying the latest social science approaches, and drawing on the breadth of recent state-of-the-art literature, to present a balanced interpretation of events that takes into account the differing perceptions and interests of the actors involved. Uniquely, Calic frames the history of Yugoslavia for readers as an essentially open-ended process, undertaken from a variety of different regional perspectives with varied composite agenda. She shuns traditional, deterministic explanations that notorious Balkan hatreds or any other kind of exceptionalism are to blame for Yugoslavia's demise, and along the way she highlights the agency of twentieth-century modern mass society in the politicization of differences. While analyzing nuanced political and social-economic processes, Calic describes the experiences and emotions of ordinary people in a vivid way. As a result, her groundbreaking work provides scholars and learned readers alike with an accessible, trenchant, and authoritative introduction to Yugoslavia's complex history.

The Western Balkans in the World

The Concise Encyclopedia Of World History Offers The Global Reading Public, Students, And Professors A Handy, Complete, And Accurate Guide To All Political Formations Since The Beginning Of History. It Reaches Into Pre-History Through The Inclusion Of The Important Families Of Languages Spoken Today. It Also Tracks Ethnic Groups, Especially Nomadic, Which Have Been Influential In The Creation Of Civilizations And States. The Entries On Existing Independent States Include Up-To-Date Political Facts And Statistics. They Mention Each Country S World Heritage Sites. To Complement The Individual Entries In This Encyclopedia, There Is An Extensive, Commentated World-Historical Chronology. A Special Feature In This Work Is The Inclusion Of Individual Political Chronologies For Ancient Civilizations And Important Countries And Regions The World Over. To Round Out This Easy-To-Consult And Thoroughly Researched Work, There Is A Cross-Referenced Index Especially Designed For Provinces, Cities, And Other Entities Which Have No Entries Of Their Own But Appear In The Entries, Sometimes Prominently, As, For Example, Abu Dhabi In The United Arab Emirates Or Amritsar In India.

A Short History of English Liberalism

Christianity is one of the world's great religions, with more than two thousand years of history and over two billion adherents worldwide. But what is Christianity? Where did it come from? How did it develop to its current forms? What doctrines do Christians affirm? What ethical norms do they endorse? What relationships between church and state do they champion, and why? What changes have transpired for the faith over the centuries? And what new challenges does Christianity face in the contemporary world? These and other questions are addressed in Michael Robinson's Christianity: A Brief History. After a concise description of the social, political, and religious world of first-century Palestine, the text quickly examines the Jesus of history and tradition, including Jesus' impact upon his first-century followers; the narrative then moves to describe the expansions and developments of Christianity through the ancient, medieval, modern, and contemporary eras. Along the way, readers learn of the varied beliefs, mores, rituals, struggles, and triumphs of the faith, as well as of the spiritual heights and moral blunders of its people. Robinson's intention is to introduce Christianity through its story and through those who lived it.

A History of Bulgaria, Greece, Rumania, Turkey

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The Balkans

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the

public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Balkans

The Balkans A History of Bulgaria—Serbia—Greece—Rumania—Turkey D.G. Hogarth The authors of this volume have not worked in conjunction. Widely separated, engaged on other duties, and pressed for time, we have had no opportunity for interchange of views. Each must be held responsible, therefore, for his own section alone. If there be any discrepancies in our writings (it is not unlikely in so disputed a field of history) we can only regret an unfortunate result of the circumstances. Owing to rapid change in the relations of our country to the several Balkan peoples, the tone of a section written earlier may differ from that of another written later. It may be well to state that the sections on Serbia and Bulgaria were finished before the decisive Balkan developments of the past two months. Those on Greece and Rumania represent only a little later stage of the evolution. That on Turkey, compiled between one mission abroad and another, was the latest to be finished.

A History of Bulgaria, Greece, Rumania, Turkey

The Balkans is a historical overview of the development of statehood of the countries of the Balcan peninsula. The book starts with a brief summary of the history of these lands from the 5th century BC to the 6th century AD and gives a more detailed and extended historical account by country starting from 6th century AD and forth up to the times of the creation of this work.

The Balkans

Excerpt from The Balkans: A History of Bulgaria, Serbia, Greece, Rumania, Turkey The authors Of this volume have not worked in conjunc tion. Widely separated, engaged on other duties, and pressed for time, we have had no opportunity for interchange of views. Each must be held responsible, therefore, for his own section alone. If there be any discrepancies in our writings (it is not unlikely in so disputed a field of history) we can only regret an unfortunate result of the circum stances. Owing to rapid change in the relations Of our country to the several Balkan peoples, the tone of a section written earlier may differ from that Of another written later. It may be well to state that the sections on Serbia and Bulgaria were finished before the decisive Balkan develop ments of the past two months. Those on Greece

and Rumania represent only a little later stage of the evolution. That on Turkey, compiled between one mission abroad and another, was the latest to be finished. If our sympathies are not all the same, nor given equally to friends and foes, none of us would find it possible to indite a Hymn of Hate about any Balkan people. Every one of these peoples, on whatever side he be fighting to-day, has a past worthy of more than our respect and interwoven in some intimate way with our history. That any one of them is arrayed against us to-day is not to be laid entirely or chiefly at its own door. They are all fine peoples who have not obtained their proper places in the sun. The best of the Osmanli nation, the Anatolian peasantry, has yet to make its physical and moral qualities felt under civilized conditions. As for the rest - the Serbs and the Bulgars, who have enjoyed brief moments of barbaric glory in their past. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Balkans

This book was written in 1915. This was a time that saw many significant events that affected the Balkans. Written by four different authors from different locations, here is their preface to "The Balkans".
PREFACE
The authors of this volume have not worked in conjunction. Widely separated, engaged on other duties, and pressed for time, we have had no opportunity for interchange of views. Each must be held responsible, therefore, for his own section alone. If there be any discrepancies in our writings (it is not unlikely in so disputed a field of history) we can only regret an unfortunate result of the circumstances. Owing to rapid change in the relations of our country to the several Balkan peoples, the tone of a section written earlier may differ from that of another written later. It may be well to state that the sections on Serbia and Bulgaria were finished before the decisive Balkan developments of the past two months. Those on Greece and Rumania represent only a little later stage of the evolution. That on Turkey, compiled between one mission abroad and another, was the latest to be finished. If our sympathies are not all the same, or given equally to friends and foes, none of us would find it possible

to indite a Hymn of Hate about any Balkan people. Every one of these peoples, on whatever side he be fighting to-day, has a past worthy of more than our respect and interwoven in some intimate way with our history. That any one of them is arrayed against us to-day is not to be laid entirely or chiefly at its own door. They are all fine peoples who have not obtained their proper places in the sun.

BALKANS

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

A History of Bulgaria, Greece, Rumania, Turkey - Primary Source Edition

This collection of literature attempts to compile many of the classic, timeless works that have stood the test of time and offer them at a reduced, affordable price, in an attractive volume so that everyone can enjoy them.

The Balkans

This book is part of the TREDITION CLASSICS series. The creators of this series are united by passion for literature and driven by the intention of making all public domain books available in printed format

again - worldwide. At tradition we believe that a great book never goes out of style. Several mostly non-profit literature projects provide content to tradition. To support their good work, tradition donates a portion of the proceeds from each sold copy. As a reader of a TREDITION CLASSICS book, you support our mission to save many of the amazing works of world literature from oblivion.

The Balkans

Nevill Forbes' *The Balkans: A History of Bulgaria and Serbia* is an expansive look at one of the world's geopolitical hotspots, the Balkans, with a focus on some of the background history that brought about the tensions of World War I.

The Balkans

Mediaeval history, whether of the East or the West, is mostly a record of bloodshedding and cruelty; and the Middle Age has been prolonged to our own time in most parts of the Balkans, and is not yet over in some parts. There are certain things salutary to bear in mind when we think or speak of any part of that country today. Contents: BULGARIA. The Arrival of the Bulgars in the Balkan Peninsula, 600–700 The Early Years of Bulgaria and the Introduction of Christianity, 700–893 The Rise and Fall of the First Bulgarian Empire, 893–972 The Rise and Fall of 'Western Bulgaria' and the Greek Supremacy, 963–1186 The Rise and Fall of the Second Bulgarian Empire, 1186–1258 The Serbian Supremacy and the Final Collapse, 1258–1393 The Turkish Dominion and the Emancipation, 1393–1878 The Aftermath, and Prince Alexander of Battenberg, 1878–86 The Regeneration under Prince Ferdinand of Saxe-Coburg, 1886–1908 The Kingdom, 1908–13 SERBIA. The Serbs under Foreign Supremacy, 650–1168 The Rise and Fall of the Serbian Empire and the Extinction of Serbian Independence, 1168–1496 The Turkish Dominion, 1496–1796 The Liberation of Serbia under Kara-George (1804–13) and Milos Obrenovic (1815–30): 1796–1830 The Throes of Regeneration: Independent Serbia, 1830–1903 Serbia, Montenegro, and the Serbo-Croats in Austria-Hungary, 1903–8 Serbia and Montenegro, and the two Balkan Wars, 1908–13 GREECE. By ARNOLD J. TOYNBEE. From Ancient to Modern Greece The Awakening of the Nation The Consolidation of the State RUMANIA: HER HISTORY AND POLITICS. By D. MITRANY Introduction Formation of the Rumanian Nation The Foundation and Development of the Rumanian Principalities The Phanariote Rule Modern Period to 1866 Contemporary Period: Internal Development Contemporary Period: Foreign Affairs Rumania and the Present War TURKEY. The Balkans

This publication shows that the Eastern Mediterranean, having been transformed from a region of secondary importance during the Cold War to one of greater importance for the western interests in the post-Cold War era, is in a state of flux. Despite sporadic periods of rapprochement, tensions between Greece and Turkey still exist. Therefore, one must question the grounds behind the lack of normal relations that exist between these two NATO members and its effects on the NATO organisation as a whole. Hence, this volume has two purposes first, to examine Greek and Turkish foreign, security and defence policies during and after the post-Cold War period and second, to investigate why these policies have been formulated.

The Balkans

The Balkans have often been a flashpoint of conflict in European history. The recent civil war has torn the country apart and the region faces an uncertain future. This authoritative study provides an account of the history of the whole area from the first major nationalist rising against its Ottoman rulers in 1804 to the aftermath of World War II. Covering the former Yugoslavia, Albania, Greece, Bulgaria and Romania , it provides a Balkan-wide overview as well as histories of specific states and sets the context to the recent conflict.

The Exchange of Minorities

Reprint of the 1896 ed. issued in the series: The Story of the nations.

A History of the Balkan Peoples

The essays in this volume address theoretical and methodological issues of Balkan or Southeast European regional studies—questions of scholarly concepts, definitions, and approaches but also the extra-scholarly, ideological, political, and geopolitical motivations that underpin them.

A Residence in Greece and Turkey
