The Boxcar Children Great Adventure 5-Book Set

This boxed set includes all 5 paperback books from the brand-new, very special Boxcar Children Great Adventure miniseries. Launched to time with the 75th Anniversary of the beloved brand, this is the first new series to debut under The Boxcar Children name in nearly 20 years. After finding a ceramic turtle in an old trunk, Henry, Jessie, Violet, and Benny are introduced to the Reddimus Society, a secret guild whose mission is to return lost artifacts to the museums and historic sites they were taken from. They just need the Aldens' help in delivering them, along with the turtle, to the first return point at Acoma Pueblo in New Mexico. The siblings ride an antique train across the country to deliver the treasures to the special agent in New Mexico, encountering enemies of Reddimus along the way. The trip is a success...but just as they are set to return home, there's a last-minute change in plans. The kids must continue the mission—they're headed around the world! With stops in all seven continents, this is the Alden's greatest adventure yet and a perfect, modern introduction to the Boxcar Children for new-to-chapter book readers. Includes: Boxcar Children Great Adventure #1: Journey on a Runaway Train Boxcar Children Great Adventure #2: the Clue in the Papyrus Scroll Boxcar Children Great Adventure #3: The Detour of the Elephants Boxcar Children Great Adventure #4: The Shackleton Sabotage Boxcar Children Great Adventure #5: The Khipu and the Final Key

The Detour of the Elephants

For use in schools and libraries only. A latest entry in a special miniseries finds the Aldens recruited into a secret society dedicated to returning lost artifacts to their rightful owners and embarking on a daring mission to China, where they outmaneuver a thief and a suspicious contact.

The Detour of the Elephants

After solving riddles from the secretive Reddimus Society to figure out their destination, the four Alden siblings fly to China, where they deliver an artifact at the Great Wall, but when they are next rushed to an elephant sanctuary in Thailand, the Aldens suspect they have been tricked and take extra precautions against their enemies.

The Shackleton Sabotage

In this all-new very special miniseries, the Aldens have been recruited by a secret society to return lost artifacts and treasures to their rightful locations—all around the world! The Aldens chart a course for Sydney, Australia, and as the children tour the famed Sydney Opera House, their next puzzle—and its key—falls right into their laps. They need to find the rightful owner of a rare Australian coin. Using their knowledge about Australia, the Aldens find the coin's owner, but a saboteur is again hot on their heels and nearly spoils their hard work. Next up the Aldens travel to frigid Antarctica, where they need to return an artifact to the hut Shackleton used on his expeditions to the South Pole. The trip is a success, but when the Aldens return, they learn the identity of the person who has been trying to ruin their plans. Will the saboteur keep them from returning the seventh and final artifact?

Journey on a Runaway Train

In this all-new very special mini-series, the Aldens have been recruited by a secret society to return lost artifacts and treasures to their rightful locations—all around the world! After finding a painted turtle figurine, the Aldens are introduced to the Silverton family and Reddimus Society, a secret guild whose mission is to return lost artifacts and treasures to the sites they were taken from. The Aldens board a private train to New Mexico to return the turtle to its original home, and they encounter enemies of Reddimus along the way! The trip is a success...but instead of returning home, there's a last-minute change in plans. The Boxcar Children must continue the mission for the society and deliver more things, all around the globe!

Ellie the Elephant (Photo Version)

A young elephant named Ellie living in Thailand dreams of joining the elephant polo team and playing in the Elephant Cup polo tournament, but her parents want her to work in the rice fields. Will she realize her dream of playing elephant polo? Book two in the World Adventurers for Kids Series, "Ellie the Elephant" is an illustrated picture book that encourages children to follow their dreams. Inspired by the author's adventures in Thailand and real elephant polo matches, the story features Ellie the Elephant and her family, Monk the Monkey, and human boys Wasan and Wattana. Fun for kids and adults alike, the story will introduce them to the amazing game of elephant polo and inspire children to dream big.

Physicists on Wall Street and Other Essays on Science and Society

Over the years, Jeremy Bernstein has been in contact with many of the world's most renowned physicists and other scientists, many of whom were involved in politics, literature, and language. In this diverse collection of essays, he reflects on their work, their personal relationships, their motives, and their contributions. Even for those people he writes about that he did not know personally, he provides important insights into their lives and work, and questions their character, their decisions, and the lives they led. In the first three essays, Professor Bernstein looks at economic theory and how some physicists who developed interesting economic models based on derivatives and hedge funds almost led to the country into bankruptcy. In later essays, he discusses a suspect visit to Poland by the great Heisenberg during the Nazi era, a visit that there is almost nothing written about. Included also are essays on ancient languages and a nuclear weapons program in South Africa that was supposedly dismantled. In one particularly humorous essay, he describes how an ill-conceived manned spaceship to be powered by an atomic bomb was being developed by some of the country's most powerful intellects. The project never got off the ground. Dipping into these pages is like rummaging around in the mind of a genius who has a potpourri of interests and an abundance of fascinating experiences. Bernstein has not only rubbed elbows with some of the finest minds in world, he has worked and played with them. He has sometimes mourned with them and laughed at them. His sharp wit and even sharper analysis make for a fascinating read.

Expecting to be inducted into the army, Joseph has given up his job and carefully prepared for his departure to the battlefield. When a series of mix-ups delays his induction, he finds himself facing a year of idleness. *Dangling Man* is his journal, a wonderful account of his restless wanderings through Chicago's streets, his musings on the past, his psychological reaction to his inactivity while war rages around him, and his uneasy insights into the nature of freedom and choice.

Dangling Man

In 1985, when Bhagwan Shree Rajneesh was expelled from the United States, he left behind a bizarre trail of devoted followers, illegal wiretaps and marriages, attempted murders, and 93 Rolls-Royces. Gordon follows that trail, exploring the strange happenings.

The Golden Guru

"Sergei Eisenstein (1898-1948), creator of such masterpieces as *Battleship Potemkin*, *Alexander Nevsky* and *Ivan the Terrible*, was perhaps the greatest of all film directors. He wrote his autobiography in 1946, two years before his death, and it is a work of major importance in the light it sheds on his personality and mercurial genius. Vivid, eccentric and free-ranging, *Immoral Memories* is written in a style reminiscent of the brilliant visual effects of montage and dynamic progression that characterize its author's film-making technique. He recounts his life in Russia from the time of the Revolution, during which he served in the Bolshevik army as a volunteer, his travels in the West and his encounters with a remarkable medley of individuals during his long career. He gives us unique insights, too, into his triumphs and tribulations. His disappointments and despair were exemplified by the banning of the film *Ivan the Terrible, Part II*, which was not released until fifteen years after his death. And he never expected his autobiography to be published in Russia. Yet in answer to his query "Has there been life" he replied that there had been "life lived acutely, joyously, tormentedly, at times even sparkling, unquestionably colourful, and such a life that, I suppose, I would not exchange for another"---Publisher's description.

Immoral Memories

His wealth was legendary. His passions were bizarre. Now, the truth about the money, the madness, and the man behind the enigma. Howard Hughes is one of the best known and least understood men of our times--famed for his wealth, his daring, and his descent into madness. Bestselling biographer Charles Higham goes beyond the enigma to reveal the incredible private life of Howard Hughes: * his romances with the great stars of Hollywood--Katharine Hepburn, Bette Davis, Cary Grant, Tyrone Power, and numerous others * his forays into sadomasochism * his involvement with Richard Nixon and Watergate * his bizarre final years This is a compelling portrait of a unique American figure--in a story as revealing as it is unforgettable.

The Boxcar Children (The Boxcar Children: Time to Read, Level 2)

Flying in the years between the two world wars was the preserve of the powerful and the wealthy, or so it was until Sir Alan Cobham's 'Flying Circus' began to tour Britain. A former pilot with the Royal Flying Corps in the First World War, Alan Cobham continued to fly, establishing air routes to the Empire countries. He also involved himself in aerial photography and survey work, undertook charter flights and pioneered the 'Air to Air' refuelling technique still in use today. Yet it was his National Aviation Day displays for which Sir Alan Cobham's name is best remembered. Affectionally known as 'Cobham's Flying Circus', his team of up to fourteen aircraft toured the United Kingdom, visiting hundreds of municipal locations, allowing 'ordinary' people to have their first taste of flying. So extensively did Cobham travel with his displays, and so popular did they become, that after war broke out in 1939, some 75 per cent of Britain's young men volunteering for aircrew duties claimed that their first experience of flying had been with 'the Circus'. Sir Alan's name still lives on in the aviation world. The creation of Flight Refuelling Limited in 1934 eventually led to the formation of what is today a major international aerospace and defence organisation - Cobham PLC.

The seventh edition offers students insightful, engaging, contemporary selections that to challenge them and to make them want to turn the page. The book's subtitle, Contemporary Readings for College Students, reflects the nature of the book. In addition to acquiring skills, students will learn something about the world as they read. In addition to the readings, the book includes a wide variety of practice exercises to reinforce good reading skills and to help students develop a college-level vocabulary. This basic principle—high-interest contemporary readings and useful exercises—has accounted for the book's success in the past and remains the guiding principle for this edition.

With Sabre and Scalpel

Pre-Code Hollywood explores the fascinating period in American motion picture history from 1930 to 1934 when the commandments of the Production Code Administration were violated with impunity in a series of wildly unconventional films—a time when censorship was lax and Hollywood made the most of it. Though more unbridled, salacious, subversive, and just plain bizarre than what came afterwards, the films of the period do indeed have the look of Hollywood cinema—but the moral terrain is so off-kilter that they seem imported from a parallel universe. In a sense, Doherty avers, the films of pre-Code Hollywood are from another universe. They lay bare what Hollywood under the Production Code attempted to cover up and push offscreen: sexual liaisons unsanctified by the laws of God or man, marriage ridiculed and redefined, ethnic lines crossed and racial barriers ignored, economic injustice exposed and political corruption assumed, vice unpunished and virtue unrewarded—in sum, pretty much the raw stuff of American culture, unvarnished and unveiled. No other book has yet sought to interpret the films and film-related meanings of the pre-Code era—what defined the period, why it ended, and what its relationship was to the country as a whole during the darkest years of the Great Depression... and afterward.

The Gulag Archipelago [Volume 3]

Young, bright Taylor Greer leaves her poverty-stricken life in Kentucky and heads west, picking up an abandoned Native American baby girl whom she names Turtle and finds a new home in Tucson with Mattie, an old woman who takes in Central American refugees

A German shepherd—the first dog trained at Dorothy Eustis’s famous Seeing Eye guide-dog school for the blind—looks back at her life. Chosen for her intelligence, obedience, and willingness to learn, Kiss knows there is more to life than chasing balls and chewing bones. She is a Noble Creature and Great Things await her. But after spending months learning to take care of her beloved trainer Jack, why does he suddenly want her to take care of Morris—a strange, clumsy man who wants to change her name to Buddy? Could it be that Morris needs Kiss to take care of him even more than Jack did? Based on a true story, and featuring realistic black-and-white illustrations by Tim Jessell (plus an appendix with information about German shepherds, the history and training of guide dogs, hosting guide-dog puppies, and much more), this canine confessional is pitch-perfect for smart, dog-crazy, early middle-grade readers!
