Don't Reply All

Are you frustrated with the amount of time you spend managing your emails every day? Don't Reply All will show you how to use email more efficiently. Most employees spend over 11 hours a week reading and replying to emails. In this book, you'll learn how to spend less time and make your messages more effective. You'll get research-based guidelines for improving the way you communicate with your team members. Here is a partial list of what's covered: How to use the "3Ws" to clearly assign tasks in emails and get things done. Four recommendations to help you create powerful subject lines to ensure that your emails are read. How to use "If...then..." statements in your messages to improve clarity, increase accountability, and reduce the amount of follow-ups. Tips to show you how to format your email so readers will easily be able to see the most important parts of your message. How to list questions and present options instead of asking open-ended queries to reduce back & forth emails. How to improve

your email open-rate by using the "Delay Delivery" feature to schedule your emails in advance. Here's what's included in the book: Tactic #1: Assign Tasks in an Email Using the "3Ws" Tactic #2: Write the Perfect Subject Line Tactic #3: TL;DR - Write Emails That are Five Sentences or Less Tactic #4: Break Long Emails into Two Parts Tactic #5: Make Your Emails Scannable Tactic #6: Show Instead of Tell by Attaching Screenshots Tactic #7: Spell Out Time Zones, Dates, and Acronyms Tactic #8: Use "If...then..." Statements Tactic #9: Present Options Instead of Asking Open-Ended Questions Tactic #10: Re-Read Your Email Once for a Content Check Tactic #11: Save Drafts of Repetitive Emails Tactic #12: Write It Now, Send It Later Using Delay Delivery Tactic #13: Don't Reply All (Unless You Absolutely Have To) Tactic #14: Reply to Questions Inline Tactic #15: Reply Immediately to Time-Sensitive Emails Tactic #16: Read the Latest Email on a Thread Before Responding Tactic #17: Write the Perfect Out-of-Office (OOO) Auto Reply Tactic #18: Share the Rules of Email Ahead of Time Free Bonus As a free bonus for purchasing this book, you'll get a downloadable cheat sheet (a PDF file) that summarizes the content on one single page. You'll also get a PowerPoint presentation (a PPT file) that also summarizes the tactics in the book, but in more detail so you can share the deck with your team. Would you like to learn more? Download Don't Reply All now to get started right away. Scroll to the top of this page and click on the "buy button."

Cambridge English Empower Elementary Teacher's Book

Cambridge English Empower is a general adult course that combines course content from Cambridge University Press with validated assessment from the experts at Cambridge English Language Assessment. The Elementary Teacher's Book offers detailed teaching notes for every lesson of the Student's Book. It also includes extra photocopiable activities, keys to exercises and extra teaching notes.

Business Advantage Upper-intermediate Student's Book with DVD

An innovative, new multi-level course for the university and in-company sector. Business Advantage is the course for tomorrow's business leaders. Based on a unique syllabus that combines current business theory, business in practice and business skills - all presented using authentic, expert input - the course contains specific business-related outcomes that make the material highly relevant and engaging. The Business Advantage Upper-intermediate level books include input from the following leading institutions and organisations: the Cambridge Judge Business School, the Boston Consulting Group, Nokia, Dell, and Havaianas - to name but a few. The Student's Book comes with a free DVD of video case studies.

31 Email Hacks That Get a Faster Response

Do you ever have difficulty getting replies to your emails? Whether it's your boss, a recruiter, a customer, or an important executive...it's harder than ever to get a prompt email reply! That's because research shows that most people today spend only 11.1 seconds reading an email-and it's usually on a very small device, like a smartphone. So the way we learned to write in high school (or college) no longer works in this super-fast, high-pressure format. This book shows you 31 easy hacks for changing your email style to reach today's super-busy readers, all developed and tested by national technical writing expert Paula Peters. Paula has used, refined, and taught these email hacks for over 5 years to more than 10,000 executives, entrepreneurs, and military leaders across the globe. You'll spend less time on your email-and get better, faster replies. And you can start with the 50 free samples of professional business emails...provided at the end of this book!

Send It

This book introduces readers to using email, including how to write an email and how to send it. It also takes a look at the different parts of an email, as well as proper email etiquette.

Email and Commercial Correspondence

If you write emails and letters as part of your work, then this book is for you. By applying the suggested guidelines, you will stand a much greater chance of getting the desired reply to your emails in the shortest time possible. Some of the key guidelines covered include: Write meaningful subject lines - otherwise recipients may not even open your mail. Always put the most important point in the first line - otherwise the reader may not read it. Be concise and only mention what is truly relevant. Write the minimum amount possible - you will also make fewer mistakes! Be a little too formal than too informal

- you don't want to offend anyone. If you have two long important things to say, say them in separate emails. Give clear instructions and reasonable deadlines. If you need people to cooperate with you, it is essential to highlight the benefits for them of cooperating with you. Empathize with your recipient's busy workload. Never translate typical phrases literally - learn equivalent phrases. The book concludes with a chapter of useful phrases. There is also a brief introduction for trainers on how to teach Business / Commercial English.

Send

Ever wondered why we don't talk anymore? Or why you never seem to be able to get anything done at work? And why your boss is driving you mad? Answer: Email. In a short period of time, email has taken over our lives. But it is such a new form of communication. Is it any wonder that we haven't figured out how to use it yet? *Send* is a book so utterly necessary, it is almost impossible to imagine having survived without it. It explains the cultural implications of email and offers top tips on how to make it work FOR you, rather than AGAINST you. It might even prevent you from sending the email that could land you in jail.

Objective Advanced Student's Book without Answers with CD-ROM

Fourth edition of the best-selling Cambridge English: Advanced (CAE) course, updated to prepare for the 2015 revised exam. The Student's Book without answers contains fresh, updated texts and artwork that provide solid language development, lively class discussion and training in exam skills. The 25 topic-based units include examples from the Cambridge English Corpus to highlight common learner errors and ensuring that students are learning the most up-to-date and useful language required at this level. The interactive CD-ROM provides comprehensive extra practice of the language and topics covered in the book. Class Audio CDs containing the recordings for the listening exercises are available separately.

Objective Advanced Student's Book with Answers with CD-ROM

"Objective Advanced is an updated and revised edition of the best-selling Cambridge English: Advanced (CAE) course. It is official preparation material for the revised 2015 exam, and combines thorough and systematic exam preparation with language work designed to improve students' overall English level. The Teacher's Book offers complete support with time-saving ideas, including a Teacher's Resources CD-ROM with regular progress tests. The Workbook provides further practice of language and vocabulary introduced in the Student's Book, as well as including an Audio CD with listening exam practice. The CD-ROM provides more language and exam practice in the form of interactive activities. Complete Cambridge English: Advanced practice tests are available for teachers online."--Publisher description.

Compact First for Schools Student's Pack (Student's Book Without Answers with CD-ROM, Workbook Without Answers with Audio CD)

Compact First for Schools is a focused, 50 - 60 hour course for Cambridge English: First for Schools, also known as First Certificate in English (FCE). The syllabus for this exam has changed and this book has now been replaced by 9781107415584 Compact First for Schools Second edition Student's Pack (Student's Book without answers with CD-ROM, Workbook without answers with Audio).

Compact First for Schools Student's Book without Answers with CD-ROM

A focused, 50-60 hour course for the revised Cambridge English: First (FCE) for Schools exam from 2015. Compact First for Schools Student's Book features eight topic-based units to maximise the exam performance of school-age learners. Units are organised by exam paper with pages on Reading and Use of English, Writing, Listening and Speaking. A Grammar reference covers key areas in the syllabus, and unit-based wordlists include target vocabulary with definitions. There is also a revision section and two full practice tests are available online for teachers to access. The CD-ROM provides interactive grammar, vocabulary and exam skills tasks including listening. Audio recordings for the Student's Book listening exercises are available separately on a Class Audio CD.

New Advances in Information Systems and Technologies

This book contains a selection of articles from The 2016 World Conference on Information Systems and Technologies (WorldCIST'16), held between the 22nd and 24th of March at Recife, Pernambuco, Brazil. WorldCIST is a global forum for researchers and practitioners to present and discuss recent results and innovations, current trends, professional experiences and challenges of modern Information Systems and Technologies research, together with their technological development and applications. The main topics covered are: Information and Knowledge Management; Organizational Models and Information Systems; Software and Systems Modeling; Software Systems, Architectures, Applications and Tools; Multimedia Systems and Applications; Computer Networks, Mobility and Pervasive Systems; Intelligent and Decision Support Systems; Big Data Analytics and Applications; Human-Computer Interaction; Health Informatics; Information Technologies in Education; Information Technologies in Radiocommunications.

Ask a Manager

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of The No Asshole Rule and The Asshole Survival Guide 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of The Life-Changing Magic of Not Giving a F*ck A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, Ask a Manager will help you successfully navigate the stormy seas of office life.

Information Technology Governance in Public Organizations

This book examines trends and challenges in research on IT governance in public organizations, reporting innovative research and new insights in the theories, models and practices within the area. As we noticed, IT governance plays an important role in generating value from organization's IT investments. However there are different challenges for researchers in studying IT governance in public organizations due to the differences between political, administrative, and practices in these organizations. The first section of the book looks at Management issues, including an introduction to IT governance in public organizations; a systematic review of IT alignment research in public organizations; the role of middle managers in aligning strategy and IT in public service organizations; and an analysis of alignment and governance with regard to IT-related policy decisions. The second section examines Modelling, including a consideration of the challenges faced by public administration; a discussion of a framework for IT governance implementation suitable to improve alignment and communication between stakeholders of IT services; the design and implementation of IT architecture; and the adoption of enterprise architecture in public organizations. Finally, section three presents Case Studies, including IT governance in the context of e-government strategy implementation in the Caribbean; the relationship of IT organizational structure and IT governance performance in the IT department of a public research and education organization in a developing country; the relationship between organizational ambidexterity and IT governance through a study of the Swedish Tax Authorities; and the role of institutional logics in IT project activities and interactions in a large Swedish hospital.

Business Advantage Intermediate Student's Book with DVD

An innovative, new multi-level course for the university and in-company sector. Business Advantage is the course for tomorrow's business leaders. Based on a unique syllabus that combines current business theory, business in practice and business skills - all presented using authentic, expert input - the course contains specific business-related outcomes that make the material highly relevant and engaging. The Business Advantage Intermediate level books include input from the following leading institutions and organisations: the Cambridge Judge Business School, IKEA, Emirates NBD, Isuzu and Unilever - to name but a few. The Student's Book comes with a free DVD of video case studies.

I am calling about a job

Business Benchmark Second edition is the official Cambridge English preparation course for Cambridge English: Business Preliminary, Vantage and Higher (also known as BEC), and BULATS. This Teacher's Resource Book includes a wide range of supplementary photocopiable material with answers, including complete extra lessons and case studies. It provides information about how the activities in each unit relate to the Business Preliminary exam and BULATS test. There are notes on each unit with advice and suggestions for alternative treatments and information about how this course corresponds to the CEF, with a checklist of 'can do' statements. A complete answer key to both the Business Preliminary and BULATS versions of the Student's Book is provided as well as complete transcripts of the listening material with answers underlined.

Business Benchmark Pre-intermediate to Intermediate BULATS and Business Preliminary Teacher's Resource Book

A WALL STREET JOURNAL BESTSELLER! "You can't really know anything if you just remember isolated facts. If the facts don't hang together on a latticework of theory, you don't have them in a usable form. You've got to have models in your head." - Charlie Munger, investor, vice chairman of Berkshire Hathaway The world's greatest problem-solvers, forecasters, and decision-makers all rely on a set of frameworks and shortcuts that help them cut through complexity and separate good ideas from bad ones. They're called mental models, and you can find them in dense textbooks on psychology, physics, economics, and more. Or, you can just read Super Thinking, a fun, illustrated guide to every mental model you could possibly need. How can mental models help you? Well, here are just a few examples... • If you've ever been overwhelmed by a to-do list that's grown too long, maybe you need the Eisenhower Decision Matrix to help you prioritize. • Use the 5 Whys model to better understand people's motivations or get to the root cause of a problem. • Before concluding that your colleague who messes up your projects is out to sabotage you, consider Hanlon's Razor for an alternative explanation. • Ever sat through a bad movie just because you paid a lot for the ticket? You might be falling prey to Sunk Cost Fallacy. • Set up Forcing Functions, like standing meeting or deadlines, to help grease the wheels for changes you want to occur. So, the next time you find yourself faced with a difficult decision or just trying to understand a complex situation, let Super Thinking upgrade your brain with mental models.

Super Thinking

The modern playbook to finding the perfect career path, landing the right job, and waking up excited for work every day, from founders of online network TheMuse.com. 'In today's digital age, finding job listings and endless data about those jobs is easy. What's difficult is making sense of it all. With The New Rules of Work, Muse founders Alexandra Cavoulacos and Kathryn Minshew give us the tools we need to navigate the modern job search and align our careers with our true values and passions.'

Arianna Huffington, Founder and CEO Thrive Global, NYT Bestselling author In this definitive guide to the ever-changing modern workplace, Kathryn Minshew and Alexandra Cavoulacos, the co-founders of popular career website TheMuse.com, show how to find your perfect career. Through quick exercises and structured tips, the authors guide you as you sort through your countless options; communicate who you are and why you are valuable; and stand out from the crowd. The New Rules of Work shows how to choose a perfect career path, land the best job, and wake up feeling excited to go to work every day-- whether you are starting out in your career, looking to move ahead, navigating a mid-career shift, or anywhere in between.

The New Rules of Work

Third edition of the best-selling Cambridge English: First (FCE) course. The syllabus for this exam has changed and this book has now been replaced by 9781107628342 Objective First Fourth edition Student's Book without answers with CD-ROM.

Objective First Student's Book Without Answers with CD-ROM

"The course is designed to maximise the performance of school-age learners. It features eight units covering the core topics, vocabulary, grammar and skills needed for all four exam papers for the revised Cambridge English: First (FCE) for Schools exam from 2015. Two teen-inspired topics in each unit ensure the entire exam syllabus is covered, and can also act as a basis for CLIL-based extension activities and projects. Grammar sections and a Grammar Reference help students build up the accurate language structure necessary for the Use of English parts of the new Reading and Use of English paper, while B2-level vocabulary is targeted, drawing on insights from English Profile, and brought together in a Wordlist based on key vocabulary from the units. 'Exam tips', and grammar and vocabulary exercises teach students to avoid common mistakes identified in Cambridge's unique collection of real exam papers, the Cambridge Learner Corpus."--Publisher description.

The average person checks email 77 times a day, sends and receives more than 122 email messages a day and spends nearly a third of their workweek managing a constant influx of email. Even when we're away from work, checking email is the most popular activity we engage in on our mobile devices. Email is a powerful and essential tool - but it has become a near-constant source of frustration, anxiety and distraction from our work. In this insightful and intensely practical book, Jocelyn K. Gleib explains why email is so overwhelming and addicting, and lays out strategies for limiting the energy you spend on it. These include setting meaningful work goals, clarifying to yourself which people and messages truly matter and creating a daily routine that aligns with your natural creative rhythms. Through her actionable, thoughtful advice, Gleib will help you to: - Stop letting email dictate your mood, your focus and your to-do list - Process your inbox efficiently - Compose messages that get people to take action - Establish boundaries that allow you to engage in more meaningful work.

106-2 Hearings: Department of The Interior and Related Agencies Appropriations for 2001, Part 9, March 9, 2000

Invaluable etiquette guidelines for today's business professionals. Now that technology is changing the way people do business, proper manners and etiquette have become more important than ever. In this comprehensive guide to mastering everything from professional relationships and correspondence to business attire and luncheons, the author demonstrates that interpersonal skills are as crucial to success as are innovative products and services. Covering topics including business handshakes, telephone courtesy, electronic etiquette, office manners, gift-giving in the office, and international business, the author offers hundreds of useful, practical suggestions for the veteran business professional and novice alike.

Department of the Interior and Related Agencies Appropriations for 2001: U.S. Forest Service

Take the guesswork out of using regular expressions. With more than 140 practical recipes, this cookbook provides everything you need to solve a wide range of real-world problems. Novices will learn basic skills and tools, and programmers and experienced users will find a wealth of detail. Each recipe provides samples you can use right away.
