## Six Wives

No one in history had a more eventful career in matrimony than Henry VIII. His marriages were daring and tumultuous and made instant legends of six very different women.

## Six Wives

No one in history had a more eventful career in matrimony than Henry VIII. His marriages were daring and tumultuous, and made instant legends of six very different women. In this remarkable study, David Starkey argues that the king was not a depraved philanderer but someone seeking happiness -- and a son. Knowingly or not, he elevated a group of women to extraordinary heights and changed the way a nation was governed. *Six Wives* is a masterful work of history that intimately examines the rituals of diplomacy, marriage, pregnancy, and religion that were part of daily life for women at the Tudor Court. Weaving new facts and fresh interpretations into a spellbinding account of the emotional drama surrounding Henry's six marriages, David Starkey reveals the central role that the queens played in determining policy. With an equally keen eye for romantic and political intrigue, he brilliantly recaptures the story of Henry's wives and the England they ruled.

## The Reign of Henry VIII

In this text, David Starkey examines the personalities and politics of Henry VIII in Great Britain during the years 1509-1547.

## Six Wives: The Queens of Henry

No one in history had a more eventful career in matrimony than Henry VIII. His marriages were daring and tumultuous, and made instant legends of six very different women. What could make him marry six times? In this remarkable new study, David Starkey argues that the king was not a depraved philanderer, but someone seeking happiness -- and a son. Knowingly or not, he empowered a group of women to extraordinary heights and changed the way a nation was governed. Henry took his first bride, Catherine of Aragon, when he was seventeen. They lasted twenty-four years together, but Catherine suffered through many miscarriages and failed to produce a male heir. Henry then fell in love with Anne Boleyn, the mother of Elizabeth I. Their relationship transformed England forever, but Henry had Anne beheaded and married his next wife, Jane Seymour, on the very day of Anne's execution. At last, Seymour gave birth to Henry's longed-for son, Edward VI. What followed was a farcical beauty contest which ended in the King's brief marriage to the "mare of Flanders," Anne of Cleves. Finally, there were the two Catherines: Catherine Howard, the flirtatious teenager whose adulteries made a fool of the aging king and who was the second bride to lose her head; and Catherine Parr, the shrewd, religiously radical bluestocking who outlived him. "*Six Wives* is a masterful work of history that intimately examines the rituals of diplomacy, marriage, pregnancy and religion that were part of daily life for women at the Tudor Court. Weaving new facts and fresh interpretations into a spellbinding account of the emotional drama surrounding Henry's six marriages, David Starkey reveals the central role that the queens played in determining policy. With an equally keen eye for romantic and political intrigue, he brilliantly recaptures the story of Henry's wives and the England they ruled.

## The Six Wives of Henry VIII

One of the most powerful monarchs in British history, Henry VIII ruled England in unprecedented splendour. In this remarkable composite biography, Alison Weir brings Henry's six wives vividly to life, revealing each as a distinct and compelling personality in her own right. Drawing upon the rich fund of documentary material from the Tudor period, *The Six Wives of Henry VIII* shows us a court where personal needs frequently influenced public events and where a life of gorgeously ritualised pleasure was shot through with ambition, treason and violence. 'At last we have the truth about Henry VIII's wives. This book is as reliable and scholarly as it is readable' *Evening Standard*

## Henry: Virtuous Prince

Bestselling royal historian David Starkey's captivating biography is a radical re-evaluation of Henry VIII, the British monarchy's most enduring icon.

## The Six Wives of Henry VIII

The marital ups and downs of England's most infamous king.

## Henry VIII

A book published to accompany a major British Library exhibition and the 500th anniversary of Henry VIII's accession to the throne.

## Six Wives - Queens of Henry VIII Proof

An abused child, yet confident of her destiny to reign, a woman in a man's world, passionately sexual -- though, as she maintained, a virgin -- Elizabeth I was to be famed as England's most successful ruler. This brilliant new biography, by concentrating on the formative early years -- from her birth in 1533 to her accession in 1558 -- shows how her experiences of danger and adventure formed her remarkable character and shaped her opinions and beliefs. A uniquely absorbing tale of one young woman's turbulent, courageous and seemingly impossible journey towards the throne, it is the story of the making of a queen. In growing up, Elizabeth experienced every vicissitude of fortune and every extreme of condition. She was three years old at the time of her mother's execution; when she was a young woman, her step-father cut her dress off of her with a knife. She had been Princess and inheritor of England -- then bastardized and disinherited. At sixteen she was the head of a great princely household. Yet she was also an accused traitor on the verge of execution. Amid all this, she had mastered the most advanced classical curriculum of the day. But it was her lessons in the school of life that mattered more -- and that taught her her humanity. David Starkey re-creates a host of extravagant characters, madcap schemes and tragic plots, while using original documents to point up the importance of the rituals of power and life at court. He writes with exceptional clarity about religion and constitutional history. Elizabeth, whose own Protestant faith was personal and sophisticated, was extremely judicious in her handling of Reform, as in her choice of advisors and councilors. Here, too, is a fresh view of the famous rivalry between the daughters of Henry VIII: the pious Catholic Mary and her clever sister. While Elizabeth remained utterly devoted to her father, she was also determined not to lose her opportunity for power -- and not to make the same mistakes as Mary. The skill with which she achieved her goal proved to be a sign that England had reached a watershed moment in its history. Starkey's close attention to detail and vivid storytelling ability combine to produce a narrative of these extraordinary years that reads like a novel. Meticulously researched and enormously compelling, Elizabeth is a masterpiece of biography.

## Elizabeth

The highly-anticipated biography of Henry VIII. The significance of his reign is, at times, overshadowed by his six marriages. This book, however, will look beyond the marriages to explore the man, his obsessions, his life and his legacy.

## Henry

An exploration of the British monarchy from the retreat of the Romans up until the modern day. This compendium volume of two earlier books is fully revised and updated.

## Crown and Country: A History of England through the Monarchy

"In this new book, James P. Carley, a leading scholar in the emerging field of book history, describes Henry VIII's libraries and shows their key role in providing a more intimate understanding of this seemingly familiar monarch and his consorts. The books of the wives, moreover, show them to have been as independent and innovative as the king himself. The extensive illustrations allow us to examine both the bindings and the contents of the collection, and also provide us with examples of his immediate voice in the form of the marginalia that he inserted into his books."--BOOK JACKET.

## The Books of King Henry VIII and His Wives

An abused child, yet confident of her destiny to reign, a woman in a man's world, passionately sexual—though, as she maintained, a virgin—Elizabeth I is famed as England's most successful ruler. David Starkey's brilliant new biography concentrates on Elizabeth's formative years—from her birth in 1533 to her accession in 1558—and shows how the experiences of danger and adventure formed her remarkable character and shaped her opinions and beliefs. From princess and heir-apparent to bastardized and disinherited royal, accused traitor to head of the princely household, Elizabeth

experienced every vicissitude of fortune and extreme of condition—and rose above it all to reign during a watershed moment in history. A uniquely absorbing tale of one young woman's turbulent, courageous, and seemingly impossible journey toward the throne, Elizabeth is the exhilarating story of the making of a queen.

## Elizabeth

To coincide with the Channel 4 series to be aired at the end of this year – David Starkey's 'Monarchy' charts the rise of the British monarchy from the War of the Roses, the English Civil War and the Georgians, right up until the present day monarchs of the 20th Century.

## Monarchy: From the Middle Ages to Modernity

An exploration of the British monarchy from the retreat of the Romans up until the modern day. With a new chapter on Royal Weddings - this is essential reading for those who want to understand more about how monarchy has shaped the British nation. The monarchy is one of Britain's most venerable and revered institutions - but also one of its most tumultuous. In this substantially revised, updated and expanded compendium of two earlier volumes, David Starkey charts its roller-coaster history, starting with the warring tribal kings who continued to exercise their sway under the Romans. New material on the late Middle Ages and the Wars of the Roses brings the story to the turbulent reign of the Tudors and on through the chaos of the Civil War that first unseated and then beheaded a king. The Republic that followed Charles I's execution smashed the Imperial Crown and attempted to eradicate the word 'king' from the language. For a time, it seemed the throne itself had died with its most recent occupant. And yet, vulnerable though it had been shown to be, the monarchy also proved surprisingly resilient. Starkey brings the tempestuous story up to the present, guiding us through the abdication of Edward VIII and the dissolution of the marriage between Prince Charles and Lady Diana Spencer, with a new chapter on the marriage of Prince William and Kate Middleton, royal weddings and the future of monarchy. ed with its most recent occupant. And yet, vulnerable though it had been shown to be, the monarchy also proved surprisingly resilient. ## Crown and Country: the Kings and Queens of England: a History

The visitor's companion to the palaces, castles and houses associated with Henry VIII's six wives

## In the Footsteps of the Six Wives of Henry VIII

'1536' focuses on a pivotal year in the life of Henry VIII, revealing a fuller portrait of this complex monarch and detailing the finer shades of humanity that have so long been overlooked.

## 1536

For a King renowned for his love life, Henry VIII has traditionally been depicted as something of a prude, but the story may have been different for the women who shared his bed. How did they take the leap from courtier to lover, to wife? What was Henry really like as a lover? Henry's women were uniquely placed to experience the tension between his chivalric ideals and the lusts of the handsome, tall, athletic king; his first marriage, to Catherine of Aragon, was on one level a fairy-tale romance, but his affairs with Anne Stafford, Elizabeth Carew and Jane Popincourt undermined it early on. Later, his more established mistresses, Bessie Blount and Mary Boleyn, risked their good names by bearing him illegitimate children. Typical of his time, Henry did not see that casual liaisons might threaten his

marriage, until he met the one woman who held him at arm's length. The arrival of Anne Boleyn changed everything. Her seductive eyes helped rewrite history. After their passionate marriage turned sour, the king rapidly remarried to Jane Seymour. Henry was a man of great appetites, ready to move heaven and earth for a woman he desired; Licence readdresses the experiences of his wives and mistresses in this frank, modern take on the affairs of his heart. What was it really like to be Mrs Henry VIII?

### The Six Wives and Many Mistresses of Henry VIII

For the kings and queens of England, a trumpet fanfare or crash of cymbals could be as vital a weapon as a cannon. Showcasing a monarch's power, prestige and taste, music has been the lifeblood of many a royal dynasty. From sacred choral works to soaring symphonies, Music and Monarchy looks at how England's character was shaped by its music. To David Starkey and Katie Greening, works like Handel's Water Music and Tallis's Mass for Four Voices were more than entertainment – they were pieces signalling political intent, wealth and ambition. Starkey and Greening examine England's most iconic musical works to demonstrate how political power has been a part of musical composition for centuries. Many of our current musical motifs of nationhood, whether it's the Last Night of the Proms or football terraces erupting in song, have their origins in the way the crown has shaped the national soundtrack. Published to coincide with a major BBC series, Music and Monarchy is not a book about music. It is a history of England written in music, from our leading royal historian.

### David Starkey's Music and Monarchy

A major new biography of the most infamous king of England.

### Henry VIII

Monarchy is more than the biographies of the kings and queens of England. It is an in-depth examination of what the English monarchy has meant, in terms of the expression of the individual, the Mother of Parliaments, Magna Charta, the laws of England and the land of England. This is the history of ideas and ideals, as well as colourful characters, brought to life by David Starkey's unique gifts as a communicator. David Starkey's scholarship combines with his engaging and popular style to produce another winner. The importance of the rich heritage of the Anglo-Saxon kings is underlined, and among the kings most heavily featured are: Alfred the Great, Canute, Edward the Confessor, William the Conqueror, Henry II, Richard Lionheart, Henry III, . The last king in this volume is Henry VI

### The Monarchy of England: The beginnings

Divorced, Beheaded, Survived takes a revisionist look at 16th-century English politics (domestic and otherwise), reinterpreting the historical record in perceptive new ways. For example, it shows Ann Boleyn not as a seductress, but as a sophisticate who for years politely suffered what we would now label royal sexual harassment.

### Divorced, Beheaded, Survived

"The family drama of England's wealthiest and most powerful king. A tale of jealousy, mutual distrust, and often bitter sibling rivalry, simmering beneath the magnificent pageantry and stormy politics of the Tudor court."--Back cover.

### The Children of Henry VIII

Review: "In this groundbreaking new biography, G.W. Bernard offers a fresh portrait of one of England's most captivating queens. Through a wide-ranging forensic examination of sixteenth-century sources, Bernard reconsiders Boleyn's girlhood, her experience at the French court, the nature of her relationship with Henry and the authenticity of her evangelical sympathies. He depicts Anne Boleyn as a captivating, intelligent and highly sexual woman whose attractions Henry resisted for years until marriage could ensure legitimacy for their offspring." "He shows that it was Henry, not Anne, who developed the ideas that led to the break with Rome. And, most radically, he argues that the allegations of adultery that led to Anne's execution in the Tower could be close to the truth."--BOOK JACKET

### Anne Boleyn

Survive alongside Catherine of Aragon, Anne Boleyn, and the rest of King Henry VIII's ill-fated wives with this witty book of essential life advice, history, and trivia—the perfect handbook for fans of the hit musical *Six*. Get the inside scoop from some of the toughest women in English history, as ex-wives, mothers, and daughters of King Henry VIII dish out all their survival secrets in this humorous guide to life. With a bit of sarcasm and friendly charm, each of these legendary ladies explains how their 16th-century hard-earned lessons (from living with unstable men to stifling Tudor traditions) apply to 21st-century dating, marriage, and feminism. Written from the perspectives of each of the different women around Henry VIII, you'll get the facts from the Queen Mother and the less-remembered but no less important Anne of Cleves, Katherine Howard, and more. With must-know historical trivia alongside wise life advice, *Don't Lose Your Head* is the perfect survival guide for fans obsessed with Broadway's latest historical pop musical *Six*, as well as anyone fascinated by British royalty and culture.

### Don't Lose Your Head

A woman in a man's world, confident of her destiny to reign, intensely intelligent, passionately sexual yet (she said) a virgin, Elizabeth was to become England's most successful ruler. Finding her way through the labyrinthine plots that surrounded the court, she had to live by her wits, surrounded by betrayal and suspicion, not knowing who to trust with her desire to be queen, or her desire to be a lover...

### Elizabeth

'An impressive revisionist biography' The Times Looming out of the encroaching darkness of the February evening was London Bridge, still ornamented with the severed heads of Thomas Culpeper and Francis Dereham; the terrible price they had paid for suspected intimacy with the queen. Katherine now reached the Tower of London, her final destination. Katherine Howard was the fifth wife of Henry VIII and cousin to the executed Anne Boleyn. She first came to court as a young girl of fourteen, but even prior to that her fate had been sealed and she was doomed to die. She was beheaded in 1542 for crimes of adultery and treason, in one of the most sensational scandals of the Tudor age. The traditional story of Henry VIII's fifth queen dwells on her sexual exploits before she married the king, and her execution is seen as her just dessert for having led an abominable life. However, the true story of Katherine Howard could not be more different. Far from being a dark tale of court factionalism and conspiracy, Katherine's story is one of child abuse, family ambition, religious conflict and political and sexual intrigue. It is also a tragic love story. A bright, kind and intelligent young woman, Katherine was fond of clothes and dancing, yet she also had a strong sense of duty and tried to be a good wife to Henry. She handled herself with grace and queenly dignity to the end, even as the barge carrying her on her final journey drew up at the Tower of London, where she was to be executed for high treason. Little more than a child in a man's world, she was the tragic victim of those who held positions of authority over her, and from whose influence she was never able to escape.

### Six Queens

Gladys Malvern uses her celebrated talent for prose to share the stories of Henry VIII's wives with immense personality and captivating drama. Henry VIII was married to six women during his reign as the King of England. Gladys Malvern characterizes them as The Saint (Catherine of Aragon); The Egotist (Anne Boleyn); The Diplomat (Jane Seymour); The Housewife (Anne of Cleves); The Coquette (Catherine Howard); and The Mother (Catherine Parr). Malvern masterfully tells each of their personal histories and how they intertwined through rivalry, vying for power, political maneuvering, and the hardships of losing favor with the man that seceded the Church of England from Rome for a divorce.

### Katherine Howard

Retha Warnicke's fascinating and controversial reinterpretation focuses on the sexual intrigues and family politics pervading the court, offering a new explanation of Anne's fall.

### The Six Wives of Henry VIII

Romantic, chaotic and terrifying, Catherine Parr's life unfolds like a romance novel. Married at seventeen to the grandson of a confirmed lunatic and widowed at twenty, Catherine chose a Yorkshire lord twice her age as her second husband. Caught up in the turbulent terrors of the Pilgrimage of Grace in 1536, she was captured by northern rebels, held hostage and suffered violence at their hands. Fleeing

to the south shortly afterward, Catherine took refuge in the household of Princess Mary and in the arms of the king's brother-in-law, Sir Thomas Seymour. Her employment in Mary's household brought her to the attention of Mary's father, the unpredictable, often-wed Henry VIII. Desperately in love with Seymour, Catherine was forced into marriage with a king whose passion for her could not be hidden and who was determined to make her his queen.

### The Rise and Fall of Anne Boleyn

Antonia Fraser's bestselling biography of Henry VIII's six wives; a subject of enduring fascination. The six wives of Henry VIII - Catherine of Aragon, Anne Boleyn, Jane Seymour, Anna of Cleves, Katherine Howard and Catherine Parr - have become defined in a popular sense not so much by their lives as by the way these lives ended. But, as Antonia Fraser conclusively proves, they were rich and feisty characters. They may have been victims of Henry's obsession with a male heir, but they were not willing victims. On the contrary, they displayed considerable strength and intelligence at a time when their sex supposedly possessed little of either.

### Catherine Parr

'A soaring account of the months that transformed a messy feudal squabble into Magna Carta...his crisp storytelling, based around short chapters and rolling rhetoric, is extremely entertaining.' Dan Jones, Mail on Sunday 'I thoroughly enjoyed this book. Good history is descriptive, narrative and analytical. This is good history.' Gerard DeGroot, The Times At Runnymede, on the banks of the River Thames, on 15 June 1215, the seal of King John was attached to the Magna Carta, and peace descended upon the land. Or that's what successive generations have believed. But is it true? And have we been persuaded (or persuaded ourselves) that the events of 15 June 1215 not only ended a civil war between the king and the barons but - as if by magic - established a British constitution beloved and copied throughout the world? Often viewed as a victory for the people over the monarchy and a cornerstone of democracy, the true significance of Magna Carta is misunderstood and misrepresented. In *Magna Carta: The True Story Behind the Charter*, David Starkey paints a vivid portrait of the years 1215-1225, ten revolutionary years of huge significance that produced not one but four charters. Peopled by colourful historical figures - John, the boy-king Henry, Pope Innocent III, Archbishop Stephen Langton, William Marshal - Starkey tells a story of treachery and idealism, politics and peace-making that is surprising and enthralling. Informative, entertaining and controversial, *Magna Carta: The True Story Behind the Charter* challenges centuries of myth-making to demonstrate how important it is we understand the true significance of that day beside the Thames, over eight hundred years ago.

### The Six Wives Of Henry VIII

The New York Times bestselling history of the legendary six wives of Henry VIII--from the acclaimed author of *Marie Antoinette*. Under Antonia Fraser's intent scrutiny, Catherine of Aragon emerges as a scholar-queen who steadfastly refused to grant a divorce to her royal husband; Anne Boleyn is absolved of everything but a sharp tongue and an inability to produce a male heir; and Catherine Parr is revealed as a religious reformer with the good sense to tack with the treacherous winds of the Tudor court. And we gain fresh understanding of Jane Seymour's circumspect wisdom, the touching dignity of Anna of Cleves, and the youthful naivete that led to Katherine Howard's fatal indiscretions. *The Wives of Henry VIII* interweaves passion and power, personality and politics, into a superb work of history.

### Magna Carta

Take a journey to a vanished world with the ADVENTURES IN TIME series - stories so exciting you won't believe they're all true 'Winter has come; and in a far distant land, a warrior queen is expecting a child...' Step through these pages into the Tudor world: a dangerous place, where one miss-step could cost your life. Through the eyes of Henry VIII's six very different queens, from a brave Spanish princess to a wise English widow, historian Dominic Sandbrook takes us on a thrilling journey through the twists and turns of a dramatic age. For no one is safe from the wheel of fortune: it can take you from a golden throne to the Tower of London... The Adventures in Time series brings the past alive for twenty-first century children. These stories are every bit as exciting as those of Harry Potter or Matilda Wormwood. The only difference is they actually happened...

### The Wives of Henry VIII

A glorious account of the life of the Spanish infanta who became Queen of England and changed the course of Tudor history.

### The Six Wives of Henry VIII

England July 1540: it is one of the hottest summers on record and the court of Henry VIII is embroiled, once again, in political scandal. Anne Cleves is out. Thomas Cromwell is to be executed and, in the countryside, an aristocratic teenager named Catherine Howard prepares to become fifth wife to the increasingly unpredictable monarch... In the five centuries since her death, Catherine Howard has been dismissed as 'a wanton', 'inconsequential' or a naive victim of her ambitious family, but the story of her rise and fall offers not only a terrifying and compelling story of an attractive, vivacious young woman thrown onto the shores of history thanks to a king's infatuation, but an intense portrait of Tudor monarchy in microcosm: how royal favour was won, granted, exercised, displayed, celebrated and, at last, betrayed and lost. The story of Catherine Howard is both a very dark fairy tale and a gripping political scandal.

### Adventures in Time: The Six Wives of Henry VIII

Seventeen-year-old Henry VIII was 'a youngling, he cares for nothing but girls and hunting.' Over the years, this didn't change much. Henry was considered a demi-god by his subjects, so each woman he chose was someone who had managed to stand out in a crowd of stunning ladies. Looking good was not enough (indeed, many of Henry's lovers were considered unattractive); she had to have something extra special to keep the king's interest. And Henry's women were every bit as intriguing as the man himself. In this book, Henry's mistresses are rescued from obscurity. The sixteenth century was a time of profound changes in religion and society across Europe – and some of Henry's lovers were at the forefront of influencing these events. Kelly Hart gives an excellent insight into the love life of our most popular king, and the twelve women who knew the man behind the mask.

### Catherine of Aragon

Young and Damned and Fair
